THE JUBILEE BOOK.

The Jubilee Book, containing a complete record of the celebration of the 250th anniversary of the founding of the town of Norwich, with complete illustrations, containing about 100,000 words and 50 pages of portraits and scenes of decorated streets and sections of the parade, etc.

THE ELM SHORT LIVED.

We do not think of the American elm as a short-lived tree, but those who have closely studied them say that the average life of an elm is 150 years, to 1,000 years and more for the oak, and 2,500 to 3,000 for the big cedars on the Pacific slope.

EDITORIAL NOTES.

The hammer that weighs 90,000 pounds must strike a crushing blow. It is not a political hammer. New Hampshire has been showing ripe strawberries this month, and Texas has had an October snow storm.

THE FIRST AEROPLANE.

We are right on the verge of an era of firsts. It appears to be a more distinctive thing to be the owner of the first flying machine in a city than to have been the owner of the first automobile.

AN ATTRACTIVE COUNTRY.

It is reported that when the British battleships sailed away from New York after the Hudson-Fulton celebration that they left 200 British tars behind who found New York so attractive that they could not break away.

THE HIGH PRICE OF FISH.

The fish market like the meat market is fast becoming the place of high priced food—the day of cheap provisions appears to have passed away.

OUR NEIGHBOR.

Our neighbor would be of great advantage to the border farmer. The aeroplane landing designed for the latest New York hotel shows that the scuttle must make way for a respectable entrance on the roof.

MUSIC AND DRAMA.

"The Barrier," a dramatization of Rex Beach's novel, by Eugene Presbury, made an emphatic hit in Rochester. Miss Fannie Ward will begin her tour this season in a new play by Forest Halsey and Leo Arthur, entitled "Van Allen's Wife," in Rochester, N. Y., in November.

WHY.

The mother's eyes gleamed with admiration as they took in the picture. "Yes," she murmured, "it is perfect. Madam Lefray has certainly surpassed herself. Constance, my dear, you will be the beauty."

THE RISKS OF LABOR.

When we see the workmen with their dinner pails on the way to their daily employment, we do not think of the perils that they have to face to get a lean living—that on every working day in this country over 100 lives are lost.

prices at the wharf are swordfish and mackerel. During the past twenty-four hours 715 barrels of large and fresh mackerel have been brought from Nova Scotia. The steamer Prince Arthur arrived this morning with 378 barrels and yesterday the Halifax brought 499 barrels.

THE BEST REMEDY

For Women—Lydia E. Pinkham's Vegetable Compound

Noah, Ky. — "I was passing through the Change of Life and suffered from headaches, nervous prostration, and hemorrhages."

"Lydia E. Pinkham's Vegetable Compound made me well and strong, so that I can do all my housework, and attend to the store and post-office, and feel much younger than I really am."

"Lydia E. Pinkham's Vegetable Compound is the most successful remedy for all kinds of female troubles, and I feel that I can never praise it enough."

Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

For 30 years it has been curing women from the worst forms of female ills—inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, and nervous prostration.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

Do not confound this with a cheap, bargain sale. Every article is brand new and fully guaranteed.

We have got to move, and this fact—and this fact only—is the reason for these sacrifice prices.
