This they did with a vim and vigor both for George and every other number on the bill, making the afternoon go with a rush and inclining every performer to his best efforts so that the hour was a top-notch for enthusiasm.

Keep Warm

THE RIGHT WAY This Winter

THE WRONG WAY to keep warm is to shut yourself up in the house, excluding all fresh air, "hugging the fire" and endeavoring to go out of doors and muffled yourself up so when you do go out that you can hardly move. These practices increase your susceptibility to cold and make it easy for you to contract cold weather ills.

THE RIGHT WAY to keep warm is to have your blood in good condition—begin NOW to get it in good condition. Nothing else will keep you so warm, healthy and vigorous as will plenty of rich, pure blood. Your blood nourishes every part of your body, rebuilds worn out tissues, and upon its condition your health depends.

You won't mind the winter if you have good blood and plenty of it. SMITH'S EMULSION WITH HYPOPHOSPHITES will give you all the pure, rich blood you want. Try it.

Handceman James Gordon's Story

Had Been Offered \$25 but Refused it and would Not Leave Town—Defense Rests in Copper Wire Case—May Reach Arguments Today.

At the opening of the criminal court Wednesday morning the copper wire case was resumed, and a number of witnesses were examined during the day. The defense has completed testimony and a few witnesses in rebuttal were called. It is expected that nearly the entire day will be taken up with rebuttal today, but it is probable that the arguments will be reached late in the afternoon.

The cross examination of Moses Goldfaden was continued at the opening of court. He said that when Mrs. Gertz said her husband was arrested for the theft of wire and that she wanted them to go bond, he supposed it was for the wire stolen in March, 1907, although it was not until August, 1908, that he was arrested. He had heard of no other wire being stolen. His examination lasted for some time.

James Plator of Westery, a junk dealer, told of seeing Garret Fox with Goldfaden in Westery March 20, 1907, and showed a check for \$10 which he received for the wire stolen by Fox. Hannah Goldfaden testified that she never saw Gertz at her father's house. She had heard Handelman say would not more than five feet from Goldfaden. Jacob Gordon said Mrs. Gertz had asked him to go bonds for her husband. He was in no way connected with the case and jury testimony. Jailer J. A. Bowen testified that Gertz was in jail from July 6 to July 22. Mrs. Joseph Gordon said she never saw Gertz in this city. Harriet Jacobson told of threats he had heard against the accused, and H. S. Goldfaden told of the cost and jury testimony. This completed the testimony for the defense, which rested at 2:45 o'clock.

Rebuttal Testimony.

As the first witness in rebuttal State Attorney Hall called on Mrs. M. H. McQuibb, manager of the Putnam telephone exchange, who testified of the Norwich Junk and Bbble company were sent two messages, one on March 19, 1907, and another on the 21st of the same month. The latter one, the state attorney said, was the one the firm claimed their books showed as having been sent to the Norwich State Hospital.

Detective R. T. Milg of the New Haven road told of seeing Charles M. Handelman in his store, where they had such a heated argument that he had to ask them to leave. He said Handelman told him that he had not got through with him and before he did he would land him in jail. Philip Sheboak said that he heard Handelman say to Goldfaden in the Jacobson bakery that he would see him in hell before he got through with him.

Louis Trachtenberg testified that he asked Handelman if he was trying to bury the accused and he replied: "No more than they did to my father." This completed the testimony for the defense, which rested at 2:45 o'clock.

CHelsea BOAT CLUB HAS ANNUAL MEETING.

Commodore Cary and Other Officers Re-elected—Largest Membership It Ever Had.

The annual meeting of the Chelsea Boat club, held at the boat house on Wednesday evening, was an enthusiastic affair, the largest membership in its history. The club reported a successful season just passed. Preceding the meeting coffee, doughnuts and cigars were served, and the evening was spent in the toothsome menu while music was rendered by the orchestra. The tables were spread in the boat room which was decorated with strings of electric lights, and Junior Geary also had lights strung along the entrance way from West Main street.

At 7:30 the business meeting was called to order in the parlor by Commodore Cary, Secretary J. J. Ralph Howe's report showed 12 new members in the year, eight withdrawn and two deaths, leaving the club with a membership of 117, the largest in its history. Treasurer Walter M. Buckingham showed a satisfactory financial condition in his annual report. Commodore Cary commented with satisfaction on the fact that \$100 worth of the club's bonds had been paid off and commended the work done by the club's committee in the anniversary celebration, when \$28 was spent in boat and other details. Both reports were well received and accepted.

W. Tyler Olcott, Walter M. Buckingham and Herbert B. Cary, whose names are on the list of governors expired, were all unanimously re-elected. Commodore Cary was also unanimously re-elected. He expressed his appreciation of the chairman of the different committees and especially to the Chelsea lodge committee, which had done so much to make the season enjoyable. Charles D. Foster and Carl W. Brown were elected auditors for the year.

The report of the district nurse was received and showed that over 3,000 calls had been made in the past year, in attendance upon poor cases through the United Workmen's hospital, in cases where the patients are able to pay something but not able to have a nurse constantly. Mrs. E. E. Astum reported completed in this line of work and the report proved most satisfactory. The pay received is used in meeting the expense in getting to the patients.

Handelman Tells His Story.

David J. Handelman was called and asked about the statement by Charles Gordon that he had met Handelman in Westery car bound to Norwich in the evening of Aug. 23 and the conversation they had. The witness denied meeting Charles Gordon in any Westery car bound to Norwich. He denied that he ever had such a conversation there with Gordon about leaving the state or helping them out for money.

He declared that he had had a talk with Gordon about his testimony, but did not meet him in Westery car. He met Gordon in North Cove street while riding with Morris Sussman. Getting out at Sussman's yard and returning to the conversation the Saturday Gordon to North Thames street. He declared, asked him if he would like to help him out. He told him he didn't see how he could, as his testimony had been taken. Gordon told him he could if he wanted to and suggested that he come back after the trial. Handelman said he would do it if it would do no good. Handelman told him the wedding of their brother. He declared that he had a conversation with Gordon and Gross in the hallway last week. Gordon asked him if he had made up his mind about the conversation the Saturday previous. Handelman said he had not changed his mind. Gross said: "If you had help them any, Handelman, help them."

On cross examination he told Attorney Shields that he had been to Westery in August on Aug. 2 and the 20th or 21st. The first time he bought carriages of Mr. Stillman and the second was to attend an auction. The first time he came back early in the afternoon and the second time, when a Norwich man was with him, he came back at 6:15 from Westery. He never came back after that. The carriages were delivered to him about Aug. 10, at Hewitt's in North Street.

At this point court suspended for the day until 10 o'clock this morning.

HAPPY RESULTS

Have Made Many Norwich Residents Enthusiastic.

No wonder scores of Norwich citizens grow enthusiastic. It is enough to make anyone happy to find relief after years of suffering. Public statements like the following are but truthful representations of the daily work done in Norwich by Doan's Kidney Pills.

Miss Amy M. Wilcox, 28 McKinley Avenue, Norwich, Conn., says: "Doan's Kidney Pills are entitled to my strongest recommendation. Off and on for some time I was annoyed to quite an extent by a dull, heavy ache across my loins and kidneys. Those who have had similar experiences will realize how much misery and inconvenience this complaint will cause. A friend, knowing how I was troubled, recommended Doan's Kidney Pills and I procured them from N. D. Sevin & Son's drug store. They proved effective from the first, and it was only a short time after commencing their use that I was completely relieved."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Do You Mean Business?

If you want substantial results in a business education, and if you really desire to prepare to fill a good position, here is a school which can help you to attain your ambition. But if you are looking for something cheap, or if you are attracted by exaggerated statements, then this is not the school. Anybody who investigates will be convinced beyond the least doubt that Norwich Business College graduates all do well, and that Mr. Canfield himself takes a lasting interest in every pupil. If this is not so why are all our graduates now in positions and why do business men continue to call upon us whenever an office worker is needed? We have already sent every student who finished our course this last term to positions, and some have had their choice of from one to two situations. We have even placed the office force to satisfy the demand made upon us. Don't this speak volumes? Yes, if you obtain business then your road leads to the NORWICH BUSINESS COLLEGE.

Do It Now

Have that old-fashioned, unsanitary plumbing replaced by new and modern open plumbing. It will repay you in the increase of health and saving of doctor's bills. Overhauling and refitting thoroughly done. Let me give you a figure for replacing all the old plumbing with the modern kind that will keep out the sewer gas. The work will be first-class and the price reasonable.
