# Painful Dyspepsia

A Form of Indigestion Caused by Gastric Irritation from Undigested Food in the Stomach

No kind of dyspepsia is better marked than that known as "painful indigestion," and it is also a very common affection. Pain, generally of a dull character, is felt after meals, and along with the pain, soreness at the pit of the stomach often exists, and in some cases the soreness is permanent. The tenderness is commonly restricted to a spot in the middle line of the body, immediately below the breast-bone.

It often extends upward under the bone, which consequently feels sore on pressure, or the tenderness is felt toward either side. This tenderness is commonly associated with an unpleasant feeling of heat—a burning sensation—as if it were caused by some persons. There is also a "gnawing" and "dragging," as well as various other anomalous sensations complained of after taking food, and generally within an hour after eating.

As might be supposed the intensity of the symptom is proportionate to the quantity and quality of the meal. When the stomach is empty a sensation of craving or emptiness gives most trouble. This often causes a false appetite which, by inducing the person to eat, only aggravates the sufferings. Thirst generally causes much annoyance; heartburn, water-brash, acidity, nausea, and headache are not infrequently attendant. The tongue is usually coated and from a mere inspection of this organ the condition of the stomach can often be correctly told.

It is a common error with persons who suffer from stomach pain caused by indigestion and gastric irritation, to use such drugs as chlorodyne, Hoffman's Anodyne, and other "pain killers" for its relief. Such treatment is a great mistake. While these drugs afford temporary relief to the dyspeptic pain, they have no effect whatever in removing the cause.

STUART'S DYSPEPTIC TABLETS remove the cause. By completely digesting all the food in the stomach, there is no further possibility of the occurrence of this disagreeable form of dyspepsia with its painful manifestations, and other concurrent symptoms. All the irritation of the stomach, lining and stomach-nerves as, the result of the undigested food lying in that organ and undergoing fermentation and decomposition, is quickly done away with.

But not only is the form of dyspepsia which is accompanied by pain cured through the use of these digestion tablets, but also every other form of indigestion, as there are many kinds in which stomach pain does not occur, but where there are many symptoms equally disagreeable, disconcerting, disconcerting and discouraging.

Stuart's Dyspeptic Tablets contain, in a highly concentrated form, powerful anti-dyspeptic ingredients, which digest rapidly and thoroughly food of every kind, including proteids, nitrates, carbo-hydrates, etc. A single grain will disintegrate and digest 3,000 grains of food.

Purchase a box from your druggist at once (price 50 cents), and get rid of the pain, discomfort and other disagreeable symptoms of dyspepsia. Also send us your name and address for free sample package. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

# LEGAL CLASH IN U. S. CIRCUIT COURT

Lawyers Lock Horns Over Introduction of Alleged Conspiracy Evidence in Suit Against the Hatters' Union

Hartford, Oct. 14.—A legal clash over the introduction of alleged conspiracy evidence subsequent to the bringing of the suit of D. E. Loewe vs. Martin Lawlor and 250 members of the Hatters' union, in which damages of \$250,000 are asked, brought the day's proceedings in the United States circuit court to a close. While the points were being argued by the five lawyers the jury was excused. Attorney Davenport, for the plaintiffs raised the question for the purpose of determining whether at this stage of the proceedings the court would allow testimony relative to the acts of the defendants since August, 1902, to show conspiracy and combination. The court rules that conspiracy prior to the bringing of the suit must first be shown, and he deferred ruling on the subsequent alleged acts until a more appropriate period of the trial. Secretary Lathrop of the Bethel union was on the stand when the lawyers locked horns. He was being questioned about the payment of dues and the union, when Attorney Taylor for the defense objected, claiming that

the testimony was irrelevant on the ground that what had occurred since the bringing of the suit was not admissible. In defence of his claim Attorney Davenport recited the doings at the convention of the American Federation of Labor in Denver, when resolutions were passed pledging the moral and financial support of that organization to the defendants, in the pending litigation. This, he claimed, showed the continuance of conspiracy. The statements of John Moffett in the convention were also cited in support of the same claim.

## THE NEW RENT LAW.

It Does Not Exempt Wages from Attachment.

The new law relating to attachments for debt for rent owed does not exempt wages from attachment as was formerly the case. Under the old plan the landlord could do nothing but wait until a tenant who failed to pay his rent and was obliged to whistle for his money if the occupant of his house was dishonest and had no attachable property.

The law, as changed by the recent session of the general assembly, reads as follows:

"So much of any debt as has accrued by reason of the personal services of the defendant as shall not exceed \$25, including wages due for the personal services of any minor child, shall be exempted and not liable to be taken by foreign attachment or execution; but there shall be no exemption of any debt accrued by reason of the personal services of the defendant against a claim for the defendant's personal board, or for the rental of any house or tenement occupied by the defendant as a place of residence when such rental shall not exceed the sum of \$25, provided, that in any action founded upon such claim, the complaint shall set forth only the true cause of action, and the amount due thereunder, so that the garnishee may be informed from the allegations of the complaint, of the real nature of the demand. All benefits allowed by an association of persons in this state which the support of any of its members incapacitated by sickness or infirmity from attending to his usual business shall also be exempted and not liable to be taken by foreign attachment or execution; and all moneys due the debtor from any insurance company upon policies issued for insurances upon property, either real or personal, which is exempt from attachment and execution, shall in like manner be exempted to the same extent as to the property so insured."

The succeeding sections repeal chapter 95 of the public acts of 1903 as amended by chapter 195 of the public acts of 1905.

## BIG FREIGHT BUSINESS.

At Waterbury—Postoffice Business Increased.

With most of the factories of Waterbury enjoying better times than for years and with many of them working nights, it is not strange that the New Haven road is reaping immense benefits in the freight department and makes a new record each succeeding week. The postoffice, an increase of business is also reported, as is testified by the monthly and quarterly reports of Postmaster James H. Pilling, which were issued Tuesday. The record of 1,711 despatched cars of freight which was made here for the week ending October 2, was bettered by thirty-four cars for the week ending October 9. During the same week 1,530 cars were received, making a total of 3,275 handled here.

## PHYSICIANS FOR POOR.

Town Meeting at Rockville Makes Quarterly Appointments.

At the recent annual town meeting at Rockville, the town voted that the selectmen engage local physicians to attend the poor of the town at a cost not to exceed \$400 a year. This action was taken as the past year the town paid \$1,200 for medical attendance for the poor. The physicians of the town, eight, with the exception of Dr. F. Gilneck, at the request of the selectmen, met the selectmen at their office Monday evening. It was arranged that all of the physicians should have a part of the work, two to be called on each quarter, as follows: First quarter, Drs. Rockwell and O'Leahilly; second quarter, Drs. Bean and Dickinson; third quarter, Drs. Flint and Walsh; fourth quarter, Drs. Flaherty and Tillotson. The total cost for the year will be \$600.

## HALF-MILLION.

Trinity College Must Raise That Amount or Forfeit \$164,900 Now Promised.

With Trinity's collegiate year well under way and the largest enrollment in its history, Prof. John J. McCook is again resuming the raising of the permanent endowment fund. The subscription was started last year in November by the Rev. Francis Goodwin and J. J. Goodwin, who gave \$25,000 each. A friend, whose name is withheld, gave \$100,000, on condition of \$500,000 being raised; W. G. Maher of Cleveland, O., \$50,000; George D. Howell, \$50,000; William P. Clyde, \$25,000; W. G. Boardman, \$10,000; Dr. Henry Ferguson, \$5,000; Rev. J. T. Huntington, \$5,000. Smaller subscriptions amount to \$61,710. This makes a sum total of \$356,710 subscribed. Of this sum over \$133,000 has already been paid, while \$164,900 is given on condition that \$500,000 be raised. Unless \$149,200 is contributed, Trinity college forfeits \$164,900, promised conditionally.

## CAPTAIN FOX RESIGNS

To Leave New Haven Grays Because of Business Pressure.

At the monthly meeting of Company F, the New Haven Grays, Capt. Edward Fox Wednesday night announced that having served fifteen years in the company it was his intention of sending in his request to the adjutant general's office at Hartford to be placed on the retired list at the end of his present term. When asked for the reason for his desire to retire Captain Fox stated that increased business interests necessitated his giving up his active military work.

# "Way Down South in the Land of Cotton"

If you could see cotton growing in the field in all its purity—could see the processes by which the cotton seed oil is extracted and refined—could know the ingenuity involved in rendering the oil odorless and neutral in taste—could be made to realize that from Cottonfield to Kitchen human hands never touch the oil from which Cottolene is made—you would appreciate why Cottolene is so much purer and more healthful than lard ever could be.

Cottolene is a cleanly, wholesome product—just as pure as olive oil—and makes food palatable, digestible and healthful. Lard-cooked food is bound to cause indigestion sooner or later, unless you have the stomach of an ostrich. For all shortening and frying purposes, Cottolene is without an equal.

**COTTOLENE is Guaranteed** Your grocer is hereby authorized to refund your money in case you are not pleased, after having given Cottolene a fair test.

**Never Sold in Bulk** Cottolene is packed in pails with an air-tight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.
