## KING'S DAUGHTERS CONVENTION

### Two Days' Session Held at New Haven—Reports and Election of Officers—Many Present from Norwich.

The fourteenth annual convention of the Connecticut branch of The King's Daughters and Sons met at the Methodist church, New Haven, Wednesday afternoon, Mrs. Isaiah W. Sneath, state secretary, in the chair. Four hundred and twenty-five delegates have been registered. There were also present Miss Georgia H. Libby, first vice president; Miss Clara Morehouse, international corresponding secretary; Mrs. A. H. Evans, recording secretary of the international order; also Miss Alice B. Garnet, state secretary of Pennsylvania, and Mrs. B. Raymond, state secretary of Rhode Island. Sixteen new circles have been added during the year in this state. A beautiful feature of the session was the election of a circle of King's Sons coming from the East Peabody street M. E. church of New Haven.

The address of welcome was extended to the body by Rev. Thomas B. Powell, assistant pastor of Plymouth church.

Greetings from more than a dozen different state secretaries were received at the conference. The organization has been entertained by the New Haven circles. Mrs. J. A. Harvey is chairman of the hospital committee and Mrs. W. S. Bishop of the supper committee.

An interesting reception was given Wednesday evening before the supper. After listening to resolutions the convention adjourned with a memorial and consecration service conducted by Miss Libby.

At the afternoon session Wednesday, two committees were appointed as follows: Committee on credentials, Mrs. F. A. Kirby of New Haven; Mrs. E. R. Slater of New Haven; Mrs. Wellington Russell of Orange; committee on resolutions, Mrs. H. F. Palmer, Norwich; Mrs. Isabel Hamilton of Hadlyme, and Mrs. John H. Belden of Hartford.

The annual report of State Secretary Mrs. Isaiah W. Sneath of Connecticut branch of the King's Daughters and Sons, was heard with interest.

Reports of the work during the year were given Wednesday by Mrs. M. Behrens, secretary of Middlesex county; Mrs. C. A. Ellwell, secretary of Fairfield county, and Thursday morning by Miss Lucy Geer, secretary of New London, Windham and Tolland counties; Mrs. Ica E. Forbes, secretary of Hartford and Litchfield counties, and Mrs. S. Lloyd Salisbury, the secretary of New Haven county.

At Thursday's morning session the following officers were nominated and chosen for the coming year: State Secretary—Mrs. Isaiah W. Sneath, New Haven.

Recording Secretary—Miss Eva L. Hudson, New London.

Treasurer—Miss Harriet I. Eaton, Hartford.

Executive Committee—Mrs. Leslie E. Blackmer, Thomaston; Miss Ellen J. Whiton, Waterbury; Mrs. Orville Rector, Bridgeport.

The following amendments, suggested by the executive board, were voted upon and adopted:

Article VI. Officers. Amend section

1 to read: The officers of the state branch shall be a state secretary, a recording secretary, a treasurer. There shall be an executive committee and a state council member; these officers, together with the executive committee, the council member and the county secretaries shall form an executive board. The chairman of the Silver Cross chapter shall also be a member of the board.

Section 2. Amend by the addition of the following: The state council member shall be elected every two years.

Article VIII. Nomination and election of officers. Amend this by the addition of these words: and council member.

Section 1. Amend by changing the word "committee" to "board."

Section 2. Amend by leaving out the words "of the voting delegates."

Section 3 to read: In accordance with the constitution of the order this branch (having three hundred and fifty registered members in its jurisdiction) shall elect every alternate year at its regular convention a member of the central council to serve two years; the nominee to be presented by a committee of three from the executive board, a majority board being necessary for election.

Article X. "County secretaries" changed to "appointments."

Section 2. Amend to read: The chairman of the Silver Cross chapter shall be appointed by the state secretary.

By-laws: Article II. "Duties of committees" changed to read "executive board and committees."

Section 2. Change the word "committee" to "board," also the same change in section 3, and to make this change in all other places where necessary throughout the constitution and by-laws.

An address by Miss Morehouse on Home Study of Our Order and a Noon Tide Prayer service were special features of the morning session.

The decorations at the church were very handsome and the session proved of decided interest. There were about 500 served with dinner Wednesday and about the same number Thursday, the rooms being handsomely decorated in palms and dahlias.

There were many fine addresses and much interest in the doings of the convention. In her report for the three counties Miss Geer of this city told of the work done during the year by the circles in New London, Windham and Tolland counties. Two new circles have been formed in this county during the year. The musical portion of the convention pleased especially the solo by Rev. George Sneath and Miss Daisy Pierce.

Those present from Norwich were Mrs. George Carter, Mrs. William H. Dawley, Mrs. H. F. Palmer, Mrs. J. H. Allen, Miss Hattie Carter, Mrs. Arthur Blackledge, Mrs. Antonia Nelson, Mrs. Jane Kinney, Mrs. Frank Rogers, Mrs. J. W. Newton, Mrs. Lillian B. Young, Miss Sadie Dalton, Mrs. Clarence Brown, Miss Maud Allen, Mrs. James Burdick, Mrs. A. T. Utley and Miss Lucy Geer.

## Orrine Does Cure DRUNKENNESS

This is a positive fact known to tens of thousands of wives and mothers of this land. Orrine is a reliable remedy for the cure of drunkenness because it has restored their loved ones to lives of sobriety and usefulness. Every one of these women bought Orrine with full confidence that it would effect a cure or their money would be refunded to them if it failed. This guarantee has been the cause of the success of Orrine, your liquor habit cure, and the treatment was taken faithfully. This was two years ago, and the patient is now in a healthy condition and still abstains from the use of stimulants. I have sold Orrine for a number of years and have always found it to be satisfactory. I believe you have an exceptionally good treatment for this disease.

Orrine is prepared in two forms. No. 1, a powder, absolutely tasteless and odorless, given secretly in food or drink. Orrine No. 2, an pill form, is for those who wish to cure themselves. Orrine costs only \$1 a box. The guarantee is in each box. Write for free envelope to Orrine Co., 547 Orange Building, Washington, D. C. Orrine is for sale in this city by N. D. Savin & Son.

The name Orrine is a reliable and efficacious remedy for drunkenness and they will not offer you a substitute.

### UNITED WORKERS' DONATIONS MUST BE INCREASED.

Necessary in Order to Keep City Mission Work at Present Standard.

The associate committee of the City Mission, Waterman R. Burnham, Rev. J. Eldred Brown, Oliver L. Johnson and Francis J. Leavens, with City Missionary A. Northrop, have issued the following statement relative to that department of the United Workers:

During the past five years, the United Workers' organization, because of insufficient income, has been obliged to draw upon its invested funds, some of which are unrestrictive in order to meet its pressing expenses and make needed improvements. Funds to the amount of \$16,500 have been thus drawn.

The yearly average receipts for the past five years have been \$13,500. The average yearly disbursements for the same period have been \$17,500. This difference not having been given by friends, has been taken out of the fund. This practice is perilous and ought not to be continued. The only proper remedy for the situation is to increase the amount of income. This can be effected and board and sales is somewhat fixed. Increased income, therefore, must come from donations. Present donations average about \$4,500 per year. The amount should be doubled. This department, it will be remembered, was taken over from the old Norwich City Mission in 1898; and the men of the association promise their good will and financial help on condition that the United Workers should assume the management. It was the implied understanding that the men would be their best and most reliable supporters in this department, not only because they were the cause of its existence, but because its work is of a more public kind and touches so many interests of the city's life.

Would it be considered an unfair arrangement if the men of Norwich should assume the same responsibility today and take upon themselves the entire support of the City Mission? The Mission will need this year, at the lowest estimate, from \$4,000 to \$5,000, aside from salaries.

Since the union, a common appeal has been made yearly for a common treasury, mostly without personal solicitation, and the results are so far as increased donations are concerned. It is thought that a recurrence to the practice of the old City Mission in employing a collector, may serve to acquaint the public better with the real needs.

It is with this hope in mind that the committee, acting under instructions from the City Mission committee, send out this circular, to be followed soon thereafter, by the visit of a collector in the person of Francis E. Dore, who is hereby authorized to solicit and receive subscriptions.

### Intercity Duckpins Begin Tonight.

A picked team from the Rose alleys goes to New London tonight for the first match of an intercity series. The Norwich rollers will be McClafferty, Hill, Sturtevant, Murry and Harris. They will have to meet a five made up from Coffin, Waters, Broadshaw, Moran, Bush or Dalton, the games being rolled on the M. C. A. alleys.

Thursday night at the Rose alleys Bill McClafferty copied the high single for the day with a nice string of 124, which beat out a single of 121, which looked good earlier in the evening when made by Stephens in the Academy-Mohican match.

Expert harbor engineers from Colburn are at work in Zandibar harbor making soundings and surveys as preliminaries for contemplated improvements. The results of this work will determine the nature of the improvements whether a large breakwater or a number of smaller landing piers will be built.

### Limiting Automobiles.

Williamstown, Mass., has closed 12 roads in that town against automobiles and motorcycles, the result of a petition by the town authorities to the state highway commissioners. This indicates an important change in dealing with these popular but dreaded vehicles. The ultimate logical conclusion is the confinement of automobiles to a few roads and streets and the relief of horse vehicles and pedestrians from the apprehension they are now under everywhere. It is a question how far this extreme can be attained practically. But it serves as another warning to the owners and drivers of these street locomotives to be more careful and considerate lest they be confined within narrow limits.—Waterbury American.
