MORE CONVERTS AT REVIVAL

Over Fifty Testified that Conversions Had Resulted from Their Prayers—Evangelists to be Paid by Free Will Offering.

Another large congregation filled the Central Baptist church Thursday evening in the series of meetings in the union evangelistic campaign which comes to a close here Monday evening. The big chorus choir was present in its usual large numbers, leading in the hymns for the opening song service in splendid spirit, as conducted by Mr. Spooner.

Offerings for Dr. Stough. Dr. L. L. West, chairman of the executive committee, impressively addressed the congregation in the opening minutes of the service in explaining how Dr. Stough was to be paid for his labors here in the evangelistic campaign. This, he said, was entirely through free will offerings, as the evangelist had no contract with the local committee which provided for any monetary remuneration. Bearing testimony to the incalculable worth of his services to the city, Dr. West stated that he had never seen a man who labored so indefatigably and gave himself to the work to the last ounce of his nervous power. No money could begin to pay for the spiritual vision, the uplift and the apprehension of spiritual life, which had come through the visit of Dr. Stough to Norwich, and Dr. West himself was anxious for the honor of the city that the gift should be a worthy one and show in some sense what the people owed to him. He urged that the small giving as well as the large should all use the special envelopes for this purpose, which were to be distributed at the

Chronic Insomnia And Indigestion

The One Is Almost Always Associated With and Caused by the Other.

Sleep has been fittingly called "fired nature's sweet restorer." It is a condition in which the involuntary functions such as nutrition, circulation, respiration, etc., go on as usual, while the voluntary powers are in repose, and the system undergoes needed repairs. No one has ever been known to live longer than three weeks without sleep. It is as necessary in physical economy as food and drink.

Insomnia or chronic sleeplessness is a symptom with which nearly every sufferer from dyspepsia is annoyed, either constantly or at frequent and irregular intervals. This inability to sleep normally is a very prominent manifestation of indigestion, and exhibits itself in different forms. In some cases sleep may come at its accustomed time, but it does not bring repose, and the person awakens entirely too soon, and is unable to fall asleep again. In others, the victim lies awake practically all night, tossing and rolling, and finally drops into a troubled and unrefreshing slumber at daybreak. Still others, though they may apparently sleep soundly, are annoyed with the incubus, or nightmare, with its horrors of overwhelming waves, falls from precipitous heights and attacks by infuriated and implacable monsters.

All of these distressing symptoms are traceable to an irritated and feeble stomach, and the same is true of grinding the teeth, and twitching and jerking of the muscles during sleep.

Insomnia is rarely a disease by itself, but is nearly always a symptom of another disease, such as dyspepsia, and in treating this complaint many persons in their efforts to "woo the god of sleep" resort to the use of such hypnotics, sedatives, soporifics and narcotic as the bromides, chloral hydrate, Dover powders and even morphine.

No greater mistake than this could well be made, and the reckless use of such drugs has caused many a sudden death, while in other cases, even moderate use, has set up an incurable drug-using habit among those who resorted to the use of "sleeping powders."

To cure insomnia or sleeplessness the object should be to remove the cause, and as dyspepsia is the underlying cause in a large percentage of cases, no better or safer remedy can be employed than STUART'S DYSPEPSIA TABLETS. By digesting every particle of food in the stomach, the active and exciting cause of insomnia is cut short at its source and removed.

These tablets contain only wholesome ingredients, and there is no danger of falling into drug-using habits from their use. Every sufferer from insomnia should avoid the egregious error of using hypnotic drugs, as they never cure the trouble, but only make matters worse in the end.

Begin taking Stuart's Dyspepsia Tablets at once using one or two after each meal and the same number at bed time. It is also well to have a box of these powerful digestives close at hand during the night, so that in case you are troubled with dyspeptic insomnia, uneasiness in the stomach, or any other symptom of indigestion, quick relief may be obtained.

Purchase a package from your druggist at once for 50 cents, and get rid of your insomnia and indigestion. Send your name and address for sample packages. Address F. A. Stuart Co., 150 Stuart Building, Marshall, Mich.

close of the service. A burst of applause greeted Dr. West's appeal. Mr. Herring was heard in the beautifully rendered solo. Almost unanimously, after which Dr. Stough gave the following notices: Friday afternoon in Central Baptist church, the last evening of the series of meetings, will be held at 7:30 p. m. Dr. Stough will speak upon "Stubble or Silver, an address of great importance; cornet solo by Rev. F. O. Cunningham; in the evening, special services for the converts, address by Dr. Stough upon "How to Make a Success of the Christian Life; Sunday afternoon, men's mass meeting in Broadway theater, topic, "Dearly beloved, meet me in the churches in the evening; Monday evening, the final farewell meeting.

Ten Requests for Prayer. Dr. Stough then offered prayer after he had read ten requests that had come in, and then requested a Bible reading from the 14th chapter of Acts, in which he read and commented upon in a particularly illuminating way the story of Paul and Silas put into prison, who, after their conversion, praised to God till the Lord heard their prayers and released them with an earthquake. This brought the inquiry from the terrified jailer, "What shall I do to be saved?" and Paul's answer, "Believe on the Lord Jesus Christ."

Dr. Stough emphasized three points in his belief: First, to believe that Jesus is able to save you, and is the only one to whom you can entrust the destinies of your immortal soul; and, third, to believe that He will forgive you. His forgiveness is waiting and the only reason that he has not forgiven you long ago is that you have never asked him. He will forgive and help you until death.

In a short after-meeting following the sermon there were a number who responded to the invitation to profess Christ, more than fifty testified to answers to prayers received during this revival in the conversion of friends, and many more stood to indicate that they were living different lives through the influence of these revival meetings.

Afternoon Meeting. The afternoon meeting on Thursday was held at the Second Congregational church and of special character, which was the title designated for Thursday, and its observance was to be carried out in forgetfulness of self and remembrance of others by doing something that would make some other life happier and holier.

There was a large congregation at the church, which was led in a cheerful song service by Mr. Spooner, and prayer was offered by Rev. C. H. Ricketta. A cornet solo, "God Will Take Care of You," was rendered with tender expression by Rev. Mr. Cunningham. After the notices had been given Mr. Herring gave the baritone solo "Love Found a Way," which he sang in splendid voice.

Dr. Stough read for the scripture lesson Psalm 103, one of praise and rejoicing appropriate to the day, and from it he drew the lesson that when praise is coming from our hearts and radiating from our souls everything begins to praise God as we exalt his name. As an illustration he told the affecting story of a man who had suffered almost complete ossification, but even then could find reason to thank God that he had one thumb and one leg that could move while all the rest of his body was rigid.

After the sermon Mr. Spooner led the congregation in singing "There is Sunshine in My Soul," and Dr. Stough gave them opportunity to participate in the service by telling of things for which they were thankful in connection with the revival meetings. There were many who took part.

During the meeting prayers were asked for Rev. D. W. Cannon of Mt. Calvary Baptist church, who had been taken that morning to the city hospital because he had suddenly gone violently insane.

Gifts and Pledges. The gifts and pledges received at the Central Baptist church on Wednesday evening at the suggestion of the evangelistic campaign for the celebration of the day of rejoicing were many and valuable, and, according to desire have been taken charge of by the United Workers, to be distributed by them.

For two or more hours Thursday morning a company of volunteer ladies were busy classifying and removing the gifts to the United Workers' house, where they will be distributed as need arises. Indeed, many homes have already been made glad by the receipt of these kindly sympathies. An inventory of things received and promised is as follows: 114 packages (all of them containing more than one garment); shoes, 20 pairs; fruit and vegetables, 101 packages; tea, coffee, 8; rice, 38; leaves, cereals, 24 boxes; sugar, 25 packages (ranging from one to twenty pounds each); soap, 26 cakes; crackers and cookies, 19 lots; baskets of grapes, 16; beans, 12; dry groceries, 8; rice, 9; flour, 2; cake, raisins and celery, 2; salt, 1 pound; one pie; one pound butter; one dozen eggs; one bushel of potatoes; one box of condensed milk; one ton of kindling wood bundle; two packages of literature.

In canned goods there were in number of packages of vegetables 60; jellies 48; fruit 40; condensed milk 6; meat and cocoa 5; each malted milk 1. Besides all this there were \$12.05 in cash received.

So far as can be judged there were about seven hundred people directly concerned in these gifts and more than two hundred families are sure to receive something from this generous store.

The thanks of the United Workers are due to the managers of the campaign for the suggestion of such a day of practical doing of good and to the

CAN YOU AFFORD IT? To neglect a cold, bronchitis, lung trouble or Consumption is dangerous. We all know how prone people are to deny their ailments. Consumption is a baffling disease and the sufferer is filled with bright hopes of recovery, only to find that he has but his own dead name—and then—take Eckman's Alternative, because it is effective in Tuberculosis. There is no need doubt about it—there is plenty of evidence from live witnesses. Investigate the following:

Amenia, N. Y., July 9, 1909. Gentlemen: Prior to Feb. 1908, I was located in Rochester, N. Y., suffering with LaGrippe, which developed into Tuberculosis. My physician gave me one month to live. I was having terrible night sweats and mid-day chills and losing flesh rapidly, having gone from 150 to 115 pounds. I was coughing and raising continually and became so weak that walking a few feet exhausted me. On my return home my regular physician gave me little encouragement. My father, who is a clergyman, gave me Eckman's Alternative and induced me to take it. The night sweats and chills disappeared, my cough became easier and gradually diminished and in a few days I developed an appetite, the first in months. I am now in perfect health, back to 150 pounds. I feel certain that I owe my life to Eckman's Alternative. (Signed) E. S. COWLES.

EASTERN CONNECTICUT PASTORS ARE NAMED. On Committees at Congregational Conference—Resolutions on Effort to Purify Politics.

The 43rd annual meeting of the conference of Congregational churches of Connecticut closed at noon Thursday at Torrington, after holding sessions for three days. The morning session was a busy one, being taken up with several addresses and papers. There was some discussion informally of the resolution passed Wednesday afternoon commending the clergy of the denomination to an effort to purify politics in this state. This resolution has caused a great deal of comment and it was as follows:

Resolved, That the large importance to the moral interests of Connecticut of the moral legislation for which we must look to the next general assembly, and particularly of the approaching election to the United States senatorship.

Resolved, That this conference urge on its members the duty of doing their utmost to arouse the moral sentiments of their several towns in favor of the choice of legislators of such character as will give to our own state efficient laws and conservative of morals, and a United States senator who shall represent those ideals of personal and political integrity for which Connecticut historically stands.

And, further, we instruct our committee on Sunday observance and moral legislation to do all that they can to lead to this end. The first address during the morning session was delivered by Rev. Charles S. MacFarland of South Norwalk, who spoke of the attitude of ministers and churches toward the industrial movements of the day.

W. C. T. U. SPEAKER. Mrs. D. K. Livingstone of Rhode Island Will Be Here Monday Afternoon.

Norwich women are to have the opportunity of hearing one of the most fascinating of women speakers next Monday afternoon at the Broadway church parlors, when Mrs. Deborah Knox Livingstone, president of the Rhode Island state W. C. T. U., speaks there under the auspices and by invitation of the local branch of that organization. Mrs. Livingstone has addressed the largest and most popular of women's clubs in the United States and Canada, and is widely endorsed wherever she has spoken.

Various women's clubs and organizations of this city have been invited to attend the meeting, and all women, whether club members or not, are expected to make it a point to hear Mrs. Livingstone. Mrs. Charles Tyler Bard is to sing.

Fast Railroad Trains. As was expected, the announcement of the Pennsylvania railroad management that it would early in November establish a 24-hour train between New York and St. Louis, which was followed by a like announcement of the Vanderbilts. In that way the establishment of the very fast limited trains between the Atlantic coast and Chicago has been characterized since 1892.
