CHURCH A CENTURY OLD

Chaplin Congregational will Celebrate Anniversary Next May—First Pastor from Franklin.

The Congregational church at Chaplin will celebrate its centennial May 31, 1910, when the historical address will be delivered by Rev. Sherrod Soule of Hartford, son of a pastor of the church and superintendent of the Missionary society of Connecticut. The church in Chaplin was organized May 21, 1810. Deacon Benjamin Chaplin, who was a member of the church in South Mansfield, offered property for the founding of a ministerial fund, which should be used in establishing a new church and society to be composed of parts of Mansfield, Ashford, Hampton and Windham, provided that the church should be built and preaching commenced within a limited time. The conditions were accepted and carried out. The Chaplin Ecclesiastical society took an important part in securing the incorporation of the township by the general assembly in May, 1822. It was taken from the towns of Mansfield and Hampton. The boundaries of the ecclesiastical and school societies were made identical with those of the town, which was named in honor of Deacon Chaplin. The town government was organized July 4, 1822.

The Rev. David Avery, who had been a chaplain in the Revolutionary war and had been present at the surrender of Burgoyne and the capture of the Hessians at Trenton, was the first pastor of the church. He was born in Franklin April 5, 1746, and was converted at the age of 16 under the preaching of Whitfield, the English evangelist. He graduated from Yale in 1769 in the class with Nathan Hale and the Rev. Dr. Nathan Strong of the First Church of Christ in Hartford. The Rev. Dr. Timothy Dwight was also a classmate. He studied theology under the Rev. Eleazer Wheelock and was ordained as a missionary to the Oneida Indians Aug. 29, 1771. He entered the Revolutionary war as a chaplain. Dr. Avery died at Middletown Feb. 14, 1812. Dr. George W. Avery, surgeon in the gulf department during the Civil war, who died in Hartford in 1892, was a grandson of the first pastor in Chaplin.

The Rev. Jared Andrus, the second pastor, was born in Bolton May 1734. His parents were Elisha and Mary Skinner Andrus. Perplexed about entering the ministry, he decided the question by casting lots. He studied

William Upchurch of Glen Oak, Oklahoma, was an exile from home. Mountain air, he thought, would cure his frightful, lung-racking cough that had defied all remedies for two years. After six months he returned scarcely believing his steps. "Then I began to use Dr. King's New Discovery," he writes, "and after taking six bottles I am as well as ever." It saves thousands yearly from desperate lung diseases. Infalible for coughs and colds, it dispels hoarseness and sore throat, cure grip, bronchitis, hemorrhages, asthma, croup whooping cough. 50c and \$1.00, trial bottle free, guaranteed by Lee & Osgood Co.

Kills Her Foe of 20 Years. "The most merciless enemy I had for 20 years," declares Mrs. James Duncan of Haynesville, Me., "was dyspepsia. I suffered intensely after eating or drinking and could scarcely sleep. After many remedies had failed and several doctors gave me up, I tried Electric Bitters, which cured me completely. Now I can eat anything. I am 70 years old and am overjoyed to get my health and strength back again." For indigestion, loss of appetite, lame back, female complaints, it's unequalled. Only 50c at Lee & Osgood Co.

A Religious Author's Statement. Rev. Joseph H. Fesperman, Salisbury, N. C., who is the author of several books, writes: "For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed and unable to get up without assistance. My urine contained a thick white sediment, and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy and the pain gradually abated, and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy." For sale by Lee & Osgood Co.

MOTOR BROKE

Willimantic Car Delayed Between Baltic and Occum, Blocking the Line.

There was trouble on the Willimantic trolley line of the Connecticut Co. Monday afternoon, when a motor on one of the through cars broke down and prevented the car from being moved. The car was in charge of Motorist Douglas, leaving Baltic for Norwich at 3.32, and the mishap occurred at the Pines, between Baltic and Occum. There was a half hour's delay before a transfer car was sent up from Greenville and it required an hour or more of work before the wrecking crew, in charge of W. A. Ogden, could move the car, getting it down to the repair shop at Greenville about 5.30.

NORWICH TOWN

Dr. M. D. Kneeland Speaks on Sabbath Reform—Visitors Come and Go.

Dr. M. D. Kneeland, New England secretary of the Sabbath Reform Bureau, spoke at the First Congregational church Sunday morning. He said: "Much good will come from this Sabbath reform. A great deal of work is needed in the rural districts of New England; so many give up the day to pleasure and do not care to go to church. Money is being given for the much needed work of scattering literature on the subject. Playing ball has been prohibited and a great deal is being accomplished by legislation." At the morning session of the Sunday school Dr. Kneeland gave to the children the true story of two boys. One of the boys on hearing the church bells changed his plans for the day and went to church. He is now an influential man in the business world and in Christian activities. His companion went on to a pleasure resort, and is now a failure.

NERVOUS DYSPESIA

If You Have It, Read This Letter, The Lee & Osgood Co. Guarantees Mi-o-na

"I was taken last August with a severe stomach trouble. The doctor said it was nervous dyspepsia. He gave me medicine for that. I took his treatment four weeks, didn't feel any better at the end of four weeks than I did when I commenced taking his medicine. I took everything I heard of with the first day of December, 1908. I got a box of Mi-o-na. I took them that afternoon and the next day and haven't had one bit of pain in my stomach since the 2nd of December. I took five boxes. Feel well now, sleep good—that is something I haven't done in a number of years." Mrs. M. E. Maxfield, R. F. D. 2, Avoca, N. Y., June 9, 1909. A LITTLE RED SPOT

Novel Experiment by Which It May Be Made to Disappear.

A peculiar feature about psoriasis, the new skin discovery is that no one is asked to buy it without first sending to the Emergency Laboratories No. 32 West Twenty-fifth street, New York City, for an experimental sample and applying same to an affected part of the skin, about the size of a silver dollar. It will clear the spot so treated in twenty-four hours—a remarkable visual demonstration of its power. While psoriasis has been mentioned principally in connection with the cure of eczema, the most stubborn of skin diseases, it must be remembered that when used for itch, hives, pimples, blotches, acne, itching feet, scaly scalp chafing of infants and similar minor skin troubles its action is all the more pronounced, results being seen after an overnight application. As only a small quantity of psoriasis is necessary to cure such cases, a special fifty-cent package, usually sufficient, has been placed on sale at The Lee & Osgood's and Smith's drug store in Norwich, Larue's in Putnam, Woodward's in Danielson and Chesbro's in Willimantic and other leading drug stores throughout the country.

OFFICE IN WASHINGTON.

New Haven Road to Maintain One There During Congress.

Changes in the Providence offices of the Rhode Island company and the New York, New Haven & Hartford, announced by Vice President Buckland, will take effect December 1. Samuel Perry, Mr. Buckland's secretary, will go to Washington and take charge of the New Haven office during the coming session of congress. He will follow congressional proceedings in which the railways are interested, and will arrange for hearings before committees to be attended by Mr. Buckland. Under this arrangement, Mr. Buckland will retain his home in Providence and will remain at his office there, except when engaged in Washington.

Samuel P. Corbett, now claim agent for the New Haven, will be transferred to Mr. Buckland's office as the successor of Mr. Perry, and the jurisdiction of C. E. Reardon, claim agent of the Rhode Island company, will be extended to the New Haven. Several years ago Mr. Corbett was chief clerk in the department of law, real estate and axes, when Mr. Buckland was the company's attorney for Rhode Island.

Among the bills in congress which affect the New Haven is one introduced by Senator Borah, known as the "full crew bill." It provides for additional men on trains. Another bill, relating to inspection of locomotive boilers. It is probable that Vice President Buckland will also speak for the New Haven on the proposed amendment of the Sherman law and the re-organization of the interstate commerce commission, which are among the subjects referred to in the programme of the president.
