John Breen was the first witness called Wednesday morning in the damage cases of Courtland P. Chapman against the town of Westery in the superior court, Judge Stearns presiding.

Councilman Horace E. Burdick of the Watch Hill section, a contractor and resided in real estate, and resided in Avondale, and went over the road daily during the progress of the work and noted the removal and rebuilding of the walls, but saw no wall stones taken to the crusher.

Eugene F. Stillman, a resident of Westery, testified that he was familiar with the work done on the Watch Hill road and on the way to Pleasant View, where he was building a cottage, he went over the road almost daily.

Civil Engineer Thomas McKenzie was recalled. He was engineer in charge of the Watch Hill road improvement and explained in detail the nature of the work and the necessity of the same for highway purposes.

Gill company and recovered \$36 rental for land used by stone crusher, \$30 for putting the ground in condition, \$10 for breaking up of pole of moving machine and \$35 for putting gravel bank in condition after use of same.

When court reconvened Wednesday afternoon the testimony of Mr. Chapman was resumed. He fixed the value of \$25 on the property taken in the first section of the rebuilding of the wall.

Palmer Chapman was recalled and testified that he arranged with Mr. Gill for the location of the stone crusher and the lot was to be placed in condition as good as when first entered.

Thomas McKenzie was recalled and testified that no agreement was made that a retaining wall should be built at the knoll. None was ever shown in the plan and none were intended at the knoll.
