"DRINK PLENTY OF COFFEE, if there is sickness around," writes Dr. James Abernethy, in the British Medical Journal. "Coffee is a good preventive of typhoid fever and diphtheria. This has been thoroughly demonstrated. Diphtheria and typhoid germs have been thrown into coffee, and the aromatic drink has invariably killed the germs within an hour. Hence amid contagious conditions, do not neglect among other precautions to drink two cups of coffee every morning for breakfast."

Gas and Electric Commissioners Make Request of Common Council—Division Street Residents Opposed to New Walks—Franklin Square Congestion to be Looked Up—Petitions and Reports Acted Upon.

Characterized by brevity, the December meeting of the court of common council on Monday evening lasted but a half hour, during which much business was disposed of by Mayor Lipsett. There were three absentees, Alderman Ely and Councilmen Geer and Lester.

The journal of the last meeting was omitted by unanimous consent. The report of the street commissioner for the past month showed the expenditure of \$2,724.88, which included \$64.75 for the widening of West Main street, \$50.75 for the Cliff street improvement, and \$168.42 for the Talman street sewer. It was approved.

The report of City Treasurer Ira L. Peck was accepted and ordered printed in the journal.

Alderman Robinson for the police commissioners reported that the need of an electric light at the west end of Preston bridge had been reported to them, and upon investigation they found it was needed and caused two incandescents to be placed there. This was approved.

Upon the petition of Mr. and Mrs. Gilbert L. Bowers for a light in Tyler avenue, the police commissioners reported that they found Tyler avenue is not an accepted street, and the petitioners were given leave to withdraw.

Regarding the request of the Plaut-Cadden Co. for an illuminated sign on the front of their building, Street Commissioner Pellos reported favorably, with the understanding that the sign should not project more than 1 1/2 inches over the walk.

Remonstrance Against Walk.

Herbert R. Kind for Mrs. H. L. Kind and eleven other residents of Division street remonstrated against the building of walks, crosswalks and curbs in Division street from Oak to Hoath streets, claiming that the present walks are sufficient, they are traveled by few, and the new ones would be a burden to the property owners and a greater benefit to residents of other streets.

The use of the walks wouldn't warrant the expense, while there is a large ledge, part of which has been removed, but it would take \$400 more to take it all out. They desired a hearing before the committee reported upon the matter, and it was decided to give them a hearing the first Monday in January.

Gilbert and Leona Bowers asked for the privilege of connecting their property with the sewer in Page's lane. It was referred to the public works committee, which committee acted favorably upon the petition and it was approved.

Gilbert Church and others asked to have an investigation made of the dumping of all kinds of garbage at the upper end of the Sixth district, opposite Eighth street, which dumping which was referred to the police commissioners.

A petition signed by Frederic W. Cary and a number of others was presented asking the council to investigate the present conditions relative to the use of Franklin square by the trolley express for the loading and unloading of freight and relieve the present congestion at that point. It was referred to the public works committee and corporation counsel.

The Turner-Stanton company and other corporations of South Golden street asked for the establishment of an electric light in South Golden street, which was referred to the police commissioners.

P. F. Bray and others asked that Sturtevant avenue from Harrison avenue to Tyler avenue, and Tyler avenue, be accepted as public highways. It was referred to the public works committee.

P. J. O'Connor called attention to the fact the court of common council in regard to his petition for changes in Thames square to conform with a

City Treasurer I. L. Peck gives the following summary of disbursements from May 17, 1909, to Nov. 15, 1909:

Carpenters Initiate Four.

Your new members were initiated on Monday evening at the regular meeting of the Carpenters' union, which was held in Carpenters' hall in the Lucas building. President A. A. Baldwin was in the chair and there was a large attendance, as this was the first night upon which the terms of the new agreement were to be discussed.

At all the meetings in December the members talk over the various matters which will be incorporated in the agreement to be submitted to the builders Jan. 1st. The builders have until April 1st to accept the same.

Salvation Army Service.

At the Salvation Army headquarters this evening it is expected that Rev. Dr. M. S. Kufman will be the speaker. It is a public service and on Wednesday evening it is scheduled for Rev. D. B. MacLane of Tatville to speak, and he will also give some violin selections.

Many at Exhibit.

The art exhibit in the Converse Art gallery was attended by a large number on Monday and will remain there for two weeks, so that the work of the former art school student can be viewed.

Postmasters Named.

On Monday W. H. Reynolds was officially commissioned postmaster at Cobalt and Gertrude W. Tracy postmistress at Wauregan.

IF IT DISAPPEARS IT'S ECZEMA

How to Tell Whether a Skin Affection is an Inherited Blood Disease or Not.

Sometimes it is hard to determine whether a skin affection is a sign of a blood disorder or simply a form of eczema. Even physicians are often puzzled in their diagnosis. The best way for any one afflicted is to go to Lee & Osgood's and Smith's drug store in Norwich, Laroc's in Putnam, Woodward's in Danbury and Cheesbro's in Willimantic or any good drug-gist who handles pure drugs and obtain 50 cents' worth of posium. Apply this, and if the itching stops at once and the trouble is cured in a few days it may be set down as having been eczema, as this is the way posium acts in the worst cases of eczema, and in curing acne, herpes, blotches, letter, piles, salt rheum, rash, barber's and other forms of itchy, scaly scalp, and all surface skin affections.

Any one who will write to the Emergency Laboratories, No. 32 West Twenty-fifth street, New York, can secure, by mail free of charge, a supply sufficient to cure a small eczema surface or clear a complexion overnight and remove pimples in twenty-four hours.
