GREENEVILLE

Fire in Picker Room of Reliance Worst Mill—Loss Below \$500—Annual Business Meeting at Baptist Church—Local Mention.

The Greenville companies were called out for the second time within a week by an alarm rung in from box 24, Monday afternoon at 1:15 o'clock. This time the fire was in the worst mill on North Main street. The steamer and truck from the central station also responded, and two streams of water put out the blaze quickly. The recall being struck in less than half an hour.

The fire started about one o'clock in a machine in the picker room, which is located midway between the worst mill and may have been caused by a lighted match. The operatives tried to put the fire out, but their efforts were unsuccessful and the fire department was called. The firemen found the blaze had spread to the boxes of stock in the room, making a dense smoke, but little blaze. The companies had the water on within minutes and the loss to stock, building and machines was kept below \$500, which is fully covered by insurance.

The trolley line was blocked for nearly half an hour, but as the Tataville road was open on the other side, Starter W. H. Stebbins had a transfer at the fire arranged without trouble. Inspector E. B. Ladd had the line closed, and the incoming Central Village and William cars at 1:45.

HOME CHAPTERS ANNUAL MEETING

Industrial Department Raised \$687 in Eight Years— Election of Officers for Ensuing Year—Regret at Mrs. Church's Declining Secretaryship.

The 14th annual meeting of Norwich Home chapter of the King's Daughters was held Monday afternoon at 3 o'clock at the Buckingham Memorial with the leader, Mrs. Louis O. Potter, presiding.

The annual reports from the officers showed a year of marked activity and successful achievement in all departments. A program of work for the coming year was presented by Mrs. S. S. Stokings, as directress of the industrial department, had raised \$687 during the eight years which she has directed this part of the chapter's work.

The work of the year was summarized in the annual report of the recording secretary, Mrs. S. E. Church, which was as follows: The meetings of the Norwich Home chapter have been held regularly each month, and a social meeting on the second Monday of the month and a social meeting on the fourth Monday. During the months of July and August the chapter took a vacation.

The business meetings of the year, presided over by our leader, Mrs. Louis O. Potter, have in a quiet and systematic way brought to work of labor and love that tells much for the well being of the chapter.

worked early and late that the membership might be brought to its present standard.
 Our social meetings have grown in popularity and are always well attended. Always looked forward to by the inmates of the home as a most pleasing and welcome diversion which greatly missed. Willingly and bountifully have the members of the chapter prepared the tables which have always attended these gatherings and with a feast of good things and the bill coup that cheers, spirit of conviviality has been begotten, pleasant words and the monthly meeting is a delightful memory.

CURES ECZEMA QUICKLY

New Discovery Has Revolutionized the Treatment of Skin Diseases.
 Nothing in the history of medicine has ever approached the success of the marvelous skin remedy known as poslam, which is safe to use, has cured more cases of eczema and skin diseases than any remedy ever offered for healing them.
 The success of poslam is not at all surprising when it is considered that eczema is a very small quantity applied to the skin stops itching immediately and cures chronic cases in two weeks. The very worst cases of eczema, as well as acne, herpes, tetter, piles, scaly rheum, scaly, crusted humors, scalp and every form of itch, yield to it readily. Blisters such as pimples, red noses, muddy and inflamed skin disappear almost immediately when poslam is applied, the complexion being cleared over night.
 Every druggist keeps both the 50-cent size (for minor troubles) and the \$2 jar, and either of these may be obtained at Lee & Osgood's and Smith's drug store in Norwich, Lattin's in Putnam, Woodward's in Danielson and Chase's in Willimantic, as well as other reliable drug stores.
 But no one is even asked to purchase poslam until they have obtained an experimental package which will be sent by mail, free of charge, upon request, by the Emergency Laboratories, 32 West Twenty-fifth street, New York City.
 It is a dangerous thing to take a cough medicine containing opium that merely stifles your cough instead of curing it. Foley's Honey and Tar loosens and cures the cough and expels the poisonous germs, thus preventing pneumonia and consumption. Refuse substitutes and take only the genuine Foley's Honey and Tar in the yellow package. Lee & Osgood Co.
