**Boston Store**  
 WILLIMANTIC, CONN.  
**For Perfect Coffee**  
 USE THE  
**"Rochester Percolator"**

WILL BE ON SALE AT THIS STORE THURSDAY MORNING.

The efficiency of the PERCOLATOR has been universally recognized. It has but two parts—Solid Copper, heavily nickelled, absolutely sanitary, simple to operate, easy to clean—saves nearly one-half and costs less than people have been paying for Percolators. There is nothing injurious in coffee if properly brewed.

Our automatic process of pumping a continuous circulation of liquid up the tube, which percolates through the coffee grounds and down into the pot again, extracts all of the good of the coffee, eliminating the poisonous tannic acid and bitter elements, free from grounds or sediments, giving perfect, clear flavor. They come in different sizes and prices.

**SHEARS**  
Practically Given Away.

For THURSDAY, FRIDAY and SATURDAY WE WILL SELL THESE PATENT TENSION STEEL SHEARS for the price that would merely buy the steel for making them. The edge is indestructible, will never wear dull, will cut anything from wet tissue paper to a horse blanket. These Shears are made of the best grade steel, heavily nickel plated, and with the patent tension spring does away with re-sharpening entirely. You know what it is to attempt to cut anything with a dull pair of shears. A simple turn of the little thumb screw will adjust the blades to cut anything from the most delicate to a heavy blanket. The price of these Shears is \$1.00. For Thursday, Friday and Saturday we will sell them for only 39c.

has done much to pave the way for greater possibilities for the citizens and city of Willimantic.

It was sixteen years ago St. Patrick's day that Mr. Murray opened the present fine store in his new block at the corner of Main and Church streets. The day fell on a Saturday at that time, and the event was one of especial importance.

Thirty-one years ago Mr. Murray's force comprised six clerks; today it numbers forty-two. The company was reorganized March 1, 1905, Mr. Murray taking in some of the clerks with him. The company today comprises H. C. Murray, James P. Bath, George E. Girard, Robert M. Bath and Joseph B. Riordan.

No mercantile house in the city has seen such a healthy and progressive growth as the H. C. Murray company, and it is the wish of all knowing Mr. Murray that it may continue to expand under his direction for many years to come.
