TROLLEY MAGNATES HERE TODAY New Baseball League will Have a Meeting—Who will be Sixth Town to Place a Team—Klaus Knocks Out Mantell—Other Sports.

Local baseball circles are due for a stir-up this afternoon, for the magnates of the new Connecticut Baseball association, or Trolley league, are to convene here for a meeting. Secretary Henry W. Tibbitts of the Board of Trade, himself an enthusiastic baseball man and actively interested in 1898 in keeping the old Norwich team here, has kindly proffered the use of the Board of Trade rooms for the meeting of the magnates, which will be held at 2 o'clock.

It is expected that each of the five towns—Norwich, New London, Willimantic, Middletown and Rockville—will be represented, and one of the chief things about the meeting will be to hear a report whether another place has been secured to make the sixth town in the league. It is believed that there will be a proposition from Meriden parties.

It is also expected that Secretary Tibbitts of Middletown may have a tentative schedule to submit for discussion. All the managers are reporting no lack of candidates aspiring for places on the team, and are holding a bunch of applications a foot or two high on his desk. Rockville was the last town admitted to the league, but it seems a question whether the Rockville people are awake to the fact that they are to have a team in the Trolley league. A following of the local papers bearing about the baseball situation in Rockville.

Inquiries in local baseball circles fail to disclose anything definite in the way of baseball plans for the coming season, and while it was the general belief earlier in the season that Hartford places would put a team in the field with two games a week at Hyde park, there seems to have developed some doubt as to the final arrangements being made. And it remains a question as to whether there will be any baseball outside of that furnished by the All-Rockville. The local under Dr. J. E. Fisher have planned a ball season and some good games with fast teams are assured.

DUCKPIN BOWLING. Dalton and Coffin of New London in Ten-Game Series with Norwich Pair.

Manager Joe Dalton of the New London Y. M. C. A. alleys was in this city on Tuesday, completing arrangements for a two-man match with a

FINANCIAL AND COMMERCIAL. MARKET IRREGULAR. Upward Trend in Prices Coincident with Fall in Wheat.

New York, March 29.—The irregular and shifting movement of the stock market today left some uncertainty as to whether its action simply measured the complex of influences in the progress of the speculation or whether an actual change in opinions on the outlook was being reflected. Prices turned upwards in prices which coincided with the fall of a cent a bushel in the price of wheat which greeted the news of rain showers in Kansas and the prospect of a sufficiently general rains to promise the breaking of the drought. The dry weather in the winter wheat region has been the occasion of grave anxiety. More than ordinary importance attaches to the wheat crop this year on many accounts. The favorable weather during the crop period, and the fact that it was received with gratification in the financial district and helped to the more cheerful sentiment which came with the uptick in prices. That uptick did not come, however, until after an active selling movement, which continued throughout the first hour of the day, and was followed by shorts to cover. The sudden death of Justice Brewer could not fail to receive active discussion, in view of the interest of great corporations and interests in cases pending before the court. The influence of the event on the market was unfavorable. The subsidence of Justice Brewer's opinion in the Northern Securities case, while concurring in the majority decision, had marked him out as the figure likely to carry the balance of the court to the side of a limited construction of the anti-trust law in the pending case. The suggestion that the vacancy on the bench might involve the retrial of the American Tobacco and Standard Oil cases also was not neglected.

The resumption of business in the London stock market brought no positively disturbing influence. Gold arrivals were secured by the bank today. The exchange rate on London rose slightly on the report of the probability of an outflow of gold in April. The subsidence of the foreign demand for American bonds is an element in this connection.

The Atchison announced its convertible bond issue today, the amount being \$43,000,000. The privilege accorded to stockholders to subscribe to the new bonds at 102 1/2, carrying valuable rights and the underwriting of the issue by a syndicate insures its success for the purpose of the company.

There was a remnant of uneasiness over the labor outlook today owing to the large number of disputes that were to be adjusted between railroads and their employees. The coal miners' attitude in the west is a factor in that situation also.

The bond market did not improve today; some of the high grade bonds, especially, acted badly. Total sales, par value, \$2,471,000.

United States three coupon advanced 1-4 per cent. on call.

returned from St. Augustine, Florida, and has a pitcher from the sunshine belt, that is expected to show the goods.

Miller Signs McIntyre and McGrath. Manager Miller strengthened the outlook for his Greenville team of the City league by signing two fast men this week in Jules McIntyre for center garden and J. J. McGrath, captain of the Mystic team for short. Jones is just back from Torrington, and his local friends will be pleased that he is to stay here for the ball season. Miller finds him a valuable member of the outfield, as well as a good bunter and base runner. The other teams will have to go some to dig up a shortstop in McGrath's class.

Miller is now looking for a game next Sunday and challenges any team that wants to cross bats with him. He has taken the village of the Western league team for a Sunday date, and is thinking it is about time they answered.

Kid Wilson for Referee. Kid Wilson of this city is to referee in Jewett City on Thursday evening for a boxing exhibition given under the management of Bill Brown. Two events are on the card that will furnish excitement for the ring followers. Abe the Newsboy is to go 10 rounds with the Mystic team, and Kid Wilkerson of Lowell boxes Young Brooks of Mystic a six round preliminary.

Pitcher Tuckey Takes a Brace. Tom Tuckey and Chick Evans, two Nutmeg league graduates, are among the Boston National pitchers who are on the anxious seat. Tuckey has taken the almost certain village of the Western league team for a Sunday date, and there is a chance that he will stick if he continues to come along the way he has done for the past week. Evans has been in the Army A. A. tonight, (Thirteen innings.)

Klaus PUNCHES Mantell Out. Boston, March 29.—Frank Klaus, of Pittsburg, knocked out Frank Mantell of Pawtucket, in the ninth round of their bout at the Army A. A. tonight. Mantell had the affair won on points up to the middle of the sixth round, when an uppercut to the jaw put him down for the count. In the ninth, a succession of hard punches followed by another uppercut to the jaw put Mantell out for keeps.

Billy Allen, Canadian Champion. Woonsocket, R. I., March 29.—"Billy" Allen, the featherweight champion of Canada, and Jimmy Walsh of Boston, will come in handy and files coming to the Woonsocket A. A. tonight. Allen did most of the forcing but was met half way every round by Walsh.

Signs a Fast Outfielder. The C. C. A. Jr. received a strong addition to their lineup on Tuesday when they signed Harold Counihan for the outfield. His long distance hits will come in handy and files coming to his territory will be taken care of in errorless form. Counihan has just

At Washington: Holy Cross academy 14, Georgetown 2. At Charlottesville, Va.: University of Pennsylvania 7, university of Virginia 3.

At the Marathon Race at the Polo grounds Saturday, Tim Hurst, the well known umpire, will be referee. The judges will be Thomas F. Foley, John C. Hensley and J. P. Conditine. The New York Timers club have charge of the timing of the race. The track for the event, as in last year's contest, will be laid out six laps to the mile. "Sparrow" Robertson will have charge of this duty and an official surveyor will make affidavit that the distance is absolutely correct. As the distance of the race is 26 miles 385 yards the runners will have to make the circuit of the track 157 times and at the end of the third and fourth laps will be scored to the finish line, the start of the race will be made 275 feet back of the finish line.

The Hensley Athletic Club, of New York, the holder of the world's accepted Marathon record of 2:36:55 1-5, and Gusto Ljungstrom, who ran 20 miles in 47 minutes and 27 seconds, and even finished so fresh that experts said he probably could have kept right on at the same gait for another six miles, are coupled in the betting, and made favorite at 6 to 5, 1 to 3 and out. Fred Meadows is second choice, at 2 to 1 to 1, even and out. Jim Crowley and Paul Acosta are priced about 5 to 2 and even.

The above prices are made with the understanding that Meadows will start. Fred has not yet entered the contest, however, probably will be starting in the afternoon. Looking from any angle, batting, fielding and base running and brain matter, it is doubtful if there ever was a more valuable man to a baseball team than William Keeler, who has been given the unconditional release by the New York Americans, says a writer in the New York Globe.

Bill hasn't decided on his future plans, but don't be a bit alarmed if he puts his little hat on his shoulder and tells Bill Dahlen out in Brooklyn. Then don't be surprised if "Wee Willie" is seen strutting around the Polo grounds.

Unquestionably much of Keeler's success in batting was due to his great eye. He would stand up there in his own way with that rolling pin and never move away from the dish. If he got one he liked he took a dish. It is fielders for years tried to find out his weakness and how to arrange the in and outfield in order to stop him from making base hits and breaking up ball games. It was no use. One day there was a game which Tim Hurst refereed. Keeler got out of the go and Hurst called a ball. The catcher made a roar, claiming a strike.

"How can you call anything like that a ball?" was the question put to Tim.

"Anything that Keeler doesn't strike at is a ball," was Hurst's rejoinder. That's the reason why Keeler is out of his good eye in gauging deliveries. We all know what the answer was. Keeler gave when he was asked the

ARE YOUR KIDNEYS WEAK? Thousands of Men and Women Have Kidney Trouble and Never Suspect It.

Nature warns you when the track of health is not clear. Kidney and bladder trouble compel you to pass water often through the day and get up many times during the night.

Unhealthy kidneys cause lumbago, rheumatism, catarrh of the bladder, pain or dull ache in the back, joints or muscles, at times have headache or indigestion as time passes you may have a sallow complexion, purty or dark circles under the eyes, sometimes feel as though you had heart trouble, may have plenty of ambition but no strength, get weak and lose lean.

If such conditions are permitted to continue, serious results are sure to follow; Bright's disease, the very worst form of kidney trouble, may steal upon you.

Prevalency of Kidney Disease. Most people do not realize the alarming increase and remarkable prevalence of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physicians, who usually content themselves with doctoring the effects, while the original disease constantly undermines the system.

A Trial Will Convince Anyone. If you feel that your kidneys are the cause of your sickness or run down condition, begin taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because as soon as your kidneys begin to get better, they will help the other organs to health. In taking Swamp-Root, you afford natural help to Nature for Swamp-Root is a gentle healing vegetable compound—a physician's prescription for a specific disease.

You cannot get rid of your aches and pains if your kidneys are out of order. You cannot feel right when your kidneys are wrong. Swamp-Root is Pleasant to Take. If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at all drug stores. Don't make any mistake but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., which you will find on every bottle.

SAMPLE BOTTLE FREE—To prove the wonderful merits of Swamp-Root you may have a sample bottle and a book of valuable information, both sent absolutely free by mail. The book contains many of the thousands of letters received from men and women who found Swamp-Root to be just the remedy they needed. The value and success of Swamp-Root is so well known that our readers are advised to send for a sample bottle. Address Dr. Kilmer & Co., Binghamton, N. Y. Be sure to say you read this generous offer in the Norwich Bulletin. The genuineness of this offer is guaranteed.

secret of his hitting ability. It was, "I hit them where they ain't." "I never saw a ball player who could go up and deal for a pitcher like Keeler could," said Hughie Jennings one day. "He had four hits one day in Detroit. One was slammed in right field, the next over second base and the other just past the third sack, and Keeler kept to form as a scientific batter by laying one down and beating it out. He was a wonder. He was. Since Willie has been on the hill top, where he went in 1903, he has been of great service to the Yankees. He has done a great deal for the American league, and for this reason Frank Farrell, the owner of the New York Americans, gave him the unconditional release in order that he might do as he pleased. It is the intention of Stalling to have nothing but young blood around the Broadway grounds. Keeler admits that they have been seeing him a step or two the past two years, and that he could discover that he wasn't as fast as he used to be. But wouldn't he be a very handy one to have around?"

Tom Lynch had the following to say about Keeler at the baseball meeting at the Waldorf: "There is one of the gentlemen of baseball, and I had him talked of way all the time. There is no use saying that a good ball player is as I would like to get a man like Keeler to umpire for me, and when he leaves the game he can come to me and say the word and he can have the job." "There is one of the gentlemen of baseball, and I had him talked of way all the time. There is no use saying that a good ball player is as I would like to get a man like Keeler to umpire for me, and when he leaves the game he can come to me and say the word and he can have the job."

LON MYERS GREATEST ON CINDER PATH. Champion in the Sprints as Well as the Runs. There have been some wonderful sprints and runners in this country and England, but the greatest, most followers of track athletics will agree, is Lon Myers. Some brilliant runners have worn the spitted shoe and there are stars today who are shining brightly, but there has been and there is no Myers today. This fellow was a champion in the sprints as well as the runs and there lies the difference between him and others who have won records and fame on the cinder path. Many runners can do good time in the 100 yards dash, and many sprinters can run a fast half mile, but when a man makes records all along the line from the dashes to the distances that is another thing, and is something only found in Myers' career. Myers today holds the world's records for the 100 yards dash and the 1000 yards run, and these performances were made over 28 years ago.

He was a sprinter and a crack runner and whatever feet some man runs in one event it is doubtful if anything will ever be done to equal the wonderful performances of the old-timer through a wide series of events. Myers' name came up during a running race the other day with C. H. Kilpatrick of Chicago Falls, who holds the collegiate record for the half mile run and who for 14 years or so held the world's amateur record for the same distance. Kilpatrick did 1:53 3-4 seconds in 1905 and this mark stood until Emilio Lunghi reduced it to 1:52 4-5 at Montreal last September. During the conversation Kilpatrick spoke of the wonderful performances of Myers and placed him as the greatest of all track men. A glance at the career of the by-gone star will explain this.

Five world's records that stand today were made by Myers and these are: 60 yards, 6 2-5 seconds, made in 1882; 330 yards, 35 seconds, made in

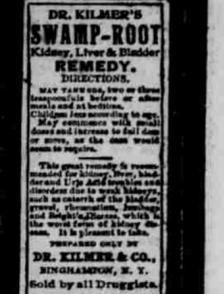

1881; 660 yards, 1:22, made in 1880; the 800 yards, 1:44 2-5, made in 1882, and the 1000 yards, 2:13. Myers was the American champion in the short dashes around 1875 and 1880 and from '79 to '84 was the best in the country at the quarter mile run. He did the 100 in 10 1-4 in 1881, and the same year won the 220 in 22 1-2. These two marks are the best times made by him for those distances. It was in that year that he made his record, which stands today, for the 370 yards dash, and that year he also did the quarter mile in 49 2-5. As a half miler he was the American champion in 1879, 1880 and 1884, and his best time for the distance was 2:01 1-2; as a sample of the wonderful ability of Myers, it may be pointed out that he made his world's record for the 1000 yards run and the 330 yards dash the same season.

When Myers first came into prominence as a runner he weighed just 100 pounds, standing 5 feet 4 inches in his running shoes. Later he filled out a bit, so that he weighed along in his career he carried 135 pounds. But on the occasion of his debut as a champion, he appeared as if it is possible to imagine. Myers' first great race, in which the whole athletic world took a vital interest, was run later in 1879 at Livingston, S. I., at the championship meet of the Staten Island Athletic club. He was entered in the handicap quarter against Ed Merrill, the champion, and apparently unbeatable. Myers received 20 yards by the handicapper, but when he walked to the mark received a start of about an hour, he ran closely. They picked up the long mark men with ridiculous ease and tore into the home stretch neck and neck and stride for stride. Two-thirds of the race Myers fairly streaked down the path and beat the champion by two yards. Merrill collapsed and was unconscious of how an hour, he ran a run off his feet by a boy who, though slight, showed never a trace of fatigue.

KID WILBUR'S BUSY SEASON. Montville Wrestler Filling Out a List of Events. Kid Wilbur of Montville has arranged a match with a Polish kid of Dean Hill for the second Saturday in April, the go to be put on in Fitchville for \$10 a side. The money is to be posted at the matside. The Montville Kid has quite a little business on hand, and is taking dates for a lively spring season on the mat.

Fred Bully of Montville is reported to be offering \$10 to \$5 that Dan Kelly will throw Kid Wilbur three times in an hour. If Bully has the money, the kid says the match can be made. Wilbur also makes an offer to Kid Berman of Norwich, who wrestles at 105 pounds. Wilbur wants a chance at the Norwich boy and offers to throw him twice in an hour or forfeit the match.

Part of the Punishment. But, no, no president can hope to pass four years in the White House without hearing from Chancellor Day. —Chicago Post.

DR. KILMER'S SWAMP-ROOT REMEDY. DIRECTIONS. MAY 1910. This great remedy is made from the roots of the Swamp-Root plant, which grows in the swamps of the State of New York. It is a natural vegetable compound, and is the only one of its kind that is so pure and so effective. It is the only one that is so pure and so effective. It is the only one that is so pure and so effective.

Swamp-Root is always kept up to its high standard of purity and excellence. A sworn certificate of purity with every bottle.

Swamp-Root is Pleasant to Take. If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at all drug stores. Don't make any mistake but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., which you will find on every bottle.
