Process by Which Grass is Made into Matches.

For the matches made at Sholopour, India, the abundant grass of the region is used instead of wood. The grass is cut into two-inch lengths, winnowed and screened into uniform sizes, and is there boiled five minutes in paraffin and dried in a rotating drum. Deposited in horizontal layers by shaking through a horizontal sifter, these stems are secured in a frame. They are dipped in a solution of chlorate of potash, sulphate of arsenic, bichloride of potash, powdered gypsum and gum arabic.

An ingenious device forces the matches forward so as to avoid sticking together. Six pounds of dipping mixture and twenty-one pounds of paraffin suffice for 7,000 boxes of eighty each.

CHICAGO MEN

Purchase Frink Place at Chaplin for Poultry and Fruit Raising.

One of the biggest real estate deals which has been consummated in some time hereabouts was effected this week in Chaplin when two Chicago men purchased the 100-acre farm of Everett Frink, the soda water man and last representative from Chaplin in the general assembly. Daniel A. Cavanaugh and Winfield Scott are the new owners of the place. They intend to raise poultry and small fruits on a large scale. For some time they have been looking over various places in the east for this specific purpose and when they saw the Frink place they were favorably impressed.

Mr. Cavanaugh is a writer and lecturer of some note and is a practical man in the poultry and fruit raising business. They have taken possession of the place and have already sent in a rush order for 2,000 young fruit trees which they will set out as soon as they arrive. Mr. Frink will remove his business to his store in South Chaplin. The money consideration of the transaction was not made public.

BUILDING AND LOAN ASS'N.

Board of Directors Nominates Officers and Directors.

The board of directors of the Willimantic Building and Loan association at a recent meeting nominated officers and directors for the ensuing year. These will be voted for by the shareholders on the regular pay day of the association this month. The directors will hold a meeting next week to decide upon the dividend for the year and at the same time the secretary and treasurer will also make their annual reports.

The officers nominated by the directors were: President, George E. Stiles; vice president, Herbert R. Chappell; treasurer, William N. Potter; secretary, Dwight A. Lyman. Messrs. Stiles, Potter and Lyman have held their position since the inception of the association April 1, 1931, and as their nomination is practically an election it will mean that they enter today on the twentieth year as officers of the association. Mr. Chappell has filled the position of vice-president since the death of Frank M. Wilson. The association has also had the same security committee since its organization.

The directors are: George M. Harrington, Jeremiah O. Davis, W. C. Hill, O. A. Sessions, George W. Melony, John T. Bradshaw, Arthur L. Hill, Frank Larrabee, Hormisdas Dion, Patrick McKeon, George W. Melony, George A. Bartlett, Edgar E. Bass, A. E. Stiles and John F. Carr. John E. Brick, Herbert D. Pollard and Fred W. Anderson were nominated for auditors.

The association has been a great help to individuals and Willimantic since its organization and many citizens have been enabled to build and own their own homes. The association has shown a steady and healthy growth as today it is recognized as one of the strongest throughout the state.

MOCK CONFERENCE

Held in A. M. E. Zion Church on Thursday—Interesting Reports and Addresses.

Thursday was a busy day for the attendants of A. M. E. Zion church on Union street, this city, when a mock conference was held with representatives present from the churches in Norwich and New London as well as a majority of the members of the local mission.

The forenoon session opened at 11 o'clock with the congregation singing "Let the Lower Lights Be Burning." Rev. Sanorah Hall then read from the 23d psalm, which was followed by prayer by Mrs. Della Eley of the First district. Rev. Sanorah Hall was next sung and then remarks of welcome were given by Rev. S. C. Grimstead of this city. The roll call was next, showing a very fine attendance.

Reports on church and field work came next, given as follows:

First district reports—Mrs. Z. Hall, Mrs. L. A. Toset, Mrs. H. Reed, Mrs. M. L. Benson, Miss H. Carter, Miss M. E. Eley, Mrs. L. T. Brown. Second district reports—D. A. Willis, Mrs. Caroline Harris, Mrs. Dock Willis, Philip Harris, Mrs. Hattie Tooney, Miss Florence Grimstead, Mrs. E. J. Beatty, Miss Fieda Taylor. Third district reports—Mrs. F. E. Addresses and essays were given as follows: Philip Harris, Mrs. Carrie Thorn, Miss M. E. Eley, Mrs. L. T. Brown, Mrs. Idella Scott, Mrs. Ida F. Davis, Mrs. Emma J. Bentley and George Keenan. Prof. W. E. Geary rendered a solo. Fraternal greetings were tendered by

H. T. McKnight of the Mt. Calvary Baptist church of Norwich and representative from the members of the conference, Master James H. Eley and Mrs. Maria Sylvia were marabaha and Mrs. Florence Harris was musical director.

Rev. Sanorah Hall presided and delivered the bishop's address. Supper was served from 6 to 7, and then the conference reassembled again for the final session at 7:30 o'clock.

The conference, which was the second mock one that has been held, was a successful and interesting one, and those present derived much good from it. Those in charge of the conference comprised Rev. W. H. Eley of Norwich, Rev. S. C. Grimstead, Willimantic, Rev. G. J. Simms of New London, Bishop Sanorah Hall, presiding elder, Mrs. Della Eley, First district; Mrs. J. A. Ten Cases of Contagious Diseases Last Month.

City Health Officer Dr. W. P. S. Keating's report to the state board of health shows that there were ten cases of contagious disease reported to him during March, as follows: Typhoid fever one, diphtheria one, scarlet fever five, and tuberculosis three. Dr. Keating says that this is very low for March and is considerably lower than the corresponding month in 1929. Scarlet fever is now waning fast and practically all of the houses are released from quarantine, with the exception of two or three places.

Natty Headwear for the Police.

The dozen caps for the police department have arrived and are, to say the least, very natty. They are made of a material similar to the latest officers' military caps. The captain's has more gold braid and the lieutenant's of arms of the state, the same, but has a gold braid across the front, and the gold band is narrower than the superior officers'. The patrolmen's are decorated with a silver braid of lighter blue and have silver coats of arms instead of gold ones and have the designating numerals. They will probably be worn for the first time at the annual spring inspection.

STONINGTON

Filipino Curios of Interest—Baptist Easter Offertory \$125—Crusade Against Gypsy Moth to Begin May 15th.

A valuable collection from the Philippine Islands is owned by Mrs. Daniel Barker and Mrs. Denison, having been presented them by Elias Barker Denison, who resided at Manila for three years. Among the curios is a master made by the natives of the grass grown there which resembles straw; a duster is made of this, the handle being in several hundreds strips and fringed at the end. A dog whip made from bamboo split and wound to make the lash, and several skins of small animals are used by the women of that town to carry their children when small; a pocket holds them, the skin being sewed to form a pouch; two small ropes fasten around the arm to hold the skin and contents to the back of the woman who travels. A large hat woven by the women, a broad brimmed, measuring several feet over all, is of bright grass. Woven on one side is the American flag and the stripes placed directly to the other side. This is done to catch the eye of the American traveler. An interesting fact is the flag shown during the war of 1812, when British entered the harbor here. The flag remains firmly wedged between the bricks. The house is over 150 years old.

MOURNED AS DEAD.

Torrington Man, After Absence of 31 Years, Comes Back to Home and Mother.

Charles Ashborn, after 31 years of absence in which he was supposed to be dead, but showed up in Torrington and surprised his old-time friends, including his aged mother who, supposing him to have long since "passed on" to that state from which no traveler returns, was naturally surprised and somewhat started to see him.

Ashborn's long absence was due to the fact that he left his home at the age of 20 at odds with members of the family, and his curiosity to know what they still thought of him was a strong motive for his return.
