

Norwich Bulletin and Courier. 114 YEARS OLD. Subscription price, 12c a week, 50c a month, \$5.00 a year in advance.

The Circulation of The Bulletin. The Bulletin has the largest circulation of any paper in Eastern Connecticut...

CIRCULATION 1901, average 4,415 1905, average 5,920 April 9, 1910, 7,633

THE SUCCESSOR OF JUSTICE BREWER. There is considerable interest being manifested in the vacancy caused by the death of the late Justice Brewer...

DEER IN VERMONT. It was thought when the open season closed last year that the deer in Vermont had been mostly wiped out because of the multiplicity of the gunners and the lameness of the game...

CONDITIONS AT MILWAUKEE. The east has been surprised by the victory of the socialists in Milwaukee, since it is the first large city to give endorsement to socialism in America...

Letting Oneself Go. It very often happens that we have a thought, but are afraid to express it, lest it seem absurd to others. A song being in vogue in our hearts, but we hush it, lest our friends say "what a trifling thing, to be sure."

Order in Pantry. Nothing is so unattractive in a pantry or closet as a number of tin lids patched loosely on a shelf. One woman has overcome this defect by nailing a narrow strip of wood to cleats about ten inches under her high top shelf in the pantry...

WOMAN IN LIFE AND IN THE KITCHEN. HEALTH AND BEAUTY. A cup of hot water a half-hour before breakfast every morning will help to cure dyspepsia and indigestion. If meat or other substances lodge in the throat, and there is danger of choking, lift the arms high above the head. This has been known to save a person's life.

NEEDLEWORK SUGGESTIONS. "Middy" Collars. Some of the new "middy" collars for young girls are of white tulle or linen with a colored border of the same material. The tie worn in one of these collars matches the border in color.

Chocolate Cream. Soak half a box of gelatin in half a cupful of cold water for two hours. Put a pint of milk in a double boiler. Shave an ounce of unsweetened chocolate and put it in a small pan with two tablespoons of boiling water. Stir over the fire until smooth and glossy, then add to the hot milk.

Various Kinds of Buckles. Buckles of every shape and material seem to be in vogue. There are many of jet, while others are made of steel, silver, or gold.

Gift for a Traveler. A sensible gift for a traveler is a tiny umbrella strap for keeping umbrellas and parasols in a single package.

Glazed Sweet Potatoes. Five sweet potatoes, one egg, half cupful sugar, half cupful of butter, one tablespoonful of oil, one tablespoonful of salt. Pare and cut the potatoes in strips; steam until nearly done. Remove from the fire and cool. Dip in egg beaten with the salt, then in the sugar, coating each slice with the butter and bake a rich brown.

Apples With Cinnamon. Six small apples, washed, halved and cored. Put in a saucepan with one cup water and three-fourths cup sugar. Cover and simmer for some time. Slice carefully into a dish and sprinkle with one teaspoon cinnamon mixed with one teaspoon butter. This is a tonic and stomach corrective.

Spanish Mackerel. Select a firm, bright two-pound fish; remove the head and scrape inside. Wash and put to boil in one quart very hot water with one tablespoon salt. Cover and boil gently for twenty minutes.

HOUSECLEANING HINTS. Any article of brass except Benares ware can be cleaned in the following manner: Wash first with ammonia water and soap, removing all grease and giving a semi-polish. Rub with any good silver polish, wet with vinegar, and any suggestion of tarnish will vanish. Wash glass or electric light shades in warm water, adding a few drops of ammonia. Don't neglect the burners. Remove the dust from them with a piece of fine wire. You will be amazed at the increase of illumination.

Artistic Book Racks. The metal book racks, covered with pongee or linen, embellished with simple designs in blue, green, or only artistic, but exceedingly practical. The cover edges may be finished with a tiny gilt cord if an extra touch is desired.

Uniquely Placed Buckle. A single buckle, placed a little to the left of the middle of the back in the small of the back, on the one of the handsome imported gowns seen recently.

Hair Ornaments of Ribbons. The ribbon ornaments for the hair are prettier and more unusual as the spring advances. They are to be had in almost every color so that one has little trouble to match the shade of an evening gown.

Brocaded Slippers. Slippers of brocades in the deep copper, old gold and peculiar reddish shades, will be popular for evening wear this spring.

Two cups crumbled Boston brown bread, one-half teaspoonful salt, two eggs, beaten, one quart milk, two tablespoonfuls melted butter, careful mixed dried fruit—raisins, currants, citron, figs. Mix to smooth batter; bake firm in center; garnish with lemons, whipped cream, marshmallow cherries; serve with lemon sauce.

Split Pea Soup. Wash and soak over night one cup split peas; cook till tender, then put through sieve; return to water in which they were cooked. Dice fine one-fourth pound bacon. Fry slightly, but do not brown. Add to the peas with one teaspoon salt and one-fourth teaspoon white pepper. Cook twenty minutes; add water until about one quart and a half; add one cup whole milk. Bring to a boil and serve.

Embroidery on Gloves. Some of the new silk and kid gloves featuring elaborate embroidery, in place of the customary stitching on the back, sleeves of wheat down in the wrist, and other details, are seen. If the gloves are long ones, the metal embroidery covers the gloves quite to the elbow.

Reheated Rolls. Yesterday's rolls are cheaper than the fresh, and after reheating are far more healthful, being the much desired twice-baked bread. Dip the rolls quickly into water, thrust into a hot oven and take out as soon as hot. A dry loaf of bread can be freshened in the same way, allowing it to absorb some of the water. Children will enjoy eating it with syrup, and being twice baked, it will not harm them.

Beaded Embroidery on Net. Motifs of net rich in bead embroidery are to be found in the shops in a wide range of coloring. These make decidedly handsome trimmings for a handsome gown. Of course it is possible for the woman with time at her disposal to fashion similar trimmings at home at small cost, but it does take time, to say nothing of artistic ability, to do it well.

Home Garment Making. The Bulletin's Pattern Service. Ladies' Dressing Sacque. Paris Pattern No. 223 - All Seams Allowed.

To Grate a Lemon. There is a right and wrong way in even so simple a thing as grating a lemon. A properly grated lemon is not gouged and mottled, but presents the yellow outer skin before the grating was attempted.

Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period.
