Mr. Corbin got up by July 1st (Mr. Corbin) would get it by July 1st would be all right with him. Upon our return we had a talk with Mr. Lillibridge and he said "to go on with our regular work and do the exempt list later." We supposed he had conferred with the other selectmen and they had actually agreed to pay the bill. Mrs. Clarence C. Frost.

Mrs. Frost was a native of Massachusetts and her maiden name was Mary C. Kelly. With her husband she came to Norwich, Rev. Mr. Frost became pastor of the First Baptist church on March 22, 1879, and served the church until November 2, 1882, when he resigned. Since then Mr. Frost had been engaged in promoting mining interests and other business propositions in which he was interested. Rev. Mr. Frost died about 1884 and was buried in Maplewood cemetery. Surviving are one son, Hollis C. Frost, with whom Mrs. Frost resides, and one daughter, Mrs. Tyler J. Howard of Springfield.

WOMAN'S COLLEGE.

D. A. R. Chapter Making an Effort to Have One Near Meriden.

Emma Hart Willard chapter, D. A. R. of Berlin, is making an effort to have a certain women's college located in that town. She is known as the Norton Hill, just a short distance north of Meriden town line and on the main road from Meriden to Berlin and Hartford.

It is understood that the college, if erected, will be in the nature of a memorial to Emma Hart Willard, whose name the Meriden D. A. R. chapter bears. It is possible that former pupils of Emma Hart Willard will aid in financing the project. One plan is to have the college located on a ridge which is included in the Norton property.

This site would place the proposed college about as near the center of the state as possible. A stake was driven on the Norton ridge by surveyors some years ago to mark the exact central point of the state of Connecticut. This location is considered an ideal site for the college.

The other site which has been considered has been offered as an involuntary gift by a prominent resident near Berlin street. This second proposition.

BALD AT 25

Mr. Armstrong Tells How He Grew Hair in a Short Time

Dear Sirs:—I was told of your great remedy, Parisian Sage, that it would grow hair on bald heads, so I got a bottle and tried it, and it is fine. I am a young man, and only 25, and was completely bald on the top of my head, and now I have hair one inch long, with the hair of only one bottle. I shall certainly keep on using it until I have a good head of hair, which I have no doubt it will bring and Oscar Armstrong, Engineer, Belleville Horse-shoe and Rolling Mill Co., Belleville, Ont., August 21, 1909.

To the readers of The Bulletin: The Olinx Mfg. Co., American makers of Parisian Sage, wish to state that they do not guarantee Parisian Sage to grow hair on bald heads, because in most cases the hair root is dead. In the case of Mr. Armstrong the hair root was not dead, and knowing as we do the astonishing hair growing virtue of Parisian Sage we see no reason why it should not grow hair on the crown of the head.

But we do guarantee Parisian Sage (and so does The Lee & Osmond Co.) to dress the hair, to make it shine, to keep it in two weeks, or money back. Parisian Sage is a delightfully perfumed hair dressing, not sticky or greasy, and is used extensively by ladies who desire brilliant and luxuriant hair that attracts the eyes of only one bottle. Large bottles 50 cents, at drug stores everywhere, and at The Lee & Osmond Co.
