

THE PERFECT WAY

Scores of Norwich Citizens Have Learned It.

If you suffer from backache, There is only one way to cure it. The perfect way is to cure the kidneys.

A bad back means sick kidneys. Neglect it, urinary troubles follow. Doan's Kidney Pills are made for kidneys only.

Are endorsed by Norwich people. Patrick Sullivan, 43 Mt. Pleasant Street, Norwich, Conn., says: "If any person should ask me what to use for pain and lameness across the small of the back I would advise a trial of Doan's Kidney Pills. I have found that they have no equal for this trouble. My supply was procured at M. D. Sevin & Son's drug store and they thoroughly relieved me of severe pain in the small of my back, strengthened my kidneys and benefitted me in a general way."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Glad to Recommend Them. Mr. E. Weakley, Kokomo, Ind., says: "After taking Foley Kidney Pills the severe backache left me, my kidneys became stronger, the secretions natural and my bladder no longer pained me. I am glad to recommend Foley Kidney Pills." In a yellow package. Lee & Osgood Co.

China's Early Paper Money.

As in many lines of industry China led the way among the nations in the use of paper currency in business. Since the fifteenth century, however, no paper money has been issued in the celestial empire, and it is due only to China's industrial and commercial growth that the government has recently appointed a commission to investigate the matter.—System.

Why? Why is it that whenever one glances into an undertaker's shop one invariably sees some man sitting in front of a closed desk behind the railing with his feet on the level with his head, apparently gazing into space? This seems to be the favorite attitude affected by our undertaking brethren. Will some kind soul "undertake" to throw a little light upon the subject?

Nature's Warning. Weariness is not necessarily illness. It is just the cry of the body for rest. You must not work on after reaching a point of fatigue. A few days' rest will set you right then, while if the body is made to toil and the mind to work it may take a much longer time to recover. Heed the signal of alarm. Nature knows.

"Doldrums" Once Dreaded. The world "doldrums" is a name given by sailors to that part of the ocean near the equator in which calms and light buffeting winds prevail, with hot, sultry air, local squalls, thunder and rain. In the doldrums sailing vessels beat about for weeks and they were formerly the dread of those vessels that had to cross the equator.

Natural to Seek to Please. We all are conscious of the feeling that we want to please and that we want to make ourselves presentable. This ambition leads to a cultivation of taste and elegance which are wonderfully stimulating, inspiring and splendid. There is nothing absurd about desiring to be attractive. They are quite natural and really uplifting.

the Tuberculosis Crusade

Losing Ground? Sanitaria Seemingly Fail to Check the Terrible White Plague. Enormous Sums Spent.

The recent report of the Penna. State Board of Health reveals the startling condition that despite all the efforts being made by advocates of fresh air and egg-and-milk-gorging treatments, the number of new cases has not been noticeably decreased.

This report applies to Sanitarium treatment. It does not take into account the tubercular cases cured by Eckman's Alternative—when the disease was in an advanced as well as early state. The Sanitarium treatment has only benefited temporarily, while Eckman's Alternative has cured.

Write to any sanitarium and ask them to refer you to even five or ten cured cases—not those temporarily benefited; but people who had tuberculosis and are today in perfect health. At the same time write to the Eckman Laboratory, 6th & Market St., Phila., and ask them to refer you to Clergymen, Priests, men and women who took Eckman's Alternative and are today well and strong without a trace of tuberculosis—pronounced so by physicians. Some of them took the Alternative 11 years ago when doctors said they would not live 11 weeks.

Could anything be fairer to yourself and those who love you and would do anything to restore you to health? If you are skeptical—investigate us, our medicine, our advertised statements. Write, if you will, to those who have sent in affidavits and testimonials telling how Eckman's Alternative cured them.

Eckman's Alternative is good for all throat and lung troubles, and is on sale in Norwich by Lee & Osgood Co., and other Druggists. It can also be obtained at, or procured by, your local Druggists. Ask for Booklet of Cured Cases, or write for Evidence to the Eckman Laboratory, Phila., Pa.
