OBITUARY.

Mrs. James H. Kellas. At the home of her son, James Kellas, in Whaley avenue, New Haven, Mrs. Mary Kellas, wife of James H. Kellas of No. 272 Boswell avenue, passed away at 8:45 o'clock on Sunday morning. Mrs. Kellas had been in ill health for several years and she recently went to visit her son for the change of scene. Although she had been in a weak condition for the past the end came quite unexpectedly.

Mrs. Kellas was a native of Aberdeen, Scotland and her maiden name was Mary Blair. In her 44 years ago, she became the wife of James Kellas. They came to the United States about 30 years ago, passing ten years in Worcester, and have been residents of this city for a score of years. Mrs. Kellas leaves her husband and children, James and William Kellas and Mrs. Robert Brooks, nee Kellas of New Haven, and Mrs. John McNeely, Mrs. George G. Fitch and Misses Alice and Jeanne Kellas of Norwich. There is also one sister, Mrs. James Watt of this city, and four grandchildren. Mrs. Kellas was a member of the Greenville Congregational church, and she bore her suffering with patience and Christian spirit. She was devoted to her family and her relatives and friends ever found, in all trials, her disposition loving and kind.

The remains of Mrs. J. H. Kellas arrived here Monday afternoon at 4:10 o'clock and were taken to her late home, in Boswell avenue, by Henry Allen & Son.

Builders of Triplane Will Make Another Try With Present Engine after New Tires are Received.

Four big aeroplane propellers, designed by Stebbins and Geynet of this city, and built under their supervision at their shop at Sachem park, are displayed in the open air from the window. The heavy wooden blades that will drive through the air the first aeroplane built in Norwich and the first triplane in America, attract much attention from passersby. All of the propellers are laminated, the first being mahogany, the second the Wright type, with a 52-inch pitch. The second is of mahogany and ash, the third is of mahogany, with a 4-foot pitch. The other two are mahogany and walnut of the Chauviere (Paris) type, and of 4-foot pitch. They are true screw propellers.

DR. WEST ADDRESSES TWO LARGE CONVENTIONS.

Among the Prominent Speakers in British Columbia Early This Month.

Friends learn from the west that Rev. Dr. West, formerly pastor of the Second Congregational church, recently addressed the international convention of the Y. M. C. A. at Breakers, in British Columbia, and a Christian Endeavor convention at Victoria, on Possessed and Being Possessed. His subject was "The Power of the Cross." He is never satisfied and is continually crying for more. We were taught to get, and this has been the chief of our pursuit ever since. Man is not a healthy being until he commences to strive to possess, for he was made to possess. It is woven into the very fibres of his being. But in the process of getting it must be considered what we are striving to get. We should strive after something that is lasting, not merely things that are ephemeral. A young man by years of apprenticeship learns a trade. Once trained, it is impossible to stamp this knowledge out of him, unless his whole being is destroyed. He can be readily rid of his money or his property; they are things which do not abide with him. Taking the step higher up, and it can be seen what it means to possess culture and character and wisdom. No matter how much men try, while one this has slowly been woven into their being it cannot be disposed of. To get the things that one is striving for in defeat, the highest success that ends in success is supreme failure. The only success is in defeat; and the only victory is in surrender; the only gain is loss, and the only achievement in life is the loss of life. It is a great thing to gather things and to possess them, and how much greater to possess great until he is possessed by art itself—until art has him in her grasp. When one forgets himself, when the instrument of the vocation which he follows, then, and only then, comes success.

AT THE AUDITORIUM.

Vaudeville and Moving Pictures.

Enthusiastic hands for the four vaudeville numbers and close attention to the fine line of moving pictures on Monday indicated that the Auditorium was striking the popular favor. The first of the first half of this week, Will F. Herbert exhibits his versatility in singing and dancing, being especially clever in his soft shoe dancing. His partner, Miss Edith, is dainty and pretty in her song numbers. An admirable offering is presented by Anna Jordan & Co. with their comedy playlet, Before the Play. Miss Jordan and her two well chosen supporters, Miss Edith, Miss Mary, and Miss Simon J. Babey, representing the Holy Name society.

Baldheaded Row

Early Piety Not Always the Cause of Baldness

In Paris there lived a great physician of world wide renown who proved to the world that falling hair is caused by microbes. Dr. Sagerbund proved that baldness is directly due to these pernicious and persistent microbes. He proved to every physician on earth that those invisible yet voracious little devils dug and burrowed into the hair root and finally devoured the hair bulb. This of course destroyed the vitality of the hair which fell out and caused thinning of the hair and finally baldness.

Inasmuch as it is an accepted fact that baldness, falling hair and dandruff are caused by a germ, doesn't it stand to reason that the only way to prevent such calamities is to kill the germs?

And doesn't it stand to reason that the only way to kill these germs is to use Parilian Sage, which The Lee & Osgood Co. have so much faith in that they guarantee it to cure dandruff, falling hair and itching scalp in two weeks or money back?

Parilian Sage is a delightful hair tonic and is pleasant to use. It is not sticky or greasy, and contains only those ingredients that will surely benefit it.

It is now sold by druggists all over America, and by The Lee & Osgood Co. for 50 cents a large bottle. It is used extensively by women who desire luxuriant hair with radiant luster. The girl with the Auburn hair is on every package.

They Have a Definite Purpose. Foley Kidney Pills give quick relief in cases of kidney and bladder ailments. Mrs. Rose Ganser, Terre Haute, Ind., tells the result in her case. "After suffering for many years from a serious case of kidney trouble and spending much money for medical cures, I found Foley-Kidney Pills the only medicine that gave me a permanent cure. I am again able to get up and attend to my work. I shall never hesitate to recommend them." Lee & Osgood Co.
