VARIOUS MATTERS

The planet Mars continues evening star until September 27.

Strollers in the woods find every indication of a big crop of chestnuts.

Granges are busy with exhibitions of fall flowers, fruits and vegetables.

There are numerous picnic parties at Lantern hill, these mellow September days.

Farmers claim that deer are doing damage, especially to buckwheat fields, this season.

Miss Katherine G. Lambert, manufacturer of hair goods, at Mabrey's, Broadway.—adv.

The moon, which will be full on the 18th, is the Harvest moon, insuring at least a week of bright, beautiful nights.

The state officers of the F. of A. are to meet in Waterbury next Sunday to fix a date for the annual class initiation.

C. N. Woodward, superintendent of the shore line division of the N. Y. N. H. & H. R. R. is making a round of the line, inspecting the stations in every town.

At a recent reunion of the three brothers and three sisters of the Cranska family, held at Thompson, Frank Cranska of Norwich was in attendance.

Old soldiers recalled the fact that yesterday, September 15, was the anniversary of the day in 1862 when Harpers Ferry was captured by the confederates.

It was Mrs. A. T. Utley who led the first meeting of Comfort circle of The King's Daughters on Wednesday, coming up from her cottage at Neptune park for that purpose.

A meeting in the interest of education was held in Orange hall, North Coventry, at 8 p. m. Thursday.

There is much need of a piano for the use of the Falls club in the new quarters on Oneco street. Anyone having a piano to give will kindly communicate with Mr. Northrop, No. 9 Washington street.

This has been a peculiar year for beekeepers. J. B. Palmer, Jr., of Lisbon has had good luck with his twenty-two hives, but some of his neighbors lost entire swarms as a result of the cold, wet spring.

The new personal tax law, which will become operative next month, abolishes both the poll and military tax, and provides instead for a personal tax of \$2 on each male resident between the ages of 21 and 65 years.

Very Low Colonist Rates

Via Nickel Plate Road, to Washington, Oregon and far Northwest, daily, Sept. 14 to Oct. 14, and to California and far Southwest, daily, Sept. 30 to Oct. 14. Finest tourist sleepers. Write L. P. Burgess, N.E.P.A., 312 Old South Bldg., Boston, Mass.—adv.

Julius Woodruff will leave Berlin today (Friday) for Little Rock, Ark., where he will attend the national convention of the rural carriers' association. Mr. Woodruff is the delegate of the Connecticut Rural Carriers' association.

Read bird hunters are having good sport in the wild oats at Essex. The birds are numerous and in good condition, and nearly all the hunters are able to bring back full bags, the law limiting the number of birds to thirty-five.

The latest in the line of spurious money noted in Connecticut is a \$1 bill, a clever imitation. The number of the counterfeit is R95812192. The paper is nearer to the genuine article than usual and the silk threads are imitated with fine lines of red ink.

The Polish Turners of St. Joseph's parish, Norwich, are included in a letter of thanks by the Grand Army of Webster, Mass., for placing a floral tribute on the soldiers and sailors' monument in Webster on July 1st, when the convention of the Polish Turners was held there.

A recent addition to the Otis library shelves of special local interest is the gift of Orlan Dodge, former director of the Norwich Art school, including the following books and pamphlets relating to Mr. Dodge's successful experiments: Catalogue of an exhibition of paintings and autolithographs; with a brief account of the practice of lithography; Experiments in producing printing surfaces; New drawing surface; the Norwich film for lithographers, illustrators, architects, engravers, designers, jewelers, etchers and all process workers.

MONTVILLE CENTER CHURCH.

Many Improvements Made During the Summer.

The reopening of Montville Center Congregational church, which took place on Sunday, was unmarked by any unusual ceremonies, but there was a large congregation present and great interest was manifested. The church, which has been improved and refurbished, was much admired and the committee was complimented on the excellent work. During the service, which was conducted by Rev. H. T. Arnold of this city, acting pastor, three infants and two adults were baptized. During the offertory William McKenzie and Fred W. Chapel sang a duet Abide With Me. The church has been shingled outside and the belfry repaired. Inside a metal ceiling has been installed, the walls decorated and the pews altered. New carpets and cushions have been bought, and in every way possible the edifice has been brought up to modern requirements. The sum of \$1,062.98 was expended.

Italian's Back Broken.

Jeremiah Terpest, the Italian, who hit his back broken by falling on work on the Chelsea bank building on Wednesday, was in about the same condition at the Eschus hospital at 2 o'clock this morning. He is in a probability fatally injured. He has a wife and children in Italy, which he left for this country a little over a year ago.

Frost is Expected.

From the cold, clear evening Thursday, it was predicted that there would be a light frost this morning. At one o'clock this morning the thermometer at Trading Cove was 46 above zero. It was one of the coldest nights of the month.

PERSONAL

George Niarchos has returned from a visit in Boston.

Mrs. Edna Stapin of Stonington is visiting with relatives in Montville.

Miss Bessie Daniels of Norwich is being entertained by Miss Margaret Fuller of Bridgeport.

Mrs. Samuel H. Freeman has returned home after a two weeks' stay with Mabel Ingraham in New York.

Judge and Mrs. Nelson J. Ayling have returned from a ten days' stay at the former's home at Bear Lake, Pa.

Theron E. Brown and Mrs. Alice Richardson of Washington street attended the Willimantic fair on Wednesday.

Mr. and Mrs. Charles Miller, who have been spending the summer at the Strand, Stratford, returned to Mount Vernon, N. Y., this week.

Herbert Mills of Willimantic has returned home after spending a few days at the home of Miss Phoebe Mansfield in Poquetanuck.

Misses Florence and Belle Mills of Willimantic, who have been visiting at the home of Mr. and Mrs. William H. Mansfield in Poquetanuck, have gone to New Britain to resume their teaching duties in that place.

Misses Florence and Belle Mills of Willimantic, who have been visiting at the home of Mr. and Mrs. William H. Mansfield in Poquetanuck, have gone to New Britain to resume their teaching duties in that place.

John Harkness of Poquetanuck, who has been working for Henry Hart this past summer, has accepted a position farming with F. W. Brewster of Tarek yard. He will take the place made vacant by the resignation of William H. Clark, who has been working for Mrs. Brewster for the past fifteen years.

AT POLLS.

Vaudeville and Motion Pictures.

Good sized houses greeted the change of bill at Polls on Thursday, and they were given a treat in the line of vaudeville.

Dillon remains through the week and in this half gives The Political Boss, a picture which is well worth the interest from the beginning to the end.

The work of Dillon received a big hand.

Bessie as a foot juggler is capital, being able to keep most anything from a barrel to a large sized wheel in the air or revolving in the air at will. He is a picture which is well worth the interest from the beginning to the end.

The rural comedy sketch, My Boy Jim, as done by Rutledge and Picy-spring, keeps the audience entertained from the beginning to the end. It is a clever bit of character work which is good for a laugh any time.

The operatic singers, Cadets de Gascoigne, a quartette, favored with fine voices, made an immediate hit with their selections and were called upon for several encores. It is a singing act which appears to the audience.

Perhaps one of the merriest musical and comedy acts seen here is given by Berry and Brooks, whose work is distinguished by its excellence. It is a clever, wholesome act, which makes the audience bubble over with laughter, and yet they are skilled players on several instruments.

Wednesday night Manager Bliss had many guests, it being Newsboys' night, and as the guests of Mr. Polk the lads spent a delightful evening.

CONFIDENTIAL CLERK

GIVES TESTIMONY.

'What He Was Supposed to Know—Not What He Was Not Supposed to Know—Secrets.

New York, Sept. 15.—A confidential clerk of the defunct brokerage firm of Ellingwood & Cunningham, once such a favorite with stock dabblers in legislatures, now either dead or out of public life, told the Merritt legislative committee today some of the things that gave his position a right to its title. It was not what he knew that astonished so much the committee as what he was expected not to know. Here are some of the things that happened under the eyes of Alexander S. Hackley, the confidential clerk, to which he testified today, but had hitherto held confidential:

A draft to his order for \$10,000 from the Chemung Canal Trust company of Elmira appeared on his desk one morning, whence or why he did not know. It was placed to his credit with Ellingwood & Cunningham, but he never drew against it.

A check for \$7,500 was shown by the book of the firm to have been similarly placed to his credit, but he swore that until today he had never known it.

Telegrams and letters were sent in his name without his knowledge, and he swore he learned of their existence today for the first time.

Small Edna's father was talking with a man at the gate and she had told him several times that dinner was ready, but he paid no attention to her. Finally she said, "Papa, if you don't come to dinner the ice cream will all get cold."

Sound Refreshing Sleep

is Nature's season of rest and recuperation.

During sleep the body replaces waste and rebuilds new cells for the activities of the coming day.

If coffee keeps you awake at night (and it does many who don't suspect the cause) quit the coffee and enjoy the restful sleep that follows a change to well-made

POSTUM

It contains no caffeine—the drug in coffee; nothing but nourishing food elements, including the "vital phosphates," grown in wheat for rebuilding brain and nerve cells.

"There's a Reason"

Postum Cereal Co., Limited, Battle Creek, Mich.

Contract For Park Roadway Let

Charles B. Chapman Will do the Work and Continue as Long as Weather Permits—Playground in Use at Mohegan Park.

The board of park commissioners have awarded the contract for the Washington street entrance to Mohegan park to Charles Butler Chapman, who will push the work along there as rapidly as possible from now on, and continue work into the winter as long as feasible. The contract covers the widening of the roadway, the layout of which the court of common council recently approved. Mr. Chapman was the lowest bidder for the work. There is much cutting and filling to be done on the roadway, and work will be started at the eastern end of the job and work westerly to Washington street, and the roadway will be opened from being used until damage from accidents is over. Whatever is not finished this winter will be finished in the spring, and next year the road will be completed from the end of the present contract into the center of the park.

The playgrounds off Rockwell street in Mohegan park has been finished, and it is in use by the children whenever they get the opportunity. The ball grounds have been laid out and the boys find the diamond an excellent one. About the sides of the playgrounds are settees for the public, and ten swings have been erected there by Superintendent Duff. The park has been visited by thousands of people this summer, and still presents an attractive appearance, though the coming of fall is noticeable.

The two wild geese which were presented to the park commissioners by Selectman Lillibridge have been appreciated adjacent to the park equipment. Last Thursday night, however, one of the geese was stolen or attracted away and has not been seen since. The wings of the geese had been clipped so they could not fly, and they had become quite tame. Inasmuch as they could not fly, it is thought the missing one furnished some one a dinner last week.

Before a large audience in the McKinley avenue A. M. E. Zion church on Thursday evening Bishop Alexander Walters, D. D., lectured on the subject Africa and Its Needs. Just back from the coast of West Africa to visit the missionaries at the various stations, he sailed from New York on Jan. 26 last, Bishop Walters has the conditions of the country fresh in his mind. He lectured on the progress that is being made, the important part the A. M. E. Zion church is taking in the uplifting movement, and the things that must be done for the colored people in far-away Africa. His address was accorded hearty applause by his hearers, who numbered in the neighborhood of 150.

After an organ prelude by Mrs. Maude Epps and selection by the choir, the speaker, Bishop Walters, gave some instructive statistics in regard to the dark continent, stating in detail the history of the present conditions in Liberia and the Ivory coast, and is approximately 43,000 square miles in extent. In some parts of Liberia the climate is as healthful as in some parts of the United States, and in no part of the republic is it as deadly as reported. The speaker referred to the natural resources, saying he never saw so many varieties of fruits and vegetables in his life before.

In 1871, the British financiers, a debt amounting to \$455,000, with interest, was incurred, and there is a further customs loan of \$480,000, and a total debt amounting to \$935,000. For a population of 1,000,000 this would not seem to make a formidable grand total of indebtedness, especially in view of the great natural resources of the country. But how to bring about the development of these resources is a problem more perplexing than any other. The speaker referred to the proposal that has been made to divide Liberia among the various parts of Liberia, which was disposed to take the whole. Most people outside of official circles would cordially welcome the advent of the United States as an African power, said the bishop, but he referred to the absence of any such professed desire on the part of the country.

The bishop believes that the first work to be done in West Africa is to establish a good school with an industrial department. He is convinced that if a permanent work is to be done in Africa its basis must be laid in education, and by all means Christian education. The church must be the outgrowth of the school. Liberia presents splendid opportunities for our missionary activities. Aggressive measures are immediately necessary, for there is no time to be lost.

After Bishop Walters' inspiring address, Professor Geary, delighted with the solo when the choir sang the Light-house Ring Ding-Doig, a John Smith gave a violin solo and the choir sang the closing hymn.

The university committee did its full duty, refreshments being served in the vestry. The members of this committee are: Mrs. Della C. Eley, president; Mrs. Eliza Geary, vice president; Mrs. Clara Burr, secretary; Speed Evans, treasurer; Mrs. Zara Hall, Mrs. Mabel Hays, Mrs. Laura French, Thomas James, Mrs. Mariab Silvery, Mrs. Mary James, Miss Para Congdon, Miss Elizabeth Wheeler. The members of the Progressive Missionary society acted as waitresses.

Bishop Walters, who was born in old Kentucky, and makes his headquarters in New York, will remain in Norwich until Saturday as the guest of Speed Evans of McKinley avenue.

Simplicity.

"Nor knowest thou what argument thy life to thy neighbor's creed hath lent?" Some one has observed and appreciated. It may be a stranger, but that does not matter.

A Tired Reformer.

We know so many things that should be done that we no longer hope to see them accomplished during our lifetime.—Aitchison Globe.

The Value of Silence.

By keeping quiet a man can frequently get credit for knowing a lot of things that have never entered into his philosophy.

Real Wealth.

Gunner—They say since Cogwood bought his new automobile he has run into wealth. Guyer—Yes, he ran into a 400-pound hog the other day.

The Victor in the Struggle.

Experience shows that success is due less to ability than to zeal. The winner is he who gives himself to his work, body and soul.—Charles Buxton.

Children Cry FOR FLETCHER'S CASTORIA

Called Down.

"I wish to see some sponges," said the squawking woman. "Yes, ma'am, we have swell ones for a quarter," said the clerk. "Young man, all sponges are swell sponges. You may dispense with the adjective."

Pious Suicide.

It was stated at an inquest held at Lindfield, Sussex, England, that prior to committing suicide, Edward Lambert read the burial service himself and recited the hymn "Abide With Me."

Hiding Place for Betting Slips.

Betting slips which were found hidden between the leaves of a family Bible were produced at the Sunderland (Eng.) police court during the hearing of a betting case.

Incidents in Society

Mr. and Mrs. Owen S. Smith and their guest, Miss Bertha Lyman of Providence are taking a week's automobile trip to Woodstock, Norwood, Mass., and Providence, R. I.

AUTUMN HATS.

Novel Offerings for the Woman Who Motors—Models for Dressy Occasions.

Lookers and buyers were numerous at Thursday's millinery opening, and there were many exclamations of admiration as the beautiful model hats and bonnets were displayed.

Some unusually fascinating auto bonnets won attention. One especially with crown in leather shade, its visor being with elaborate of black, sautochous in either side, and bronze ribbon strings.

Equally effective was an auto bonnet with crown, its coloring being cloth veil having a velvet border in shades of gun metal.

A novelty was one of the newest all leather hats, with a crown of white drapes and wing of dainty white feathers.

Distinctively elegant was a reseda green turban with box crown, micro-fine drapes of green, its trimming Persian roses.

A modest but modish little model was a gage hat in black velvet, turban shape, with a crown of black sautochous braid and fringe effect in sautochous.

A genuine novelty was another gage turban in blue and black bengaline, with simulated plume in blue and black mulline.

These and scores of other beautiful models were shown at the millinery today. Just where The Bulletin's millinery advertisers will inform you.

PRE-CARNIVAL SUPPER.

Given at Trinity Methodist Episcopal Church Carrying Out Preity Plan.

With reference to a carnival to be held in this church in October, a general supper was served on Wednesday evening. The menu was after the order of the usual supper. Each table was in charge of one lady, who carried out her own color scheme. Mrs. W. B. Dowson presided at the table. She wore a gown of the same color. Miss Alice L. Woodward's was lavender and white. Mrs. Nelson Porter's had apricot and white. Mrs. George E. Robinson's a rich maroon. Miss Anna Burdinas, Mrs. Frank E. R. Leete, also the invaluable helpers, Mrs. Nellie K. Marshall, Mrs. Jane Bentley and Miss Edith Fellows.

Others who assisted in making the supper a success were Miss Mary E. Burdinas, Miss Anna Burdinas, Miss Anna Himes, Miss Edith Maynard, Mrs. Frank E. R. Leete; also the invaluable helpers, Mrs. Nellie K. Marshall, Mrs. Jane Bentley and Miss Edith Fellows.

The bishop described his trip to West Africa, and gave some instructive statistics in regard to the dark continent, stating in detail the history of the present conditions in Liberia and the Ivory coast, and is approximately 43,000 square miles in extent. In some parts of Liberia the climate is as healthful as in some parts of the United States, and in no part of the republic is it as deadly as reported. The speaker referred to the natural resources, saying he never saw so many varieties of fruits and vegetables in his life before.

In 1871, the British financiers, a debt amounting to \$455,000, with interest, was incurred, and there is a further customs loan of \$480,000, and a total debt amounting to \$935,000. For a population of 1,000,000 this would not seem to make a formidable grand total of indebtedness, especially in view of the great natural resources of the country. But how to bring about the development of these resources is a problem more perplexing than any other. The speaker referred to the proposal that has been made to divide Liberia among the various parts of Liberia, which was disposed to take the whole. Most people outside of official circles would cordially welcome the advent of the United States as an African power, said the bishop, but he referred to the absence of any such professed desire on the part of the country.

The bishop believes that the first work to be done in West Africa is to establish a good school with an industrial department. He is convinced that if a permanent work is to be done in Africa its basis must be laid in education, and by all means Christian education. The church must be the outgrowth of the school. Liberia presents splendid opportunities for our missionary activities. Aggressive measures are immediately necessary, for there is no time to be lost.

After Bishop Walters' inspiring address, Professor Geary, delighted with the solo when the choir sang the Light-house Ring Ding-Doig, a John Smith gave a violin solo and the choir sang the closing hymn.

The university committee did its full duty, refreshments being served in the vestry. The members of this committee are: Mrs. Della C. Eley, president; Mrs. Eliza Geary, vice president; Mrs. Clara Burr, secretary; Speed Evans, treasurer; Mrs. Zara Hall, Mrs. Mabel Hays, Mrs. Laura French, Thomas James, Mrs. Mariab Silvery, Mrs. Mary James, Miss Para Congdon, Miss Elizabeth Wheeler. The members of the Progressive Missionary society acted as waitresses.

Bishop Walters, who was born in old Kentucky, and makes his headquarters in New York, will remain in Norwich until Saturday as the guest of Speed Evans of McKinley avenue.

Relationship.

Your first cousin twice removed to your first cousin's grandchild. Grandchildren of first cousins are third cousins to one another, and your cousin's child is your first cousin, once removed.

Electrical engineers are proposing that trolley cars be equipped with ball bearings in order to let the cars coast as much as possible and thus reduce the consumption of energy.
