

WHAT IS INTERESTING WESTERLY

Chas. D. Chapman In Auto Accident—Dr. and Mrs. Lorin F. Wood Conspicuous in Thurston Will Contest—Straightening of Beach Street Begun—Westerly Team Champions of League Season.

Charles D. Chapman of Westerly is having an automobile experience that is not envied, even by those who devote all their time to these modern means of locomotion. He has lost two automobiles at different times by fire, been held up for running down a soldier in New London, had a close call from serious damage with a Groton-Stonington car, when the machine left the highway and shot in front of the car in a private way, and has had other and varied experiences and without serious injury to himself.

out and suffered a fracture of the thumb of her right leg. She was badly bruised and taken to the Rhode Island hospital in Providence. Mr. Chapman was also thrown from the machine and somewhat injured, but did not go to the hospital for treatment.

The automobile was smashed, and will require garage treatment before being fit for service.

STATE OF OHIO, CITY OF TOLEDO, Lucas County, ss. Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure. FRANK J. CHENEY, Notary Public.

Dr. Lorin F. Wood, formerly a practicing physician in Westerly, and his wife, who was Miss Ethelind Dunn Hughes of Mystic, are brought into the spotlight in the contest over the will of Mrs. Harriet P. Thurston, who died in San Diego, Cal. Mrs. Katherine Tingley, head of the Theosophical society, beneficiary under the will to the amount of \$150,000, will fight to the end the suit filed against her and her associates charging conspiracy and undue influence with relation to Mrs. Thurston.

Mrs. Jacob Wilmet, Lincoln, Ill., found her way back to perfect health. She writes: "I suffered with kidney trouble and backache and my appetite was very poor at times. A few weeks ago I got Foley Kidney Pills and gave them a fair trial. They gave me great relief, so continued till now I am again in perfect health." Lee & Osgood Co.

George L. Patterson, son of Mrs. Thurston, and a wealthy banker of New Castle, Pa., declares that Mrs. Thurston, who was married in 1905 to Clark Thurston, a member of Mrs. Tingley's society, was induced to leave her property to the institution. He declares that his mother was not of sound mind, that two of the witnesses named in the will were not witnesses in fact, and that the will, if really executed by her, "was procured by undue influence of Katherine Tingley, Dr. Lorin F. Wood, Ethelind Dunn Wood, J. F. Knocks, Jane Doe Davidson and Clark Thurston, the husband, and various other persons acting under the control and direction of Katherine Tingley."

INDUSTRIAL TRUST COMPANY Westerly Branch Capital Three Million Dollars Surplus Three Million Dollars Over Fifty Thousand Accounts. Liberal, courteous and efficient in its management.

George L. Patterson is vice president of Lawrence County National bank. He seeks to recover the \$300,000 estate left by his mother, and an accounting for \$700,000, which he alleges has disappeared since the time his mother became associated with the cult. The fortune was founded by William Patterson, banker and iron merchant, who died five years ago, leaving \$3,000,000.

FOR SALE Two seven-room houses, situated in different parts of the compact part of Westerly, R. I., each having 60 foot street front, and both having vacant land adjoining that can be secured at reasonable prices if a purchaser desires. Both having heat, electric lights, modern plumbing, inspection invited. Frank W. Coy Real Estate Co., Westerly, R. I.

The senior Patterson was twice married. He left to his widow a stated amount which was less than Mrs. Patterson was entitled to under the law and she refused to accept it, and the case was compromised. With a million dollars in her own right Mrs. Patterson went to Los Angeles, where she became acquainted with Dr. and Mrs. Wood, Clark Thurston and other members of the Theosophical society. About fifteen months ago she married Mr. Thurston, and settled \$200 a month on her husband. She died the latter part of July.

The work of straightening and widening Beach street, from its outlet to River Road, for which an appropriation of \$4,000 has been made, was begun Monday, the vote making the appropriation stipulating that the work should not be started until after September 15, the close of the Watch Hill season.

For Electrical Supplies and Construction, see ROBERT M. HISCOX & CO., Tel. 497, 62 Main St., Westerly.

The street between the points named is now about 55 feet in width and will be widened to 45 feet. The sidewalks and fences will first be set back to the new line, and this work has been commenced at the Frank Saunders place. The 811 near the Foster place will be cut down four feet, this change necessitating a change in grade of the Pawcatuck Valley trolley road tracks and the lowering of the water main. When this is completed, the road will be macadamized, and that section will then be in keeping with the rest of the main highway between the villages of Westerly and Watch Hill.

The Boston Store Opening of the New Store WE ANNOUNCE THE OPENING OF OUR NEW STORE WEDNESDAY, SEPT. 21, AT 10 A. M. The new Shannon Building Store will be open for business Wednesday, September 21st, with an assortment of merchandise it will be found difficult to duplicate. This store will be in addition to the stores already occupied by us, and collectively will afford the people of this city and vicinity one of the largest and best equipped Dry Goods stores in the state. Our endeavor will be to sell the best merchandise for the least money—only the product of the best manufacturers being represented in our stock, as has been the principle for the past thirty-one years. The Shannon Building is the finest example of the modern fireproof construction in New England and we have tried to plan our methods to correspond to it—our fixtures and counters being of the most modern and approved type, making the easy display of goods paramount. We are installing a Pneumatic Tube Cash System of the best and latest design, which insures quick and accurate service to our customers, and removes the unsightly and other objectionable features of the other styles. Every department in our entire store is greatly enlarged, enabling us to carry a greater variety than ever before and doing away with all congestion, even in busy times—the aisles will be found to be wide and the display of goods exceedingly attractive. The Millinery Department will be found in the rear of the Shannon Building, almost a separate store by itself—large and roomy and with every modern need which is conducive to the comfort and convenience of our customers. Muslin Underwear, Infants' Wear and Corsets, which have been very much cramped for room on the second floor of the Williams Building will also be found in the new store, having double the space formerly and separated from the main store—all Underwear being in dust-proof glass fronted shelving, making an unequalled display and allowing the easy and rapid showing of these goods. Other departments located in the new store are Notions, Jewelry, Leather Goods, Stationery, Neckwear, Umbrellas, Veils and Veiling, Laces and Embroideries, Handkerchiefs, Trimmings, Hosiery and Underwear, Gloves, Ribbons and the Toilet Section. A word about our Toilet Department. This section will be located at the right of the entrance and it will be our endeavor to carry every well known and standard Toilet Preparation, and at dry goods prices. WE HOPE TO SEE ALL OUR FRIENDS ON THE OPENING DAYS. The Reid & Hughes Co.

Champlin of Albany, formerly of Westerly, are here visiting relatives. Mr. Champlin is sub-reference librarian of the New York state library.

pastor of the East End Presbyterian church of Bradford, Pa., recently accepted a call to the West End Congregational church of Bridgeport. Waterbury.—The will of the late Judge George H. Cowell was filed for probate last week by a local attorney acting for the widow, Mrs. Alice Cowell, who is named executrix. Judge Cowell is believed to have left an estate of \$100,000. Danbury.—The Y. M. T. and L. society has completed arrangements for the farewell testimonial Thursday evening which it will tender Father N. P. Coleman, formerly assistant pastor at St. Peter's church and for five years chaplain of the society. Middletown.—Miss Williamson of Brooklyn, N. Y., is a guest at the Douglas mansion on South Main street. Miss Williamson is the fiancée of Edward C. Douglas, president of the W. & B. Douglas company. The wedding will take place in December. Greenwich.—W. S. Gilmore, after spending twenty-two summers at Greenwich, has finally elected to reside here. He purchased the Allen cottage, 701 Greenwich avenue, last spring and will make this beautifully situated residence a permanent home for his family. Winsted.—The trustees of the Litchfield county hospital have received from Miss Mary Eldridge of Norfolk, for emergency use, owing to the large number of patients coming to the institution, the sum of \$500. Typhoid and other cases have increased the expenses of the hospital about \$200 a week. For Clean Foods. Addressing the American Health association in convention at Milwaukie, Prof. James O. Jordan of Boston, chairman, pointed out the need of protecting foods from contamination not only by dirt, dust, insect life, dogs and cats, but also from handling by human beings. He must have had in mind careless masses to whom the rules of cleanliness are practically unknown. The effort of the day, among civilized people is generally for clean food. Restaurants are sometimes accused of being less particular than they should be, but local health officials can keep them up to the standard or have them

discontinued. If such power is not accessible by any health officer, legislation should provide for such an arrangement. Prof. Jordan spoke also for milk, saying: "Less money spent on milk, and beer and more devoted to procuring clean milk will yield health dividends more than commensurate with the capital invested." It is hardly necessary for the individual to forego much beer or much milk to provide clean milk. The task is the community's. Only one class of milk should be tolerated, and that, reasonably rich, and delivered in cleanly vessels and vehicles.—Buffalo Express. Rates and Terminal Charges. There is nothing more essential in the fair adjustment of railroad freight charges than that they should be determined without reference to terminal charges. The carrying is one thing, the handling after delivery another. Each competitive terminal port on the Atlantic coast, for example, is

entitled to fairly competitive rates of haul. There the service of the carrier ends. Each port is thereafter entitled to whatever advantage may accrue from its better or cheaper terminal facilities. The railroads have been at vast expense in enlarging the terminal facilities at the port of New York. It is the exercise of an outrageous favoritism and discrimination on the part of the railroads to force trade to New York by including the cost of terminal handling as a part of the freight rate to and from that city and at the same time assess a heavier rate upon the traffic to Boston, Philadelphia and Baltimore, excluding the cost of terminal handling, in order to make good New York expenditure. No settlement of freight rates will ever be satisfactory that does not discover the cost of carrying from the after-act of handling at points of delivery.—Philadelphia Record. Compared with 1870 pauperism in London has decreased by 50 per cent.

ENDS DYSPEPSIA IN A FEW MINUTES Indigestion, Heartburn, Sourness, Gas and Misery, Caused by an Out-of-order Stomach, Vanishes Before You Realize It—A Prompt Cure Awaits Bulletin Readers. There would not be a case of indigestion here if readers who are subject to stomach trouble knew the tremendous anti-ferment and digestive virtue contained in Diapensin. This harmless preparation will digest a heavy meal without the slightest rise or discomfort, and relieve the sourest, acid stomach in five minutes, besides overcoming all foul, nauseous odors from the breath. Ask your pharmacist to show you the formula plainly printed on each 50-cent case of Diapensin, then you will readily understand why this promptly cures indigestion and removes such symptoms as heartburn, a feeling like a lump of lead in the stomach, belching of gas and eructations of undigested food, water brash, Nausea, Headache, Bilioussness and many other bad symptoms; and, besides, you will not need laxatives to keep your stomach, liver and intestines clean and fresh. If your stomach is sour and full of gas or your food doesn't digest, and your bowels don't seem to fit, why not get a 50-cent case from your druggist and make life worth living? Absolute relief from stomach misery and perfect digestion of anything you eat is sure to follow five minutes after, and, besides, one case is sufficient to cure a whole family of such trouble. Surely, a harmless, inexpensive preparation like Diapensin, which will always, either at daytime or at night, relieve your stomach misery and digest your meals, is about as handy and valuable a thing as you could have in the house.
