RESERVE FOR WOMAN'S COLLEGE

Offered by Charles H. Brown to the State Committee
Looking for a Site—Beautiful Location for Such an Institution.

The state committee having in charge the selection of a site for a state women's college has received many offers of sites about the state. The only one from this vicinity has come from New London, but now a second offer from this county has been made, as Charles H. Brown of this city has offered to the committee his summer place at Riverview, consisting of 100 acres at Gales Ferry, for such a purpose. This is one of the handsomest places on the Thames river and would provide an elegant location for such an institution.

The offer of Mr. Brown was made to Mrs. Elizabeth Wright of the committee having the matter in charge in the following letter:

West Main street, and Harry Peck of Forest street, two boys about eight years old, became suddenly delirious at their homes on Thursday evening, probably having been poisoned by eating some seeds from vines they found on the E. Chappell company wharf. The two boys who were affected had eaten heartily of the seeds, but the Peck boy's brother, who was with them, ate only a small piece of one seed and was not troubled.

Dr. H. E. Higgins was called about 10 o'clock Thursday night, prescribing medicine, and the boys are now recovering.
