

Gains 30 Pounds In 30 Days

Remarkable Result of the New Tissue Builder Protone, In Many Cases of Run-Down Men and Women.

Prove It Yourself by Sending Coupon Below for a 50 Cent Package, Free.

"By George, I never saw anything like the effects of this new treatment, Protone, for the building up of weight and lost nerve force. It acted more like a miracle than a medicine," said a well-known gentleman, yesterday, in speaking of the revolution that had taken place in his condition. "I began to think that there was nothing on earth that could make me fat. I tried tonics, digestives, heavy eating, diets, milk, beer and almost everything else you could think of, but without result. I had been thin for years, and began to think it was natural for me to be that way. Finally I read about the remarkable processes brought about by the use of Protone, so I decided to try it myself. Well, when I look at myself in the mirror now, I think it is some body else. I have put on just 30 pounds during the last month, and never felt stronger or more 'nervy' in my life."

Protone is a powerful inducer of nutrition, increases cell growth, makes perfect assimilation of food, increases the number of blood corpuscles, and as a necessary result builds up muscles and solid, healthy flesh, and rounds out the figure. For women who can never appear stylish in anything they wear because of their thinness, this remarkable treatment may prove a revelation. It is a beauty-maker as well as form builder and nerve strengthener. It will cost you nothing to prove the remarkable effects of this treatment. It is absolutely non-injurious to the most delicate system. The Protone Company will send to anyone who sends name and address a free 50c package of Protone, with instructions, to prove that it does the work. They will also send you their books on "Why You Are Thin," free of charge, giving facts which will probably astonish you.

Send coupon below—today—with your name and address.

FREE PROTONE COUPON. This coupon is good for a free 50c package (all charges prepaid), of Protone, the remarkable scientific discovery for building up thin people, together with our free book telling why you are thin, if sent with ten cents in silver or stamps to help cover postage and packing, and an evidence of good faith. The Protone Co., 337 Protone Bldg., Detroit, Mich. Name: Street: City: State:

MANSFIELD CHURCH'S 200TH ANNIVERSARY

Celebration Will Be Held October 7, 8, 9 and 10, With Many Speakers.

The 200th anniversary of the First Congregational church of Mansfield and a community home coming will take place in Mansfield, October 7, 8, 9 and 10. The first meeting will be held Friday, October 7, at 8 P. M., and will be devoted to educational themes. A. W. Buchanan, secretary of the town school committee, will speak on "The Beginning and Development of Mansfield's Schools." Dr. E. G. Sumner, ex-acting school visitor, will make an address on "The Old District School." Miss Annie Buchanan of the Willimantic Model school will talk on the subject "Our Schools of the Present." W. C. Chapman, superintendent of "The Supervisor and the Schools." The exercises will close with a school parade. The afternoon will be devoted to visits to places of interest in the town. In the evening at 7:30 there will be an old folks' concert and social greetings. The exercises Saturday will begin at 9:30. L. S. Bigelow will speak on "Mansfield as a Place of Residence." Professor J. M. Treiman of the Connecticut Agricultural college will speak on "Mansfield as a Place for Agriculture." At 10:15 there will be exercises from the church in response, reminiscences and appreciations. At 1:30 in the afternoon there will be an inter-church field day. In the evening at 7:30 there will be the reopening of the church with sermon by the Rev. Edward P. Ayer. Sunday morning at 9 o'clock the session of the Mansfield Hollow Sunday school will be held. At 11 o'clock there will be public worship with historical discourse as prepared by the Rev. K. E. Gilman in 1874. At 12:30 will occur the Sunday school hour with some account of the beginnings and development of the Sunday school and with reminiscences, appreciations and anticipations, in charge of W. F. Storrs and Edward P. Ayer. At 2 o'clock will be an old time afternoon meeting with continuance of the historical discourse. There will be also a representation of the Rev. C. L. Ayer's pastorate by the Rev. Edward P. Ayer; representation of the Rev. K. B. Gilman's pastorate; account by the Rev. F. E. Delzell of his own pastorate; representation of the Rev. Clarence Pike's pastorate. The communion of the Lord's supper will follow. In the evening at 7:30 will be the young people's hour with an account of the young people's work by L. Nellie Storrs and V. D. Stearns. There will be reminiscences, appreciations and anticipations in charge of the Rev. F. E. Delzell and R. E. Stearns.

On Monday will take place the meeting of the Windham County Association of Congregational Churches and Ministers, the morning session devoted to the study of the life of Harry Grimes will conduct the devotional exercises. At 11:30 will be greetings to the entertaining church by the Rev. Charles L. French of Griswold, the daughter churches in Storrs and Chaplin, the sister church in Willimantic, and by churches of the association. The afternoon session at 1:30 will be opened with an address on "The Great Aim and End of the Church" by the Rev. Sherrod Soule of Hartford, secretary of the Missionary Society of Connecticut. The Rev. William S. Beard, pastor of the Willimantic Congregational church, will speak on "The Attitude of the Church Towards Young People." The Rev. J. K. Moore will speak on "The Attitude of the Church Towards Men." The Rev. John S. Porter of Austria will make an address on "The Attitude of the Church Towards the Non-Christian Peoples."

Monday evening the Rev. Dr. S. Parkes Cadman of New York will lecture on "The Puritan in Two Worlds." Entertainment will be provided on Monday for the delegates and ministers of the Windham association. The first pastor of the church was the Rev. Ezeriah Williams. He was ordained in 1710, and remained with the church many years. In 1720 he built what is now known as the Richard Slater house, a grand old home of colonial architecture. It is owned by Gilbert W. Chapin of Hartford.

Parling an Elephant's Nails.

When an elephant is in captivity, the nature of its habits permits the beast's nails to grow to an abnormal length. Thus the necessity for the careful paring of the nails. After the elephant has been secured the nails are cut with a saw.

Not Ultra Fashionable.

"She has wonderful brown eyes!" exclaimed the enthusiastic young man. "Then she does not dress in ultra fashion," commented Miss Cayenne. "What makes you think so?" "If she did her hat wouldn't permit you to see her eyes."

A Coincidence.

Tutor (looking out in the front yard)—"That dog of yours seems to be frisky, Miss Clara." Miss Pinkerly—"Yes, he is simply delighted. Just after you came pa took off his moustache."—Philadelphia Telegraph.

Feet So Sore Couldn't Walk Down Stairs—TIZ Cured Her Quick

If you have sore feet, tired feet, swollen feet, lame feet, tender feet, smelly feet, corns, calluses or blisters, read what happened to Mrs. Crockett of Jeffersonville. TIZ DID IT! After using TIZ for the second treatment she walked downstairs on each foot at a time. She has not been able to walk downstairs since. It's the only remedy ever made which acts on the principle of drawing out all the poisonous excretions which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. You will feel better the first time it's used. If a week and you care forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ for sale in all drug stores. 25c per box or direct, if you wish from Walter Lee Dodge & Co., Chicago, Ill.

CONFERENCE OF SIX CHURCHES

Many Delegates at Preston City With Fine Sermon and Addresses

The Preston City conference of the six Congregational churches on Wednesday at the Preston City Congregational church was marked by a more than usual attendance of delegates, a fine autumn day, and by sermon and addresses of great excellence. Unsearchable Riches of Christ. Rev. Charles L. French of Griswold led the devotions. Rev. Fred S. Mumford, the new pastor at Plainfield, preached the sermon. His text, taken from Ephesians 3:1, introduced his discourse upon the Unsearchable Riches of Christ. His theme developed the text: "The divinity of Jesus; Christ's tenderness in dealing with the sinner, the sorrowing, and those in the agony of trial, and redeeming grace, revealed in his atonement." After the intermission for dinner and the social hour, Dr. Gane of Jewett City led the praise service. The musical program of the afternoon included a solo by Nathan H. Hall, Forever With the Lord; a solo by Miss Florence Holden, The Way Be Long and Wear; and a choir anthem, Guide Me, O Thou Great Jehovah. The Kingdom of God on Earth. The afternoon conference considered The Kingdom of God on Earth, from the text, "And I saw the holy city, new Jerusalem, coming down out of heaven from God." Rev. Frank A. Fuller of Lisbon read a paper on Religious Education Through the Sunday School. Its aim is to secure acquaintance with the Bible, right methods of study, teaching moral laws, directing the will by winning the heart; building up souls into lives of usefulness, and enlisting lives in Christian service.

Agricultural Education. Prof. L. A. Clinton of Storrs college considered Agricultural Education. He made note of the increased modern interest in agriculture as the source of food products, and paid a tribute to the honorable calling of the farmer. He urged that the boys and girls of the farmers have equal opportunity with those of the city to acquire education, and that consolidated graded rural schools, with free transportation, could provide expert instruction in agriculture. Further discussion was continued by Rev. C. H. Peck of Hanover, Rev. H. T. Arnold of Norwich, Henry Dorrance and Jason Lathrop of Plainfield, Charles Morgan of Griswold, and Deacon Brown of North Stonington. New Evangelism and the Old Evangelism. Rev. E. O. Cunningham of Preston, the associate of Dr. Stough in the Norwich evangelistic campaign of last year, spoke on The New Evangelism and the Old Evangelism. The preacher nowadays needs to be a specialist in his calling, and to construct his message about the two forces—sin and salvation—through Jesus Christ. He illustrated his topic by the conversion of two persons at the extremes of society: one a social castaway, and the other a lady of refinement. He also spoke of the conversion of two persons at the extremes of society: one a social castaway, and the other a lady of refinement. He also spoke of the conversion of two persons at the extremes of society: one a social castaway, and the other a lady of refinement. He also spoke of the conversion of two persons at the extremes of society: one a social castaway, and the other a lady of refinement.

- Columbus. Sigourney. 811-8419.
- Columbus. Lowell. 811-L244.
- Songs of History. Butterworth. 811-B38.

MARRIED 57 YEARS AGO.

Mr. and Mrs. Ezra J. Crocker of New London Have Unusual Record.

Most people look upon 25 years of married life in these days, when the fast speed means short lives and when divorces are so popular as something of a record. Fifty-seven years of married life with both the husband and wife alive and healthy surely is a remarkable record.

Wednesday was the fifty-seventh anniversary of Mr. and Mrs. Ezra J. Crocker of Blinnman street, New London, and it found the veteran mason as spry as many men of 50 years, able to visit the Down Town Reading club, the Niagara Engine company, and other of his accustomed places, at all of which he is a welcome visitor.

Mrs. Crocker is also in the same good health and spirits and able to attend to her household duties. Fifty-seven years carries New London back a good way. Mr. Crocker recalls that he was at work as mason on a four-story building, which is now used by the Henson & Chapin Manufacturing Co.

Mr. Crocker has worked only a short while in his trade, and he now shows many a younger man how the trowel should be scientifically wielded. Mr. and Mrs. Crocker have buried six children, but one of their family of seven being alive. She is Mrs. Dayton Atwood of Plymouth, Pa.

Mr. and Mrs. Crocker are truly a remarkable couple. They enjoy life in their simple way and in the self-same way make many friends.

Faith in Immortality. The faith in immortal life is the great achievement of the human mind. The destruction of this great poetic conception would be like depriving the planet of an atmosphere.—Ziska.

New York's Little Italy. New York is the second Italian city in point of population in the world. Even the great city of Naples contains but a few thousand more Italians than New York.

Big Things Always Doing. Not a day passes over the earth but men and women of no note do great deeds, speak great words, and suffer noble sorrows.—Charles Reade.

How Lead Pipe is Made. Lead may be melted and when cooled to the solidifying point may be squirted. In this manner lead pipe is made.

"That horse of yours looks terribly run down." "Yep," replied Uncle Si Simpin. "Why do you keep him?" "Well, it's a kind of comfort to have him around. As long as I've got him I feel that there ain't much danger of my bein' cheated in a hoss trade."—Washington Star.

On an average a cow yields 350 gallons of milk a year.

FREE TO THE RUPTURED

A New Home Cure That Anyone Can Use Without Operation, Pain, Danger or Loss of Time.

I have a new Method that cures rupture and I want you to use it at my expense. I am not trying to sell you a Truss, but offer you a cure that stays cured and ends all truss-wearing and danger of strangulation forever. No matter whether you have a single, double or navel rupture or one following an operation, my Method is an absolute cure. No matter what your size nor how hard your work, my Method will certainly cure you. I especially want to send it free to those apparently hopeless cases where all forms of trusses, treatments and operations have failed. I want to show everyone at my own expense, that my Method will end all rupture suffering and truss-wearing for all time. This means better health, increased physical ability and longer life. My free offer is too important to neglect a single day. Write now and begin your cure at once. Send no money. Simply mail coupon below. Do it today.

FREE COUPON. Mark location of Rupture on Diagram and mail to DR. W. S. RICE, 108 Main St., Adams, N. H. Age: Cause of Rupture: Name: Address:

A Watched Pot Always Boils

On the gas range, the world's best cooking stove, a hot weather necessity, and always "a friend indeed, in time of need." You ought to see the new Estates, quality ranges built for discriminating purchasers. Better look at the Humphrey instantaneous Water Heater, also the Ruud Heater, when you call.

Gas & Electrical Dep't., 321 Main Street, Alice Building.

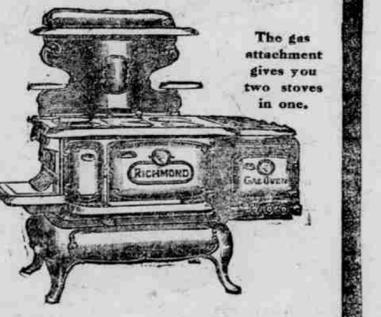

IN this week's lesson, Madelain Moss has taken as her subject "An Ideal Noonday Meal for School Children." Every mother should have this lesson. It contains many practical hints and will assist you in the preparation of the to-morrow's luncheon for the "kiddies." Remember, these lessons are absolutely free.

BARSTOW RICHMOND RANGES

You will find that these ranges contain more labor-saving and fuel-saving devices than any range you have ever seen. You will find that you can cook wholesome and palatable meals on it and be sure of the results.

Here are some exclusive features of these ranges:

- New Saving Fire Top: Makes entire surface of fire available for broiling or toasting. Also enables an even and easy distribution of heat at the use of large chunks of wood. No other range has this feature.
- Simple to use the Range with Gas Oven—the Combination Range is just as convenient for Winter as Summer use.
- Safety Danger: Works with a touch—almost automatic. Cannot be burned out or affected by heat.
- Three Styles of Grates: Adapted to one style of frame. Grates and frame freely drawn out through the fire door open for cleaning or renewing.
- Patented Extension Tea Shelves: Found only on our ranges—give ample space for large dishes.
- In Removable Flued Oven Rack: Adjustable at two heights. A simple locking device keeps this rack in rigid position when pulled in the way out.
- A Modern Heat Indicator: Of scientific construction and a Twentieth Century Simmering Cover sent free with each range.

J. P. BARSTOW & CO., 23-25 Water Street, Agents for Barstow Richmond Ranges.
