JAMES A. SHEA

Renominated for Judge of Probate by Republicans of Windham District.

James A. Shea, who for the past four years has been the judge of probate for the district of Windham, was Thursday afternoon renominated by the republican convention.

Windham—Ernest P. Chesbro, Frank P. Bradway, Napoleon Bacon, Jr. and John C. Barstow, the latter being proxy for Walter R. King.

After the convention had been called to order by Jared Fuller of Scotland, chairman of the district probate committee, John C. Barstow made a motion that Ernest P. Chesbro be re-elected judge of probate.

Nominating Speech. John C. Barstow placed James A. Shea, a Windham county lawyer, in nomination for the office.

During the administration of Judge Shea he had been in contact with many people who had had dealings with the probate court of this district.

Nomination Accepted. Judge Shea expressed his sincere thanks to the delegates for the honor conferred upon him.

W. J. Roberts of Detroit, Mich., was in the borough Thursday.

One of Two Ways. His divorced wife dying, her ex-husband wedded her. Immediately she gets well. Either that woman loves the man to death and wants to live for him or she's just made up her mind to get well now that she's got him again and hand the cuffs some of the discipline he escaped by divorcing her.

He Was Sorry He Spoke. It was at a suburban dinner party. The head of the house held up a rib of pork and observed, humorously: "Here, ladies, is what Eve was made of." "Yes," responded one of the guests, "and from about the same kind of a critter."—Illustrated Sunday Magazine.

Barber Establishes Record. A barber of Broken Hill, in Australia, in an attempt to lower the world's record, shaved 18 men in 14 minutes and 3 seconds, an average of 46 seconds each. The report doesn't say what his victims thought of the operation.

Belfast, Ireland, has had municipal ownership of street cars for the last five years.

MYSTIC

Check Sent to Noank Fire Department—Prospect of New Engine—Fire at Peace Grounds—Mrs. Cameron Dead.

The executive committee of the Mystic fire district Thursday sent a check to the Noank fire department for their able services during the fire Tuesday morning at Centre block. This was sent with a letter of thanks. It is through the work of their engine that this place has seen the need of an engine. The meeting which is called for Monday will no doubt draw a large number who will vote for an engine. It was rumored on the streets Thursday that Allen Avery would loan the money with which to purchase the engine and that the district could pay him when able. It was stated also that only a small tax would have to be levied.

Representatives of the different insurance companies have been in town settling with the different business men and lodges. The insurance companies have settled with Benevolence chapter, R. A. M., the amount being \$300; also with Miss Mary E. Cottrill, \$247.83, the amount of damage done to her place. Miss Cottrill also carried a policy with another agency and received from them \$47.83.

Notes. The Ladies' Aid society of the M. E. church was pleasantly entertained by Mrs. J. A. Rose yesterday afternoon.

Considerable business was transacted and regular work was carried out.

Mrs. Eliza Douglas and family moved from the Bates house Thursday to a house owned by Henry Meyers.

Mrs. Orville Tift of Tifton, Ga., is the guest of Miss Eleanor Pish.

Albert Dabine spent Thursday with friends in Providence.

Robert A. Stanton of Albany, N. Y., is the guest of Mystic relatives.

Charles E. and Edward G. Cameron of Westley after a visit with her son, Howard Bliven.

Grace Brown is visiting in Worcester.

Death of Mrs. John Cameron. Mrs. Mary Jane Cameron died Thursday noon after a long and painful illness. She was the daughter of Giles Williams and was born in Mystic 77 years ago. She was a member of the Methodist church and was the widow of John Cameron. She leaves two sons, Charles E. and Edward G. Cameron of this place, and one granddaughter, Miss Helen Cameron, and a step-mother, Mrs. Mary A. Williams, and two sisters, Mrs. Julia Prange of Providence and Mrs. Nathan Noble of Hope Valley, R. I.

Fire at Peace Association Grounds. Thursday afternoon fire was discovered in the grounds owned by the Universal Peace union. At 5 o'clock last evening the flames were making much headway and it was feared the temple would burn. There are two cottages on the grounds. It is thought that the work is that of the same person which has been going on in Mystic. The affair seems to be growing more serious and at the present time residents of Mystic are pretty well stirred up.

Big Demand for Talent. Scenarios for moving picture play are asked for. "If you have never tackled writing a scenario," a circuit says, "it doesn't matter. All we want is a good idea as to what would constitute a good story to be shown on the screen—comedy, tragedy, drama or educational." In explanation of the circular a man in the business said that the moving picture as a means of amusement had assumed such gigantic proportions that new talent must be secured to satisfy the demand for novelties.

Pride That Had a Fall. He was standing among his fellows, this lion of the salon of the Independent Artists, telling what art and life meant to him, when he was approached by a matter-of-fact citizen, who wanted to know, "Can you tell me," he asked, looking straight into the eyes of the great man "if these here durned pictures were done by real artists or just amateurs?"

Rather a Hard Dig. One of the candidates for admission to the Primitive Methodist ministry in New Zealand this year is a young man who usually appears in public in Highland costume. And according to a Maori paper, when his application came before the conference it was accepted, "on condition that he assumes civilized dress."

Rubber in South America. The town of Para, the center of the rubber industry of the Amazon, is on the River Guama, about a hundred miles from the sea, but the Para district extends over a large region to the south and west. Throughout this and the forests of central and northern Brazil rubber trees are abundant.

Sheep's milk to the amount of 42,267,000 quarts was consumed in France last year in making Roquefort cheese.
