SUPERIOR COURT.

Criminal Business Disposed of at Thursday's Session—Miller Gets Extra Year in Jail—Searles-Fetter Fined

The superior court for criminal business came in Thursday morning at ten o'clock with Judge Holcomb on the bench. Court was opened with prayer by Rev. Louis M. Flocken, pastor of the Methodist Episcopal church.

Criminal business was then taken up. Judge Harry E. Back of Danielson, who represented Arthur O. Bennett of Canterbury, charged with violation of the game law, asked a continuance of the case, as Mr. Bennett was ill and could not attend court. He stated to the court that he had in his possession a certificate from the attending physician to substantiate his statement. As no objection was entered by State's Attorney Charles E. Searles, the case went over to the next term of court.

stole a considerable quantity of goods, was charged with breaking jail. He entered a plea of guilty. The state's attorney stated that Miller had been sentenced to a year in jail for his previous crime and on last January, while he was assisting in the cooking at the jail, he was accustomed to start to work early in the morning and that one morning he in company with another prisoner managed to work some brass loose that protected a window, and escaped. Miller was apprehended about two months later and taken back to the jail. He had finished serving his year's sentence for his former crime, and Mr. Searles recommended that he be sentenced to another year for breaking jail. The recommendation was accepted by the court and Judge Holcomb sentenced Miller to another year in jail.

Liquor Cause of Sheehan's Trouble. Nicholas Sheehan, charged with an attempted assault upon a female child, entered a plea of guilty. His case had been continued from the last term of court. State's Attorney Searles said he had agreed with Attorney King, who was counsel for Sheehan, that he would take a jail sentence. He told the court that Sheehan, whose home is in Windsor, had borne a good reputation, that he was a married man and had two children and that at the time of his misdemeanor he was intoxicated. Prosecuting Attorney Bugbee was asked to state what the case was and that Sheehan was working for Robinson, the tire man in this city, and that the child resided near the shop and that she had been in the shop with Sheehan when her brother saw her in Sheehan's arms and in a somewhat compromising position. Attorney King spoke for Sheehan and said that he denied doing anything wrong with the little girl and that Sheehan bore an excellent reputation in Windsor, where he had previously lived. Judge Holcomb sentenced Sheehan to jail for six months.

There was no further criminal business to come before the court and adjournment was taken until ten o'clock this morning, when there will be a short calendar session and the trial of the Gavitt case today.

William Gavitt, aged 64, who was charged with assault with intent to murder, and bound over in the lower court, entered a plea of not guilty. Attorney Thomas J. Kelley was assigned to defend him. The case will come up for trial today (Friday) before a jury.

Jail for Man; Leniency for Woman. Mary Gates and Edward O'Connor of Killingly, charged with adultery, entered pleas of not guilty. Attorney Getty of Putnam was assigned to defend the woman and Attorney Kelley the man. After a conference of some length O'Connor agreed to change his plea to guilty. State's Attorney Searles stated that he had made a careful investigation of the case and had ascertained that the woman had had seven children, that her husband did nothing for her support and that by working hard she had sent the children to school and also kept herself well dressed as well as clean, and that there was considerably sympathy for the woman in Danielson, where she

was cordially received and the performers were accorded merited applause. Dancing came in for its usual attention to the music played by Helms' orchestra.

Joseph Volle Committed to Norwich State Hospital. Application was made to the probate court Thursday to have Joseph Volle, aged 29, examined as to his sanity. Judge Shea appointed Drs. Shade Grown. Tobacco land in Connecticut is precious. The state is not a big one territorially and tobacco lands are farmed on the intensive plan, to the limit of scientific accomplishment. The recent sale of a tobacco farm of 300 acres in Suffield marks a step in the continual advancement being made by Connecticut in tobacco growing. In connection with this sale it is said that the "new purchasers will next year raise fifty acres of Cuban tobacco under clove and will increase each year until they get as high as 100 acres under clove in cultivation. During the career of the late owners, Mr. A. M. Graves, as a tobacco grower, he was known as the largest individual tobacco grower in the United States, having at one time about 180 acres under cultivation, part of which was of the Cuban variety under clove." Not long ago the growing of tobacco under clove in Connecticut was considered a far and future, and the product could not be sold, but today it has an established and excellent reputation, commands a high price and is going higher.—Bridgeport Standard.

A Lawyer Who Earned His Fees. Critics of Henry L. Stimson, republican candidate for governor of New York, who think that he was overpaid for his services to the government as special counsel in connection with the prosecution of sugar and other customs frauds, have perhaps forgotten how much cash the government put in its pocket as a result of Mr. Stimson's very careful and successful work. This work has been practically completed, the candidate for governor is campaigning, and he has resigned as a special assistant to Attorney General Wickham, who, in accepting the resignation, briefly reviews Mr. Stimson's work. This included the collection without suit of nearly \$3,500,000 of duties of which the government was defrauded in the underselling of sugar. Indirectly, Mr. Wickham says, the service performed by his assistant has resulted in opening up lines of evidence in the underselling of sugars and other importations into the United States as a result of which it is anticipated the government will collect large additional sums of which it has been defrauded by such undervaluations. It is altogether probable, of course, that if Mr. Stimson had not done this work, it would have been done by some other lawyer. Anyway, it was well done, and the man who did it was worthy of his hire. Certainly the attorney general hasn't a suspicion that the man who recovered for the government a lot of money that had been stolen from it was overpaid.—Hartford Courant.

The Difference in Pay. Harry Lander gets \$300 a week in England and \$2,500 a week in America, which shows, for one thing, that the Americans don't care much what they do with their money.

Why Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: First—The indisputable evidence that it is harmless: Second—That it not only allays stomach pains and quiets the nerves, but assimilates the food: Third—It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is unlike Soothing Syrups, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system—not by stupefying it—and our readers are entitled to the information.—Hall's Journal of Health.

The Kind You Have Always Bought and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

Letters from Prominent Physicians Addressed to Chas. H. Fletcher.

Dr. W. L. Leister, of Rogers, Ark., says: "As a practicing physician I use Castoria and like it very much." Dr. W. T. Seeley, of An-ky, N. Y., says: "I have used your Castoria for several years in my practice and have found it a safe and reliable remedy." Dr. Raymond M. Evans, of Santa Ynez, Cal., says: "After using your Castoria for children for years it annoys me greatly to have an ignorant druggist substitute something else, especially to the patient's disadvantage, as in this case. I enclose herewith the wrapper of the imitation." Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria." Dr. W. F. Wallace, of Bradford, N. H., says: "I use your Castoria in my practice, and in my family." Dr. Wm. L. McCann of Omaha, Neb., says: "As the father of thirteen children I certainly know something about your great medicine and aside from my own family experience, I have, in my years of practice, found Castoria a popular and efficient remedy in almost every home." Dr. Howard James, of New York, City, says: "It is with great pleasure that I desire to testify to the medicinal virtue of your Castoria. I have used it with marked benefit in the case of my own daughter, and have obtained excellent results from its administration to other children in my practice." Dr. J. R. Clausen, of Philadelphia, Pa., says: "The name that your Castoria has made for itself in the tens of thousands of homes blessed by the presence of children, scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy." Dr. B. Halstead Scott, of Chicago, Ill., says: "I have prescribed your Castoria often for infants during my practice and find it very satisfactory." Dr. William Belmont, of Cleveland, Ohio, says: "Your Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place." Dr. R. J. Hamlen, of Detroit, Mich., says: "I prescribe your Castoria extensively as I have never found anything to equal it for children's troubles. I am aware that there are imitations in the field, but I always see that my patients get Fletcher's." Dr. Channing H. Cook, of Saint Louis, Mo., says: "I have used your Castoria for several years past in my own family and have always found it thoroughly efficient and never objected to by children, which is a great consideration in view of the fact that most medicines of this character are obnoxious and therefore difficult of administration. As a laxative I consider it the peer of anything that I ever prescribed." Dr. L. O. Morgan, of So. Amboy, N. J., says: "I prescribe your Castoria every day for children who are suffering from constipation, with better effect than I receive from any other combination of drugs." Dr. H. J. Taft, of Brooklyn, N. Y., says: "I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent." Dr. Wm. L. Rosserman, of Buffalo, N. Y., says: "I am pleased to speak a good word for your Castoria. I think so highly of it that I not only recommend it to others, but have used it in my own family." Dr. F. H. Kyle, of St. Paul, Minn., says: "It affords me pleasure to add my name to the long list of those who have used and now endorse your Castoria. The fact of the ingredients being known through the printing of the formula on the wrapper is one good and sufficient reason for the recommendation of any physician. I know of its good qualities and recommend it cheerfully."
