Military Honors at Funeral of William Jordan—Hearing in Bliven Bankruptcy Case—Sunday Hunters Fined \$10 and Costs Each—Local Club Building Airship—Plans For Republican Club's Banquet.

In the village of North Stonington there will be a double wedding next month that will be something out of the ordinary. On Saturday afternoon, Nov. 5, at 5 o'clock, Miss Grace Louise Snyder, daughter of Mr. and Mrs. Calvin Snyder, and Leonard R. Main will be married in the Third Baptist church, with reception at the bride's home. At the same time the bride's parents will observe the twenty-fifth anniversary of their marriage. Many invitations have been sent out.

Charles Leonard, employed at the C. B. Cottrell plant, was taken suddenly with an acute attack of indigestion Tuesday morning and his condition became serious. Dr. Fagan was summoned and Mr. Leonard was conveyed to his home in Main street in one of the Cottrell automobiles, accompanied by three of his fellow workmen. His condition seemed to improve during the day.

The funeral of William Jordan took place on Tuesday with a high mass of requiem in St. Michael's church, celebrated by Rev. John Neale, D. D. The body was escorted to the church and to St. Michael's cemetery by the Fifth company, Westerly, Capt. B. A. Babcock, Coast Artillery corps, Rhode Island National guard. The deceased was serving his first enlistment with the company. Warren Sheffield, company bugler, led the grave. The bearers were Artillery Abel Louden and Privates Harry Merrill, John Ghent and Clement Shearn.

There was a hearing in the bankruptcy case of R. G. Bliven & company of Westerly before Referee Chester W. Barrows in the Kingdon courthouse Monday afternoon. The creditors were represented by attorneys and claims were filed. Mr. Bliven was appointed receiver when the petition in bankruptcy was filed, was selected as trustee of the insolvent estate. It is probable that the entire stock in the plant will be sold in bulk and at private sale.

The Congregation of Sharet Zedec in annual meeting elected officers as follows: A. Leibowitz, president; A. Stralson, vice president; Philip Davidson, treasurer; J. Nava, recording secretary; A. Losh, financial secretary; J. Walk, L. Elonsky, trustees.

Deputy Game Warden A. D. Hill of Pawcatuck arrested Irving Fowler and Frank E. Beckwith for violating the game laws by hunting on Sunday last. The officer found two squirrels and a rabbit in the possession of the hunters. The men were arraigned Monday afternoon before Charles E. Chapman, justice of the peace, in North Stonington. They were fined \$10 and costs. Appeal was taken to the court of common pleas and bonds for appearance were furnished with Leonard Main of North Stonington as surety.

The Young Men's Republican club of Westerly will have its annual dinner at the Dixon house on Thursday evening and just before dinner will elect officers for the ensuing year. Judge John W. Sweeney has been selected as toastmaster. The speakers will be William C. Bliss of Providence, Judge Frank H. Merrill of Bristol and Rev. Clayton A. Burdick and ex-Governor George H. Utter of Westerly.

The big electric sign at the Cottrell plant on the railway station side might passers-by on passing trains on idea of Westerly enterprise, even if the former is in the village of Pawcatuck and the latter within fifty feet of the boundary line.

Contractor Louis Dowlat has brought suit against the Pawcatuck Valley Street Railway company, through Clarence E. Roche, his attorney. He seeks to recover \$500 damages for injuries to horse and wagon which were struck by an electric car in Main street last July.

The fair of St. Michael's parish opened with a large attendance Thursday evening.

Policeman Frederick Manchester of New London, on vacation, was in Westerly Tuesday.

A new granite walk is being built in front of property in West Broad street where a saloon is to be located and is the only walk of the kind on the east side of the street.

Several applicants for liquor licenses in Pawcatuck are getting their places ready for business, having evidently received wireless information that they are to be granted license.

An applicant for license to sell liquor in Mystic objects to having a painted sign to designate his business because the saloon is to be located in the lower part of his residence.

In anticipation of Westerly voting in favor of liquor license, prospective dealers are already seeking locations for saloons that are not liable to be affected by abutting property owners' claims of the liquor laws of Rhode Island.

Residents of the Italian colony in Westerly declare that owing to the frequency of the rains and they will vote in favor of license at the election in November. Heretofore they have voted against license under the impression that the liquor law of Rhode Island would be enforced with police interference.

The extent to which the American fresh water pearl industry has developed in recent years is a surprise to all but the comparatively few who are so situated as to be familiar with the figures in the aggregate. A New York trade journal states that western dealers have been bringing to Maiden Lane some of the finest fresh water pearls ever seen there. The pearling season on Mississippi river is approaching its close because of the nearing of cold weather, and so the fishermen, who have been gathering pearls for months, are hurrying them to New York for the holiday trade. The New York correspondent says that the value of the pearls found in the Mississippi and its tributaries since the fishing began last spring is estimated at \$500,000 or more, and Maiden Lane dealers assert that the American pearls are sold as oriental pearls in Paris and London. As a consequence, returning tourists are regularly paying duties on Mississippi river pearls which they buy abroad. The highest price paid this season for a single fresh water pearl was \$5,000—though, it would seem, to add a great stimulus to the pearl-fishing industry another year.—Manchester Union.

Winning One's Way. It is well enough for people starting out in life and everybody else for that matter, to know that whenever one can do anything useful better than anybody else can do it, then one's fortune is made. That is life has its devotion, its purpose and its satisfaction.

To illustrate—there is Miss Fleming, the astronomer, who knows more about stars than anybody else, didn't know anything about them a few years ago, and now she is famous, has plenty to do, and delights in her work, and this constitutes success in life. Had she chosen some other topic—flowers, birds, rocks, trees, cattle, dogs, apples, dress-making, anything, and become perfect in it—she would have reached a like success.

There is Miss Edith M. Twiss, a Columbus girl, a graduate of the O. S. C., recently elected professor of plant physiology and bacteriology by Washington college, Kansas. She might have read novels, played whist, gone to dances, automobiled around, and scattered her talent among a score of things, and then remained in the commonplace of humdrum till the end of her days, but she didn't. In the battle of life she must concentrate her power, direct his energy at some point if he would win the battle.—Ohio State Journal.

"Weasel Words." There was an unworthy touch of originality in Mr. Roosevelt's approval of the New Hampshire republican platform on the ground that it contained no "weasel words." The phrase is picturesque and suggestive, and hardly requires the explanation that it refers to words which "suck the meaning out of the words in front of them." It is a common political trick to qualify promises in such a manner as to render them nugatory. There are those who think it played in the Saratoga platform, for which Mr. Roosevelt now declines the responsibility. Being in his progressive mood on Saturday, as one urging the election of Mr. Bass, he was bound to approach more closely the doctrines of Ossawatimbe. He even referred to the democratic candidate for governor of Connecticut as "retrogressive"—a strange misunderstanding of the character and principles of Judge Baldwin.

A FEW DOSES END KIDNEY TROUBLE

Lame Back, Bladder Misery and Other Distress Will Make Your Kidneys Act Fine and Healthy.

A prompt cure awaits every man or woman who takes Pape's Diuretic for a lame back or kidney or bladder trouble. The moment you suspect any kidney or urinary disorder, or feel a dull, constant back ache or the urine is thick, cloudy, offensive or full of sediment, irregular of passage or attended by a sensation of scalding, begin taking Pape's Diuretic as directed, with the knowledge that there is no other remedy at any price made anywhere else in the world which will effect so thorough and prompt a cure. Pape's Diuretic acts directly upon the kidneys, bladder and entire urinary system, cleanses, vitalizes and regulates these organs, ducts and glands, and completes the cure within a few days.

Do You Realize?

That dependency in women is a mental condition often traceable to some distinctly female ill! Women who are well do not have the blues, neither are they irritable and restless. Derangement of the female organism breeds all kinds of miserable feelings such as backache, headache, and bearing-down feelings. Try Lydia E. Pinkham's Vegetable Compound. There is no doubt that it has made many remarkable cures of female ills after all other means had failed. There is hardly a day that some woman does not write us that this simple old medicine, made only of roots and herbs, has cured her of a severe illness.

Here are two such letters—read them—they are genuine and reliable.

Platea, Pa.—"When I wrote to you first I was troubled with backache and was so nervous that I would cry at the least noise, it would startle me so. I began to take Lydia E. Pinkham's remedies, and I don't have any more crying spells. I sleep sound and my catarrh is better, thanks to your advice. I will recommend your medicines to all sufferers."—Mrs. Mary Maistead, Platea, Pa., Box 98.

Walcott, N. Dakota.—"I had inflammation which caused pains in my sides, and my back ached all the time. I was so blue that I felt like crying if any one even said 'How poorly you look to-day.' I wrote to you for advice and got it at once. I started to take Lydia E. Pinkham's Vegetable Compound, Blood Purifier and Liver Pills, and I began to feel better before I finished the fourth bottle of medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit."

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.
