The Reid & Hughes Co.

Children Cry FOR FLETCHER'S CASTORIA

Mrs. John Addison Porter Leases New Haven House.

Mrs. Porter of Pomfret and Washington, D. C., widow of John Addison Porter, secretary to President McKinley, and at one time associated with the Hartford Post, will be a welcome addition to New Haven society. She is to occupy the Benedict house in 213th street this winter. Mr. and Mrs. Harry H. Benedict and Mrs. Henry H. Benedict leave next week for Florida, where they will spend the winter.

An Amazon.

New York has an Amazon. Her name is Kate Barth. Seeing a policeman, who had been set on by a gang, unconscious on the ground, she sprang at the man who had his club. She seized it and, before the man could recover from his surprise, she twisted it from his grasp. He sprang back, but she went after him and struck him with it with all her force. The gang then scattered in terror. Suffragettes should make an object lesson of Kate, that woman is able to hold her own in the militant duties of life; hence should vote.

Scarf of Persian silk, lined with chiffon or the same shade as the strongest note of color in the Persian design, are quaint and pretty.

SECEDE FROM STATE F. OF L.

New Haven Cigarmakers File Notice of Withdrawal.

Notice has been sent to Secretary-Treasurer P. H. Donnelly of the Connecticut Federation of Labor of the local cigarmakers' union withdrawing officially from the state body. The secession followed the receipt of formal notice from Hartford cigarmakers, that their local had taken similar action.

"Failure of the federation to do anything for the organization of labor in this state; continuing to hang upon the coat-tails of politicians, and placing labor in the degrading position of subservient beggary, are our reasons for breaking away from the federation," said Secretary Grane. "With us are hundreds of non-affiliated unions who have ever been out of sympathy with the inactivity of the present officers of the state body."

The labor laws of Connecticut are particularly bad and we want to better them. The state federation has officially chosen to remain inactive in politics while its officers use the organization to further their own political ends. "The insurgents in the Connecticut labor world mean to end this inactivity,"—New Haven Journal-Courier.

Alcoholic liquors for the use of natives are not permitted to be imported into Somaliland.

CARD OF THANKS

We take this means of expressing our feelings of gratitude to all those who assisted us during our recent bereavement and those who expressed sympathy, including the fellow employees of Clarence W. Smith in the Electric mill; also for the many kind-hearted neighbors. The many kindnesses will ever be remembered.

CHARLOTTE SWITH
DWIGHT H. SMITH.

ECHOES FROM THE LODGE ROOM.

Winners at Pocahontas Whist—Inspector Visited Woman's Relief Corps—Pythians Work First Degree—Grangers Receive Candidates.

ROYAL ARCANUM.

The regular meeting of Norwich council, No. 72, was held last evening at the Buckingham Memorial, with a good attendance. Announcement was made that for the next meeting, November 8, Past Grand Regent Oscar L. Burdick would be a visitor, and as this is the meeting for the annual election there should be a large attendance of the brothers.

PATRONS OF HUSBANDRY.

At their regular meeting in Pythian hall on Wednesday evening Norwich Council, No. 72, had work in the first and second degrees. There was a good attendance and Worthy Master Andrew E. Davison presided. The work took up the entire evening, so that the lecturer's hour was dispensed with. At the next meeting there will be work in the third and fourth degrees.

ORDER OF VASA.

Delegates from all parts of the state, numbering 250, attended the annual convention of the Order of Vasa in Hartford on Wednesday and Thursday. The delegates remained for the ball in the evening.

The morning session convened at 10 o'clock, with District Master Hjalmar Boström of Portland presiding. The reports of the grand lodge officials were encouraging. Philip Bergstrom of Middletown, the secretary, read both his own report and that of the treasurer, David Stromberg of Hartford.

His report showed that during the year the state membership has been increased to 3,200 by the addition of 272 names. The net gain in the treasury amounted to \$2,957.85, making the total for the order in the state \$46,753.53.

The grand lodge received invitations from the Grand Lodge of Norway to hold the next annual convention in these places, and it was voted to accept the offer of the Waterbury lodge and to have the convention on the fourth Wednesday in October, 1911. The sum of \$200 was voted with which to transit any business during the lodge year. The morning session adjourned at noon, and an excellent dinner was served in the hall by the delegates in the basement of the hall by the Hartford lodges. As there was sufficient business to require an entire session the local lodges also served supper at 7:30 o'clock.

The principal business at the afternoon session was the election of officers.

MODERN WOODMEN.

Ionic camp, No. 7694, met in regular form on Thursday evening in Pythian hall, holding a short meeting, as there was no special business to occupy a longer time.

Neighbor George H. Stanton of Ionic camp was a visitor in New Haven last Monday evening at a successful joint meeting of Norwich camp, Live Oak camp and McKinley camp, before which the speaker of the evening was Neighbor E. Burns, national lecturer of the order. He gave the men a rousing talk upon the principles and progress of the Modern Woodmen. In the social part of the evening a program was well given: Buck and wing dancing, Donald and Noel impersonations, Charles Scholze, singing and Jules J. Morgan, boxing bout. Cronquist was conductor.

The social part of the evening was a success, winning commendation for the way in which it was done and special mention from the inspector for the color bearers and conductor. This was the first visit that Mrs. Good-nough has made to Sedwick corps, and she expressed her great pleasure at seeing so large and active an organization.

Two new members were voted in and the national password was received.

DEGREE OF POCAHONTAS.

For a whist in Foresters' hall the Neosho club had ten tables on Monday evening, furnishing several social hours of amusement for the members. The following were the prize winners: First—Mrs. Charles Bennett, 39, fancy glove box; Paul Carpenter, 39, pack of cards in case. Second—Mrs. John Lavalle, 37, fancy apron; Mrs. W. Clabby, 35, whittled armlets. Consolation—Mrs. Stephen C. Colverson and Mrs. Sabourin. The committee served cake and coffee and announced the next whist for the hall for November 28th, while on the 10th Mrs. Nellie Kimble would have the club and friends at her home, on Thames street, for a supper and whist.

ORDER OF PROTECTION.

In the committee room of Foresters' hall on Tuesday evening, the committees from the three local lodges of New England Order of Protection held a meeting to consider plans for observing jointly the 23rd anniversary of the order. New York lodge, No. 248, was represented by Warden George E. White, E. M. Newbury and Sumner W. Armstrong; Thames lodge, No. 225, by Warden H. E. Congdon, Miss Margaret Rohan and Max J. Foley; Slater lodge, No. 295, by Warden George A. Howard, Mrs. O'Neill and Mrs. Adah B. R. Lewis.

The joint committee organized by electing E. M. Newbury chairman and Max J. Foley secretary. Proposals for a hall and a date were made and discussed without taking definite action upon the time of the celebration. This will be determined largely by the time at which it is possible to secure the attendance of the supreme warden. Another meeting of the joint committee is to be held on next Tuesday evening after the regular meeting of Thames lodge.

FRATERNAL BENEFIT LEAGUE.

A pleasant social evening in Pythian hall was enjoyed on Monday by the members of Norwich lodge, No. 25, and invited friends, among whom were Supreme President Tyler of New Haven and State Organizer J. H. Edgerly. Cake and coffee were served in the early part of the evening, and a committee, following which there was a programme of several musical numbers and also several well rendered recitations in dramatic lines by Joseph C. Davis. The attendance numbered about 35.

KNIGHTS OF PYTHIAS.

At the meeting of Wauregan lodge, No. 8, in Pythian hall on Tuesday evening, Chancellor Commander Samuel Taylor presided, and one candidate was worked in the first degree. Reports from the grand lodge meeting were expected, but as neither of the delegates, Dennis J. Morrissey or Phineas A. Howard, were present, they attend this meeting these had to be postponed till later.

UNITED WORKMEN.

The monthly meeting of the grand lodge finance committee was held last Wednesday afternoon and the monthly meeting of the executive committee in the evening at the grand lodge office in New Haven. Grand Master William Estabrook, H. Farren has reappointed Dr. Frank H. Wheeler as grand medical examiner for the jurisdiction of the district in position Dr. Wheeler has filled to the great satisfaction of the order for a number of years.

Another of the A. O. U. W. men nominated as candidates for an official position in the coming election is George A. Hammond of Putnam lodge, No. 19. Brother Hammond has been nominated by the Republicans of the district for the eighth senatorial district for senator. He is a graduate of the Forest school, in Brookfield, and of the West Hill-Whitcomb seminary at Easthampton, Mass., was a school teacher for years, served in the army in the civil war as orderly sergeant and later as lieu-

tenant in Company G, Twenty-eighth C. V. In the last forty years he organized various manufacturing companies and is now president of the Putnam Light & Power Co., his firm having a majority interest in five companies. He has held many positions of trust in connection with school interests, has served as a member of the legislature and was one of Connecticut's commissioners at the Chicago exposition.

WOMAN'S RELIEF CORPS.

The visit of Inspector Martha Good-nough to Sedwick corps, No. 16, on Friday afternoon at the regular meeting of the corps was a most interesting one. She was greeted with a big attendance of the members, and the visiting officer was welcomed in graceful form by the president, Mrs. Eva W. Caulkins. For the edification of the inspector, the corps performed the entire ritual work, winning commendation for the way in which it was done and special mention from the inspector for the color bearers and conductor. This was the first visit that Mrs. Good-nough has made to Sedwick corps, and she expressed her great pleasure at seeing so large and active an organization.

Two new members were voted in and the national password was received.

Manor Among Thieves.

A burglar complained in a London police court recently that a confederate burgled his house and stole the proceeds of a robbery which they had committed together.

The Maelstrom.

The greatest whirlpool is the maelstrom off the Norway coast. It is an eddy between the mainland and an island, and when the current is in one direction and wind in another no ship can withstand the fury of the waves. Whales and sharks have been cast ashore and killed. The current is estimated to run thirty miles an hour.

The Big Guns.

A 12 inch gun throws a projectile weighing 500 pounds; a 10 inch, 500 pounds; a 9 inch, 380 pounds; a 7.5 inch, 200 pounds, and a 6 inch, 100 pounds.

The Human Body.

The human body is an epitome in nature of all mechanics, all hydraulics, all architecture, all machinery of every kind. There are more than 310 mechanical movements known to mechanics today, and all these are but modifications of those found in the human body.

Flax.

Flax has been used from remote ages as a textile fabric, especially in Egypt. Mummy cloths are often found to be of exceedingly fine texture.

Fishbone Implements.

In India the jawbone of the boaler fish is employed by the natives about Duca. The teeth, being small, rounded and closely set, act as a fine comb for carding cotton, in removing the loose and coarse fibres and all extraneous matter from the cotton wool.

The Greyhound.

A greyhound has a greater speed than a horse. A greyhound has been timed in running 125 yards in eight seconds.

Remained a Democrat.

Let us be just to David Bennett Hill. In spite of all temptation he remained a democrat to the end.—Chicago Trip-unc.

A Long Drawn Out Case.

We have some long drawn out law cases in this state, too. Attorney Tracy Waller, son of ex-Governor Waller of New Bedford, has just won a suit in the United States court at Hartford, before Judge Platt, which was brought originally in 1892. To be sure that is only seventeen years, and so is not quite a parallel to "Mary and Jane Jarman," but it is a good long time to wait, even when one wins, and Attorney Waller, who was the defendant in the case, got a verdict in his favor from the court. Probably a lawyer could wait, in such circumstances, with more of faith and patience than a layman, and so the end justified the delay.—Ansonia Sentinel.

Boy Soldiers.

In South American countries it is no uncommon thing to see boys of ten or twelve years of age or even younger carrying rifles and marching to battle with the armies which fight in the civil wars of those lands. These boy soldiers are usually of Indian blood, and they fight quite as well as the oldest veteran.

Norway's Coast Line.

Norway's coast line, 1,700 miles in a straight line, becomes 12,000 miles if followed round the fjords. In these fjords are over 150,000 islands.

Rice Hash.

A quick and easy way to prepare hash is to make it with rice, instead of potatoes. This is called dry, or rice, hash or mince. Rice goes well with any kind of meat. Wash as much as needed, throw into plenty of boiling water, cook twenty minutes and turn into a colander, drain and add to the chopped meat.

Perfumery.

Perfumery is generally used by Venetians, climatic conditions there, as in other tropical countries, being a great factor in forcing its use.

Flowers in Japan.

The Japanese see a significance in the fact that the flowers of the red camellia drop off like beads of decapitated men and bar it from certain occasions. Iris, being purple, they will not have for weddings, nor are the orchid, azalea, gentian and daphne favored for felicitous occasions.

Likewise the Paymaster.

Wellman gave the telegraph editors something to do, anyway.—Knoxville Sentinel.

TORTURED BY ECZEMA

"When my boy was six years old, he suffered terribly with eczema. He could neither sit still nor lie quietly in bed, for the itching was dreadful. He would irritate spots by scratching and that only made him worse. A doctor treated him and we tried almost everything, but the eczema spread for two years until it very nearly covered the back part of his leg to the knee. Finally I got Cuticura Soap, Cuticura Ointment and Cuticura Pills. I used them in the morning and that evening I used them again and the improvement, even in those few hours, was surprising. The inflammation seemed to be so much less, I used two boxes of Cuticura Ointment, the same of the Pills and the Soap and my boy was cured. My son is now in his seventeenth year and he has never had a return of the eczema. I took care of a friend's child that had eczema on its face and limbs and I used the Cuticura Soap and Ointment. They acted on the child just as they did on my son and it has never returned. Mrs. A. J. Cochran, 1823 Columbia Ave., Philadelphia, Pa., Oct. 29, 1910.

Beat Them at the Polls.

Not one of the democratic candidates for congress in Massachusetts would, if elected, vote to ruin the industries of Lawrence, Lowell, Fall River, New Bedford and the cities of this state by materially reducing the tariff. Their talk to that effect is all pure buncombe, meant to catch the votes. As politicians who desire to get into office by false pretenses they should be defeated.—Lawrence Telegram.

Joe Foraker's Revenge.

Mr. Foraker of Ohio has ceased to be a fire alarm and is now chiefly an inquirer.—Boston Herald.
