You insure your Life—Why not insure your Health by using

Cottolene?

It isn't the quantity of food you eat, but that portion of it that digests that brings health and strength.

Lard-soaked food never has been, never can be digestible and nourishing, because of the hog fat it contains.

Cottolene is far more healthful than lard because Cottolene is a vegetable product, makes food rich without being greasy, and can easily be digested by the stomach of a child.

They say the way to a man's heart is through his stomach. People who have used and are using Cottolene for all shortening and frying purposes say that the way to health is through the use of Cottolene.

Cottolene shortens your food; lengthens your life. Made only by THE N. K. FAIRBANK COMPANY

In the opinion of some of his fellow townsmen, one of the first official acts of Congressman Utter will be an investigation of the delay in the construction of a new postoffice building for which appropriation was made about two years ago.

The selectmen of the town of Stonington have reappointed William H. Carey, postman for the village of Pawcatuck for the term of one year.

When the democrats secured the majority representation it was supposed that a democrat would succeed in that class. But merit and efficiency rather than politics prevailed.
