Worry over ill-health does your health no good, and merely causes wrinkles, that make you look older than you are.

If you are sick, don't worry, but go about it to make yourself well. To do this we repeat the words of thousands of other former sufferers from worry, only like similar to yours, when we say:

LEDYARD AND SCOTLAND BIRDS GET BULLETIN PRIZES.

Will Grace the Tables at the Sheltering Arms, Rock Nook and County Homes—Effort to Stimulate Turkey Raising.

There was the usual interest Tuesday in The Bulletin's turkey contest; and a number of farmers were at Somers Brothers' store to see the birds from eastern Connecticut weighed. Although it has been a poor year for raising turkeys, some excellent ones were brought in, and the prize winners are equal in quality to those of any previous year.

Isaac G. Gear of Ledyard won the first and second prizes of \$10 and \$5 for the largest and fattest young turkey, which weighed 15.7 and 13.15 pounds, respectively. He received a check for \$26.53, the market price of 38 cents a pound being added to the prizes.

Miss K. C. Murphy of Scotland won third prize for the largest turkey, which weighed 27 pounds, and she received a check for \$15.25.

As in former years, these turkeys are to be sent to the Sheltering Arms and Rock Nook home and to the New London county home, all in Norwich. The Bulletin has carried out this idea for a number of years and the turkey dinners are always greatly enjoyed in these respective institutions.

In giving these prizes each year The Bulletin has been trying to create more interest among the farmers in raising turkeys and believes its efforts will be a factor in again making this a turkey producing section. It seems ridiculous to compel the local marketmen to go to Vermont and the west for these birds when they can be raised here just as well and with profit to the raiser.

REMONSTRANCE MADE ABOUT BURNING BARRELS

Chief Stanton Arranged with Boys of Ward Street to Change Their Location.

As the result of a remonstrance made by a number of residents in the vicinity of Ward street, where there is a bustling barrel gang who intended to burn their barrels near Ward and Mt. Pleasant streets, where it is thickly settled, it was turned over by Mayor Thayer to Chief Stanton on Thursday.

Chief Stanton looked up the boys in that gang and explained to them the danger of burning the barrels in that location. He told them he did not want to prevent them from burning the barrels and they agreed to get a new location, which will take them away from all buildings and thus lessen the chances of fires. They are to go west into the vacant lots. Wherever such fires are started the chief has the parents of the boys interested in them to take an interest and see that the fires are kept within bounds and that the embers are all out after the fires are over.

Executive Committee of State Firemen's Association Adopts Resolution Requesting Rev. Neilson Poe Carey to Decline Call.

There was a meeting of the executive board of the Connecticut State Firemen's association at Hartford on Tuesday for the purpose of transacting the business connected with the special claims and other matters which came before the board. It had been learned by the board that Rev. Neilson Poe Carey of Christ church, this city, had received a call to Corning, N. Y. by a Rev. Mr. Carey, the chaplain of the State Firemen's association, the possibility of his accepting the call was considered with much regret and a committee consisting of President Anthony Hartford, Secretary R. V. Magee of Watertown, Chief George S. Pitt of Middletown and Vice President Elbert W. Clark of South Norwalk was appointed to draw up a suitable resolution urging him to remain here.

The following resolution was adopted: Whereas, The executive committee of the State Firemen's association have heard with regret of the contemplated change of our chaplain, Rev. Neilson Poe Carey, whose stewardship and labor towards the work of the chaplain and his influence and work have been of great and lasting benefit.

Resolved, That we earnestly hope Rev. Mr. Carey may reconsider his decision to leave us, if he has made such. In this we feel that we are voicing the sentiment of large bodies of firemen throughout the state. We do for ourselves, and them, ask him to remain with us if he can possibly do so.

Resolved, That a copy of the above resolution be forwarded to Rt. Rev. Chauncey B. Brewster, bishop of the Connecticut diocese, and one also to Rev. Neilson Poe Carey of Norwich, our chaplain.

It was impossible to reach Rev. Mr. Carey by telephone Tuesday evening, but it is understood that he has not as yet made any announcement of his decision in regard to the call to Corning.

FISK UNIVERSITY JUBILEE SINGERS

Large Number at Second Congregational Church to Hear the Quartette from Southern College.

The interest in the Fisk university jubilee singers, who have just entered upon their fourth season and to arrive in Norwich annually in Norwich for a number of years, is still unabated, as was evidenced by the big crowd that turned out Tuesday evening to attend the concert at the Second Congregational church. The concert, which was furnished by a colored male quartette, all members or ex-members of Fisk university, began promptly at eight o'clock and lasted about an hour. The quartette, which was furnished by a colored male quartette, all members or ex-members of Fisk university, began promptly at eight o'clock and lasted about an hour. LIGHTS AT ENTRANCE TO THE COURTHOUSE

Incandescents in Globes at Each Side of the Three Doorways—Special Color for the Police Department.

There have been no special lights for some time at the entrance to the courthouse save one at the doorway to the police department. It has been decided to have incandescents in the large globes placed at each side of the three entrances to the building. Large globes are being made now on which the globes will rest and they will contain tungsten lights. At the main entrance there is a light at the top of the stairs but the steps are not lighted and at the west entrance it is quite dark. These lights will be placed on the posts in the railing, the globes for the police department entrance being green.

It is understood that plans are under way for the placing of the flaring arc lights along Main street east from Shannon corner to the postoffice and possibly beyond, which would make a big improvement in the street at night. These lights about Shannon's corner have received much favorable comment.
