POLICE COURT RECEIPTS

AMOUNTED TO \$315.71.

Sum Taken in for Fines and Costs During November, When There Were 73 Arrests.

In the city court on Thursday morning there was no session, there being no cases to come before Judge Brown. During the month of November there had been 73 arrests and of these cases 34 were committed to jail and 39 paid their fines and costs to the amount of \$315.71. There were two who appealed and four were bound over to the superior court.

One case was placed in the hands of the probation officer, five were discharged, one was sent to the state school for boys, three had their cases nolleed and one prisoner was taken away. There were 43 arrests for intoxication, 12 for breach of the peace, eight for theft, two charges for burglary, resistance, non-support and adultery, and one each for cruelty to animals, common drunkard, and private property, vagrancy, defrauding a restaurant and keeping a disorderly house.

OBITUARY.

John H. Henley.

John H. Henley, formerly a railroad conductor in the employ of the Central Vermont for many years, died Thursday morning at his home in New London. Mr. Henley is survived by his wife and three children.

For over 30 years Mr. Henley was employed on the New London North-Central Vermont railroad. He was born at Richmond, Vt., but went to New London when a very young man. He was a freight brakeman in the employ of the New London Northern and later of the Central Vermont. While in the employ of the C. V., after the lease of the Northern by that road, Mr. Henley was promoted to conductor. At the close of years, the freight service he went into the passenger service as a conductor with a run between New London and Willimantic.

A few years ago Mr. Henley left the employ of the Central Vermont and took up insurance canvassing. He had more recently been employed in the Brainard & Armstrong Co.'s silk mill.

Charles R. Kaplinger.

Charles R. Kaplinger, 65 years of age, formerly president of the C. H. Kaplinger Co., of Rockville, and bookbinder, died in his home, 838 Chestnut street, in that city, Wednesday morning. He had not been in good health for four or five years and had retired from active business. He began the printing business in Springfield about twenty-eight years ago and established an excellent reputation for ability and business integrity.

Mr. Kaplinger was born in Norwich, Conn., May 8, 1845, the son of Mr. and Mrs. Christian Kaplinger. He spent his early youth and secured his education in Haydensville. He was a Civil War veteran and served in the Massachusetts Heavy Artillery in 1864. He was transferred to the Seventeenth Massachusetts Infantry and served with that regiment until the close of the war, when he returned to Haydensville and entered the employ of the Haydensville Manufacturing company.

Shortly afterwards he married Miss Nancy A. Moody of South Hadley and they went to live in Springfield in 1870.

Mr. Kaplinger was a member of E. K. Wilcox post, G. A. R., and had served several times on the staff of the grand commander of the G. A. R. of Springfield. He was a member of Hampden lodge of Masons of Springfield commandery, Knights Templar of the Mystic Shrine and of the Royal Arcanum.

His first wife died four years ago and he married a Mrs. Wilson. Besides his second wife he leaves three children, Louis E., Charles H. and Harland Kaplinger; three grandchildren, Harold, Rudolph and Elizabeth Kaplinger; one brother, Cornelius Kaplinger, of Greenwood, L. I.; six sisters, Mrs. Lyman Weeks of New York, Mrs. George Putnam of Easthampton, Mrs. Wendell Hetherington of New York, Mich., Mrs. Henry Langdon of Williamsburg, Mrs. Julia Wilson of Hoosick Falls, N. Y., and Mrs. Annie Brewster of Pulaski, N. Y.

Mrs. James Somers.

At five o'clock Thursday afternoon, the death of Mrs. James Somers occurred at her late home after a lingering illness, she having been ill since the middle of summer.

Mrs. Somers was born in Philadelphia, the daughter of Margaret and Christopher Collier. Her maiden name being Margaret Collier. On November 24, 1859, in this city she was united in marriage with James Somers, who for many years was a prominent business man here. His death occurred January 19, 1908.

Mrs. Somers has resided in Norwich most of her life and she had a wide circle of admiring friends. She was a kind and sympathetic neighbor and friend, and her death will be sincerely regretted.

She is survived by two daughters, Mrs. T. A. Seaman of New Jersey, Mrs. Katherine Collier Somers of this city, and three sons, Mr. James A. Somers of Brooklyn, N. Y., William A. and John J. Somers of this city.

Wives of the new French ministers share in the honors conferred on their husbands; the degree of deference due to them being minutely established by the "Protocol."

"Burn Up the Road" That's what you feel like doing when you get all of those aches and pains out of your feet. You will feel good enough to run a mile.

Smith's Corn Cure

stands in the front rank as a worthy remedy.

Get the help that you deserve by getting a bottle and you will appreciate freedom from pain.

SMITH'S STORE Franklin Square, Norwich, Ct.

THE SIRO CARBURETOR COMPANY MAY LOCATE HERE AND BUILD UP A BIG BUSINESS MANUFACTURING A NEW STYLE CARBURETOR—RECEIVING MUCH ENCOURAGEMENT.

Just at the present time there is quite a little being done in the effort to increase the industrial activity of the city by adding other concerns to the present list.

The E. L. Co. for the manufacture of automobile carburetors, is assured, it is stated, in accordance with the statement previously published.

Another concern, the Siro Carburetor company, of Springfield, is also located here for the manufacture of the Siro carburetor, the invention of E. W. Sicles, who has been connected with the automobile manufacturing business for over twelve years.

At the present time the company is represented in this city by S. J. Rosenfeld and Mr. Sicles, the former having been here for the past two days, during which time he has been interesting a number of the business men of the city in the company, and test out the carburetor, many have been placed on automobiles here, and nothing but excellent reports have been received thus far.

The company is organized, but thus far it has been letting out its work by contract, and it has been unable to fill many large orders because of the inability of the concern which manufactures for them to get out the product.

Local men who know the carburetor business are interested in getting to get the concern to locate here and establish a plant of their own for the purpose of increasing its output and business.

The company is organized, but thus far it has been letting out its work by contract, and it has been unable to fill many large orders because of the inability of the concern which manufactures for them to get out the product.

Local men who know the carburetor business are interested in getting to get the concern to locate here and establish a plant of their own for the purpose of increasing its output and business.

There is a big demand for carburetors, and it is believed that the concern has advantages which none other offers. It is believed the market will only take it, and that the business will run between New London and Willimantic.

CHRISTMAS ENTERTAINMENT AT NORWICH STATE HOSPITAL

Supt. Dr. H. M. Pollock is sending Out Notes to Relatives of Patients.

For the purposes explained in the letter, Dr. Pollock, superintendent of the Norwich State hospital, is sending out the following notices to relatives and friends of patients at the hospital:

December 1, 1910. Dear Friends: We are planning to have a Christmas tree and simple entertainment for our patients on Christmas day, Monday, December 26, at 2:30 p. m. Saturday evening, December 24. We know that the entertainment would be much more successful and enjoyable for our patients on Christmas day, as far as possible, each of our patients could receive some little remembrance from home. You are therefore cordially invited to send us, as early as possible, packages to be left at the store of Preston Bros., Franklin square, Norwich, or they may be sent prepaid by mail, or by express, if desired.

Address as follows: (Name of patient), care of H. M. Pollock, M.D., Supt., Norwich, Conn., Christmas Tree, Thanksgiving or for your own gratification and wishing you a very Merry Christmas and a happy New Year, I remain, Very truly yours, H. M. POLLOCK.

PUBLIC MEETING OF UNITED WORKERS

Will Be Held at Broadway Church on Sunday Evening.

The United Workers will hold a public meeting at the Broadway church, Sunday evening, December 4, at 7:30 o'clock. There will be addresses on the work of the different departments of the United Workers and laymen. A collection will be taken.

The churches of the city will unite in this service, and all who are interested in the work of our city are urged to attend.

MORE CIVIL SUITS

Papers Filed With Clerks of the Superior Court.

Three new superior court cases were filed with the clerks of the superior court on Thursday, as follows:

Alice F. Carpenter has brought suit against the city of London for damages of \$5,000 for injuries received in Main street September 29, 1910, when she stumbled over some planking and received injuries to her knee and elbow.

Henry W. Gardner of Waterford is seeking a divorce from Mary E. Gardner, his second wife, on the grounds of desertion since Nov. 25, 1908. Her maiden name being Mary E. Chadwick.

Thomas W. Tuttle of New London is suing for a divorce, claiming that she deserted him in June, 1907. They were married September 12, 1897, her maiden name being Bridget M. Griffin.

AT THE AUDITORIUM.

Vaudeville and Motion Pictures. Fair sized audiences at the Auditorium Thursday afternoon and evening greeted an all star programme, such a bill that each individual act could be given the attention it deserves, as scheduled, and the photoplays, at this time are unusually fine. Scenes from the Court of Louis XIII, of France, in general considered the season's poorest and a patriotic story called Dixie are all given, and elicit nothing but favorable comment.

The Great Sierke, King of the Wire, performed a varied number of feats of equilibrium and dexterity and was accorded a generous share of applause. Swava, an Evans, at comedy talk duo, followed and presented a breezy act that contained many features, the principal of which was the dancing of Mr. Swisher, who ranks in the best in the country in this line. The third act comprises a clever novelty sketch, entitled Sully in the Alley. It is neatly carried out, and produced a strong effect on the audience.

The Great Heroman, comedy magician, is the leading attraction for the week, and delights all with the entertainment he has to offer, which is a pleasing mixture of original comedy work and a skilful exhibition of magic in all its branches. The transforming of a cage of white rats into a full grown duck that fly out over the audience and the mystifying producing of a full grown duck from an empty pail are among the wonders he performs.

Too Late. "Bad Jake" Noble of Kentucky is reported to have shot and killed two men in the Indian line for all. Two days Election is over and Caleb Powers was sent to Washington.—San Antonio Express.

The president's mail amounts to about 1,000 letters a day and 4,000 newspapers and books.

Intense Suffering From Dyspepsia and Stomach Trouble.

Instantly Relieved and Permanently Cured by Stuart's Dyspepsia Tablets.

A New Discovery, But Not a Patent Medicine.

If it is decided to give this concern sufficient backing to bring it here, it will probably be the first of the year or after before the plant could be started, although it is intended to purchase the tools and machinery now being used in its manufacture, and to add to it. It is estimated that 25 to 50 hands would be employed, but this, it is believed, would have to be increased very shortly in order to supply the demand.

The carburetor has no automatic spring to get out of order, and it is so regulated that climatic conditions do not bother it in the least, so that there is a perfect mixture of gasoline and air, giving greater mileage on the same amount of gasoline, the greatest power on the lowest fuel consumption, and reducing practically all carburetor troubles.

The company is now located in Springfield, but Messrs. Rosenfeld and Sicles states that the shipping facilities of Norwich appear to be better. The carburetor is not confined to auto use, as it is extensively used on motor boats, aeroplanes, and, in fact, almost any gasoline engine. After the company is firmly established in the manufacture of carburetors it is believed that fully 200 will be employed, and that other auto accessories, such as magneto and timers, would be taken up.

Not only the business men, but the board of trade has become interested in the securing of this concern, which is at present located in Springfield, and that other auto accessories, such as magneto and timers, would be taken up.

The representatives of the company will be in the employ of the company at an ordinary salary, and they are expected that their interest in the concern shall be trusted. If it is desired, there have not been as yet any actual subscription of stock, but the raising of the money here.

Dr. Redwell relates an interesting account of what he considers a remarkable case of acute stomach trouble and chronic dyspepsia by the use of the new discovery, Stuart's Dyspepsia Tablets.

"The patient was a man who had suffered, to my knowledge, for years with dyspepsia. Everything he ate seemed to sour and create gases in the stomach. He had pains like rheumatism in the back, shoulder blades and limbs, fullness and distress after eating, poor appetite, and loss of flesh; the bowels became affected, causing palpitation and sleeplessness at night.

"I gave him powerful nerve tonics and blood remedies, but to no purpose. As an experiment I finally bought a 50-cent package of Stuart's Dyspepsia Tablets at a drug store and gave them to him. Almost immediate relief was given and after he had used four boxes he was to all appearances fully cured."

"There was no more acidity or sour watery risings, no bloating after meals, the appetite was vigorous and he has gained between 10 and 12 pounds in weight of solid, healthy flesh."

"Although Stuart's Dyspepsia Tablets are advertised and sold in drug stores, yet I consider them a most valuable addition to our physicians' line of remedies, as they are perfectly harmless and can be given to children or invalids or in any condition of the stomach, without any harm or danger. They are harmless and containing nothing but fruit and vegetable essences, pure peppermint and Golden Seal."

"Without question they are the safest, most effective cure for indigestion, biliousness, constipation and all derangements of the stomach, however slight or severe."

Richards, New Haven, steam trap. Design—Gustav Strohhacker, Wallingford, spoon, fork or similar article. CAPTAIN MILLER INSTRUCTS BOTH LOCAL COMPANIES.

Course Will Require Fourteen Weeks, It is Thought—Started in on Definitions.

On Thursday evening the members of both local coast artillery companies met at the armory in pursuance of orders issued last month requiring that the assemble together once a week for instructions from Captain Miller of the New London artillery district. This is the second year's course of instruction and opened with definitions. The Fifth company was instructed first and during that time the Third company was standing, after which they reversed places.

Hereafter the joint meetings will be held Wednesday evenings and it is expected that the course will last fourteen weeks. The change of night was made to accommodate the Danielson officers, their meeting night coming on Thursday evening, and it was stated that two of them threatened to resign if the meeting night was changed.

Following the drills and instructions there was a lively indoor baseball game between the two companies.

WEST SIDE PINOCCHLE CLUB. J. Jordan Still Holds the Lead, and There Are But Two More Meetings in This Series.

Thursday evening this week the West Side Pinocchle club held their meeting at the Open House club, and as the result of the evening's play John Jordan retaining the lead, while Beebe moved up one place. The meeting was the tenth in the series of twelve and the full scores are as follows: J. Jordan 65, Louis 66.450, Reeves 66.420, A. Jordan 66.070, Cobb 65.150, Pettit 64.860, Bailey 64.295, Larsen 63.485, Peckham 63.475, Treatout 63.250, O'Neil 61.125, Ledger 59.230.

Incidents in Society. Mr. and Mrs. H. F. Parker are spending the week in Boston.

Mrs. Gilbert S. Raymond entertained the Trufol club on Wednesday afternoon.

Mrs. William Camp Lannan has returned from several days' stay in New York.

Mrs. De Groot of New York is the guest of her cousin, Mrs. Charles L. Richards.

Mrs. William E. Converse, who has been spending a week with Mrs. L. A. Jewett, returned to New York Thursday.

Mrs. Storrs, wife of Judge Lewellyn Storrs, of Mansfield, has been the guest of Mrs. William T. Hill of Laurel Hill avenue.

Connecticut Patents. The list of patents issued in Connecticut on the 26th day of November, 1910, as furnished from the office of P. H. Allen, follows:

Charles J. Fenbush, Thompsonville, machine for affixing stamps and labels; Gilbert W. Goodridge, Bridgeport, mail socket; Ethan J. Holmes, Farmington, combined carriage pole and shafts; Fred Huggins, West Granby, piano tuning appliance; Ernest N. Humphrey, New Britain, vacuum supporter; William Larklin, Waterbury, alarm clock; William G. Newton, New Haven, flush tank operating device; Wilson E. Porter, New Haven, clock bank; Charles D. Rice, Hartford, time controlling mechanism for typewriting machines; Francis H. Richards, Hartford, mechanical movement, force pump, mechanical movement, typographic form, mechanism for making type and type bars; Michael L.
