Stomach Sufferers Squander Millions

In Search of Relief. The world is full of disordered stomachs and 90 per cent. of the monetary cost of physicians' prescriptions goes in an attempt to cure the stomach.

People are made to believe that in order to gain health they must doctor their stomachs and use cathartics. So the doctor gets his fee for the stomach treatment and the druggist for the physic, until the savings of a life time are exhausted, and yet no cure.

Let's be reasonable. The sick stomach is in every case the result of over-eating, hurried mastication and improper choice of food. The stomach lining all the way down the food tract loses its sensitiveness, and when food is forced down the muscles fail to respond. They do not churn the food as they should. The glands no longer give out gastric juice to dissolve the food and render it capable of assimilation. The man has become a dyspeptic.

There is one sure way and only one to bring positive relief. Put into the stomach of yours the very elements that it lacks to get that food into the blood. It is the stomach, plain, simple, golden seal and other ferments to accomplish this. The healthy stomach contains these elements. The dyspeptic stomach lacks them. Buy a box of Stuart's Dyspepsia Tablets made up of just what the dyspeptic stomach lacks—nature's gifts.

ENGLISH POLITICAL PROPHETS SADLY DISAPPOINTED

No New Peerage Announced in List of New Year Honors. London, Jan. 1.—Much surprise will be occasioned by the absence from the New Year's honors issued tonight of any new peerages.

The political prophets had predicted an unusually large list of peerages, the name of the Right Hon. Richard B. Haldane, secretary of war, and others, having been mentioned. Some conservative papers have talked of the appointment of as many as twenty or thirty new peers.

The premier's list of honors comprises six privy councillors, the most of whom are Alexander Graham Bell, chief liberal whip, and William Abraham, a member of the house of commons from the Rhonda division of Glamorganshire, who is the son of a working collier and himself closely identified with mining interests; nine baronets, among the best known of whom is Charles Wright Macara, president of the cotton federation, and twenty-five knights. The one most likely to strike public attention among the new knights are Joseph Lyons, a well known caterer for his services in supporting the territorial movement, and Henry J. Wood, the orchestral conductor. Sidney Colvin, keeper of prints and drawings in the British museum, was also knighted.

Otherwise the list is not of striking interest. There are a number of civil workers, officials of various kinds and many doctors and other connected with philanthropic work. The list will be published in the Order of St. Michael and St. George include the names of Lord Robson and A. B. Aylesworth, the Canadian minister of justice, in connection with the fisheries arbitration, and George P. Gibbons, chairman of the Canadian section of the waterways commission in connection with the treaty on the boundary waters of Canada and the United States.

Mr. Perkins was born in Georgia 69 years ago and had lived in Biddeford for twenty years.

\$187,000 Fire at Easton, Pa. Easton, Pa., Jan. 1.—The wholesale dry goods house of James Correll and the wholesale rubber goods store of H. K. Johnson, occupying the same building at Pine and Bank streets, were destroyed by fire today. The loss is estimated at \$187,000, partly insured.

SKIN TORTURED BABIES SLEEP. A warm bath with Cuticura soap, followed by a gentle anointing with Cuticura ointment, is generally sufficient to afford immediate comfort in the most distressing forms of itching, burning and scaly eczemas, rashes, irritations and inflammations of infants and children, permit sleep for child and rest for parent, and point to permanent relief when other methods fail. Peace falls upon distracted households when these pure, sweet and gentle emollients enter. No other treatment for the skin costs so little and does so much.
