Whist and Forty-Five. Big Gathering at Affair Arranged by Woman's Catholic Club—Prize Winners.

The Catholic women's club conducted a highly successful evening of whist Friday in St. Patrick's parochial school basement, where forty tables participated in the game, and in one of the school rooms the prizes were given to the devotees of the game of forty-five.

In the forty-five game, the contest was a hot one for third place, Michael Pouch winning out of the play-off of a tie with Christopher Barry. This made the following prize winners at forty-five: First, Michael J. Kelly, an ebony traveling set; second, Edward Comerford, a box of cigars; third, Michael Pouch, an amber mouthpiece and cigar pipe.

At whist, the prizes were taken by the following: Ladies, first, Miss Catherine Plunkett, a bonbon dish; second, Miss Kate Kirby, a hand-painted shirwalat set; third, Mrs. Thomas Crowley, a brass jardiniere; fourth, Mrs. P. J. Battersby, a book; fifth, Mrs. J. J. Conover, an umbrella; second, James Donavan, a stein; third, John Dugan, a box of cigars; fourth, James T. Woods, pack of cards.

LARGEST TAXPAYERS. Nearly One Third of the Taxes are Paid by 138 Property Owners and Manufacturing Concerns—Those Who Are Assessed for Over \$15,000—Ponemah Company the Largest Concern, J. B. Shannon Being the Largest Single Taxpayer.

The board of assessors signed their report of the valuation of property for the 1910 tax list on Friday, and elsewhere in this issue is given the full tax list as the assessors left it. There is much of interest in a careful perusal of the list and a study of the same.

The largest concern is the Ponemah Mills company, which is assessed for nearly two millions, the figures being \$1,934,010, or one-ninth of the entire list. The United States Finishing company is the second largest with \$900,000. The Shetucket company and the Falls company follow in turn. There are but 138 concerns and individuals which pay taxes in excess of \$15,000.

The largest individual taxpayer is James B. Shannon, who at the same time has done more towards the development of the heart of the city of Norwich than any other one man. His valuation is made \$170,550. While the second largest owners of property are the heirs of Henry Bill, the amount being \$123,700.

There are 138 concerns and individuals owning property here whose assessment amounts to \$15,000 or over in each case, there being 83 individuals and the remainder are business houses or manufacturing concerns. There are there are 71 who pay taxes on \$25,000 or over in each case.

By the new valuation for taxation placed upon the property in the town of Norwich it is shown that it amounts to nearly one-third of the valuation placed upon the entire county for 1910, which was over \$55,000,000. The amount is within six millions of the entire valuation of Windham county, which is \$23,383,000, and is three millions more than the value of the taxable property of Tolland county.

The board of assessors in their work over the past month found that there are 4,260 dwelling houses in the town, 12,790 acres of land, 486 stores, 51 mills and manufactories, 1,318 cat-mills, 205 automobiles, 14 timepieces and 481 musical instruments.

- List of those who pay taxes on a business of \$15,000 or over follows: Adams, J. T. and E. T. Lusk estate, 55,000; Allen, William H., 17,540; Chapman & Co. HOSPITAL WILL AGAIN SEEK STATE APPROPRIATION. Hospitals Are Allowed Sum of \$5,000 Yearly for Their Work.

A petition is to be made in this session of the legislature for the resumption of the \$5,000 a year appropriation to the Backus hospital, in accordance with the provision of the state law. The hospital formerly received this yearly allowance, but being in a position so that it was not needed, it was discontinued. It is now desired to secure it again, and it is probable that the petition will be granted.

HAVE YOU TRIED PAXTINE. The Great Toilet Germicide? You don't have to pay 50c or \$1.00 a pint for historic antiseptic or peroxide. You can make 15 pints of a more cleansing, germicidal, healing, and deodorizing antiseptic solution with one box of Paxtine. It is a soluble antiseptic powder, obtainable at any drug store.

Paxtine destroys germs that cause disease, decay and odors—that is why it is the best mouth wash and gargle, and why it purifies the breath, cleanses and preserves the teeth better than ordinary dentifrices, and in sponge bathing it completely eradicates perspiration and other disagreeable body odors. Every dainty woman appreciates this and its many other toilet and hygienic uses.

Paxtine is splendid for sore throat, inflamed eyes and to purify mouth and breath after smoking. You can get Paxtine Toilet Antiseptic at any drug store, price 25c and 50c, or by mail postpaid from The Paxtine Toilet Co., Boston, Mass., who will send you a free sample if you would like to try it before buying.

Edson F. Gallaudet SELLS HIS PATENTS. Purchased by General Air Products Company of New York With Factory at York, Pa.

Edson F. Gallaudet returned home from New York on Friday evening after having disposed of his new patents. The patents of the General Air Products company of New York city, the plant of the company is at York, Pa.

Mr. Gallaudet secured patents on apparatus for the liquefying of air and thereafter for the separation of the oxygen therefrom. The company secures the oxygen, which is sold to steel mills, and it is also used medicinally, although the products of this concern are mostly for industrial uses. There are points of similarity, Mr. Gallaudet states, between his apparatus for the making of liquid air and that by which the liquid air was made by the concern at the lockshop and later at Tharville, but yet it is not the same idea, and this method makes it much more advantageous for the securing of the oxygen.

Drop of Two Inches as Result of Cold Weather Shutting Off Inflow. On Friday when Fairview reservoir was measured, it was 266 inches below high water mark, a drop of two inches since early in the week. This is the first drop since the reservoir was built and started from the fact that the last cold snap shut off the inflow, although there is now a ten-inch stream coming in from Merapook Brook. The pumping is still under way at Mohakan lake.

There was a short meeting of the board of water commissioners on Friday evening to hear a communication from the department engineer. No action was taken.
