County Commissioners Are Nominated

Frederick J. Brown of Lebanon and Charles H. Smith of Noank Win on the First Ballots—Four Other Names Mentioned in Caucus—Star Chamber Session.

(Special to The Bulletin.) Hartford, Jan. 24.—Frederick J. Brown of Lebanon and Charles H. Smith of Noank, in the town of Groton, were chosen as members of the board of county commissioners of New London county at a caucus of the republican party held in Room 66 at the capitol at 2 o'clock Tuesday afternoon.

The session was held behind closed doors, no one excepting those entitled to vote being allowed to remain.

Representative Whitton of New London presided as chairman. Representative Brown of Lebanon and Charles H. Smith of Noank were chosen as members of the board of county commissioners of New London county at a caucus of the republican party held in Room 66 at the capitol at 2 o'clock Tuesday afternoon.

The strength of the caucus was lined up solidly for two candidates in selecting the second commissioner, Charles H. Smith of Noank receiving nine votes to eight for George H. Bradford of Montville.

While the balloting was going on a group of very much interested New London county men stood in the lobby anxiously awaiting the result.

There was only a little tendency to kick against making the caucus closed against outsiders owing to the closeness of the contest to be decided and the anxiety which was good naturedly indulged by the forty minutes that the session lasted.

By invitation of Mr. Smith those in the caucus were entertained immediately after its adjournment at Heublen's.

The Participants. After organizing and the cap had been made for nominations, Senator Angus Park placed in nomination Frederick J. Brown of Lebanon to fill the vacancy created by Commissioner Chadwick's announced retirement at the close of his term.

Harry Elgart of Colchester seconded the nomination. For the same place Senator William A. Bush of East Lyme was named by J. Warren Stark of Lyme and Ernest Atiner of Salem seconded the nomination.

Charles H. Smith of that town while Charles L. Stewart placed in nomination George H. Bradford of Montville. The nomination of Charles H. Smith was seconded by Lewis Whitton of New London while Ernest Latimer of Salem seconded Mr. Bradford's nomination.

During the session Duquesne George H. Stanton acted as doorkeeper for the caucus and by orders kept everyone except the representatives and senators out of the room.

The terms of the present incumbents in the office do not expire until October.

W. O. ROGERS RE-ELECTED PRESIDENT.

Annual Meeting of State Poultrymen's Association at Hartford. The fifth annual meeting of the Connecticut Poultry Association opened at Hartford Tuesday morning.

There was a good attendance when President Woodbury O. Rogers of Norwich called the meeting to order at 10:45 and extended words of welcome to the members.

President Rogers read his annual address. He said: "We are holding our annual meeting at a time when the poultry industry is in a state of transition."

In addition to our splendid two days' midsummer field meeting at Storrs, which I am sure was much enjoyed by all who attended it, we are sending out speakers on poultry topics all over the state and it is a matter of record that the Connecticut Poultry Association sent out more speakers to the farmers' institutes and local associations and arranged than any other organization in the state.

We are constantly receiving calls for the kind of extension work, and as your president, I have been called upon many times during the past year to visit with you. We have, therefore, asked the legislature to increase our appropriation \$500 per year, and I trust that you will all use your influence to see that this increase is granted.

Let us exert our influence in favor of agriculture in general. I believe that we can serve our best interests by co-operating in every way possible with the Connecticut college and the other agricultural organizations of the state, and working hand in hand with them for the advancement of the poultry industry and general agriculture, of which poultry is no small part.

Let us, therefore, continue our co-operation and the promotion of the poultry industry, for as the industry is promoted the welfare of all poultrymen will be advanced.

We shall need more funds for this work, as the demand is increasing. We have, therefore, asked the legislature to increase our appropriation \$500 per year, and I trust that you will all use your influence to see that this increase is granted.

DYSPEPSIA-PROOF. How Any Meal Can Be Thoroughly Enjoyed by Any Stomach.

Costs You Nothing to Try Stuart's Dyspepsia Tablets. Men, as a rule, are first discovered by their enemies. Their antagonists turn on the heel and challenge, and the proof of merit will lie in being able to stand the dash.

It was only in this way that Mr. Stuart overcame his dyspepsia. He was one of Mr. Black's worst enemies. Sitting face to face at a two-by-four table, he handed his afflicted friend the bile words.

Oyster Cocktail, Stuffed Olives, Boston Clam Chowder, Strained Gumbo, Sirloin Steak with Mushrooms, Roast Beef Ham, Boiled O Tongue with Sauerkraut, Lobster a la Newburg, Baked Pork and Beans, Combination Crab Salad, Hot Mince Pie, Pineapple Fritters.

Mr. White ordered a "little of each" and a glass of milk. "I had such a big breakfast this morning," he said, "that I'll just take a bite to keep you company." But Mr. White could not be deceived. "I am afraid you can't stand the clean Mr. Black. Why don't you say you have dyspepsia and be done with it? You'll always have that hungry look anyhow as long as you have dyspepsia. Now listen, Mr. Black, my stomach was in just as bad condition as yours at one time. But now I can eat anything at any time. For instance, this clam chowder or sirloin steak or even the lobster would be just as welcome to my stomach as your crackery dyspepsia. Now let me realize how this dyspepsia business is robbing you of your spirit, of your energy and ability to think quickly. I can't help notice it. You haven't the cheer and sociability you had three months ago. Now I'll tell you what to do, and thereafter the cheerful Mr. White took a vial from his pocket and extracted a few tablets.

"There, there is a tablet that contains an ingredient, one grain of which digests 3,000 grains of food. For even the worst dyspeptic it's the only thing that really gives relief. The reason is it relieves the stomach of nearly all the food that is in it, and so nothing in the stomach and stimulates the gastric juice. I can't get along without them. They are Stuart's Dyspepsia Tablets. You can get them anywhere on earth for 50c a package."

Yes, it is true, Stuart's Dyspepsia Tablets absolutely stop heartburn, nausea, indigestion, dyspepsia, flatulence, sour stomach, bloating, feeling and all eruptions and irritation, and restore the stomach to its normal condition. They cheer you up, and make you eat all the good food there is in your food. You will forget you ever had a stomach to worry you.

Send us your name and address today and we will at once send you by mail a sample package, free. Address: Stuart's Dyspepsia Tablets, 150 Stuart Building, Marshall, Mich.

Pythianism in Pictures. Stereopticon Lecture Given at Joint Open Meeting of Pythian Lodges.

Wauregan lodge, No. 5, and Gardner lodge, No. 46, Knights of Pythias, held a joint open meeting on Tuesday evening in Pythian hall at which Rev. F. E. Leathers of Westwood, Mass., delivered an interesting stereopticon lecture upon Pythianism in Pictures.

There was a good attendance of the Pythians and the friends they had invited, and the lecturer was introduced by Sumner W. Armstrong, chancellor commander of Gardner lodge, No. 46.

Rev. Mr. Leathers spoke upon Pythianism from the aspect of home production showing many slides illustrative of the influence of the home upon the welfare of the nation and of the world. He urged membership in this society, which was founded upon the principle of home production and home coupled with that a clean, healthy social life for its members.

District Deputy Winder E. Reed of New London attended the meeting.

TO PALE, THIN PEOPLE. Druggists Utley & Jones Offers to Pay for Samsone if It Does Not Make Thin People Fat.

Pale, thin people are simply suffering from want of nourishment. They may eat enough, but their food is not properly digested and does them no good.

Samsone, the remarkable flesh forming food should be used by all who are pale, weak and thin. It mingles with the food and aids assimilation, so that when taken for a short time, Nature will soon assert her normal powers, and the food that is eaten will give strength and good flesh.

The woman who longs for rosy cheeks and the plumpness of beauty should use Samsone. The man who wants to be strong and well and gain health and good flesh, will find his desires accomplished by Samsone.

Such remarkable results have followed the use of Samsone that Druggists Utley & Jones are willing to pay for the treatment if it does not give desired results. They make this offer generally and want all who are thin, weak and out of health to get a box of Samsone from them on those terms.
