## THE MINUTE MEN

Give Fourth Private Assembly, Which Proves Success in Every Detail.

The fourth private assembly given by The Minute Men in Town hall on Monday evening eclipsed any previous social affair by the wide-awake members of the organization. The hall was elaborately decorated by P. D. Donohue, and electrical effects were used to good advantage by John T. Ashton.

A feature of the enjoyable assembly were the numbers where the spotlight effect was used. The effect was striking. The various song numbers were sung by usually 30 couples in attention face, including a few from out of town.

The patronesses were Mrs. D. P. Dunn, Mrs. P. D. Donohue, Mrs. James A. Shea and Mrs. Michael E. Donovan.

The committee in charge of the arrangements for the affair included the general floor director, and his aids were: William L. Flynn, P. D. Moheau, Francis T. Keen, William B. Sweeney, Frank Cunningham, James E. Sullivan, Benjamin T. Murphy, Frank McDonough, D. Clifford Carey and William P. Kelley.

At intermission refreshments were served by a local caterer.

Samuel J. Young Undergoes Surgical Operation.

The condition of Samuel J. Young, proprietor of Young's hotel is still said to be critical, although he underwent what is believed to have been a successful operation Monday noon at St. Joseph's hospital. Dr. Owen O'Neill performed the operation, assisted by Drs. J. Robert Egbert and R. R. Parker. Mr. Young came out of the anesthetic about the middle of the afternoon in good shape, but he was very weak. He was resting comfortably late Monday evening.

## MANSFIELD DOGS

Ordered Shot if They Were Bitten by Suspicious Tramp Dog.

Herbert O. Huntington, dog warden for the town of Mansfield, has received instructions from Commissioner on Domestic Animals Herman O. Averill to kill all the dogs in the town that are known to have been bitten or come in contact with the dog recently killed there, as an examination disclosed the fact that the animal was infected with rabies.

Dog Warden Huntington started out on his task Monday afternoon. While it has been intimated that the dog may have passed through this city, there is small likelihood of his having done so for no one can be found who saw it answering the published description.

tion. It is not known how many dogs the dead dog bit, but it is believed that there were a number. Orson Sweet of Scotland Station is, as far as can be ascertained, the only person actually bitten by the dog that was shot in Mansfield Depot, but W. C. Oliver, who resides at Clinton Center, has reported that the dog passed through that place on January 17th and bit a number of dogs. Mr. Oliver is authority for the statement that the dog was not barking at the mouth when he saw him.

## FUNERAL

Joseph Noyes. The funeral of Joseph Noyes was held Monday at 8:15 o'clock at Elmore & Shepard's funeral home in the presence of Rev. Leonard J. Smith, pastor of the Spring Hill Baptist church, officiated. The body was sent to the S. S. A. M. train for burial in Old Lyme.

## John Donohue.

The funeral of John Donohue was held Monday morning at 8:15 o'clock at the family residence, 49 Jackson place, with a requiem high mass at St. Joseph's church. Rev. John J. Conolly officiated. The bearers were Cornelius J. Morahan, William J. Crady, Thomas Sullivan and Jeremiah Welch. Burial was in St. Joseph's cemetery.

## SCHOOL ATTENDANCE

Decreased Owing to Illness Among the Lower Grade Pupils.

The attendance at the public and other schools of the city is considerably lower than usual because of the prevalence of bad colds, severe and mild cases of the grip and some twenty odd cases of measles that so far have been reported to the city health officer.

Natchaug school seems to be most affected, particularly in the lower and kindergarten grades. There will be no session in the first grade of the school until Wednesday morning, and only morning sessions in the other grades for a few days.

There is a falling off of one-sixth in the attendance in the higher grades. About 15 per cent of the pupils of the school are among the pupils of the Natchaug school.

No cases of measles have been reported at the Model school to date, although quite a number of the scholars are out because of the grip and colds. The average, however, is much better than at the Natchaug school.

The attendance at St. Mary's parochial school Monday was reported normal, but at St. Joseph's school the epidemic of grip and colds is felt keenly, principally in the lower grades, the attendance showing a falling off of about 19 per cent. It is stated, however, that all absentees were not ill, but that the parents were keeping them home for a better spell of weather prevails.

Principal Egbert Case of the High school said Monday that so far the prevalence of grip and colds had not been materially noticed as far as the attendance at the Windham High school was concerned. There were but 16 absent Friday and about the same number Monday, a 3 per cent decrease only in the total registration of the entire school.

## TWO WEDDINGS

At St. Joseph's Church on Monday Morning.

Monday morning there were two weddings at St. Joseph's church. At 9 o'clock the Rev. Leonard J. Smith officiated at the wedding of Miss Margaret Murphy and Frederick Fenton, united in marriage by Rev. Otto S. Baummeister, and a nuptial high mass was celebrated by Rev. M. J. Fenton at 10 o'clock. The bride, Miss Murphy, was accompanied by her father, Mr. Fenton, and her brother, Mr. Fenton, and the groom, Mr. Fenton, was accompanied by his father, Mr. Fenton, and his brother, Mr. Fenton.

Left for South Carolina. Miss May Dennehy of Boston, who has been spending the month with her brother, Mr. Dennehy, at 391 Jackson street, left Monday to spend the remainder of the winter season at Aitken, S. C.

## HAS TAMED A SKUNK.

Frederick Fenton Has Docile Black and White Pet in the Barn.

Frederick Fenton, youngest son of F. D. Fenton of 237 Summit street, is recognized as the greatest animal tamer in all Windham since his latest feat, that of taming a skunk. While hunting recently he caught a young black and white skunk, and now has the animal on exhibition in his father's barn. Many residents of the Hill have taken a keen interest in the pet and pronounce it tame, but none dare to get very close to the unusual playmate.

Welch place, from where he removed to Red Bank, N. J., last April, is dead. The news of his death was learned in this city with regret Monday through the following item in the New York Sun: Red Bank, N. J., Jan. 29.—Charles H. Thompson, of retired New York business man, was found dead in the bath room of his residence on Riverside avenue last evening by his wife on her return home from New York and Rotterdam, N. J., where she had been visiting since Friday. The gas was turned on in the room and matches were found on the floor. Coroner Sickles of Navesink pronounced death due to paralysis of the heart. It is believed that the gas was turned on in the bath room and had turned on the gas to light it when he was struck. Mr. Thompson was born and brought up in New York. He leaves no near relatives besides his wife.

George L. Rosebrooks has sold a half interest in his restaurant to Franklin J. Kirkland of Hartford. Mr. Kirkland will have charge of the business. It is understood.

Mr. and Mrs. Charles L. Boss are entertaining Mrs. George Comer of East Haddam. Mrs. Comer is the wife of the late George Comer, who was a two years' whaling trip to the north.

## DANIELSON

Warden V. I. Bullard Explains Why Charter Revision is Desirable—24-Hour Electric Power Service Coming—Hose Company Adopts Uniform.

Warden V. I. Bullard states the following facts relative to the proposed revision of the charter of the borough of Danielson:

The petition that has been presented to the legislature in this state is a preliminary act done by the present borough government, which believes absolutely in the necessity of a thorough revision of our charter. This petition is in no way indicative of the final action of either the legislature or the voters. It is a preliminary act in order to secure legislative action, if the voters of this borough wish a new charter granted at this session. It was necessary to have a petition presented to the legislature.

There will be positively nothing done about a revision of our charter until the voters have expressed their opinion on the matter presented to the voters of this borough at a special meeting to be called in the near future. The revision of our charter can be thoroughly and frankly discussed, and if the majority of the voters are in favor of a new charter, a modification of the borough government, the matter will be presented to the legislature. If the voters do not favor a new charter, the matter will be cheerfully dropped and no expense will have been incurred by the borough.

The present borough charter is entirely inadequate for the successful and legal government of this borough. It should be revised and drawn up so that it will be a satisfactory working instrument for the governing board of the borough.

By-Laws Just as Bad. "The by-laws of the borough are in a deplorable condition as the charter. There is a great deal of confusion, tradition and discord with existing conditions. Out of a dozen sections more than one-half are obsolete."

"The fact is the charter has been so frequently amended and repealed that we have nothing left, and it is the duty of the governing board to call the attention of the voters to existing conditions, and if a new charter is voted it will be in accord with the wishes of the voters of the borough of Danielson."

"I advocate the adoption of a commission form of government, which will effect the reduction of the number of burgesses from six, as at present, to three, one to serve for one year, a second for two years and a third for the full term of three years. At each annual borough election a successor to one of the burgesses or commissioners would be elected for a term of three years. This means a consistent governing policy of our borough."

"I advocate the wholesale legislation of the charter, so that the recall measure would eliminate any danger of an undesirable commissioner or burgess serving for more than one year."

News from All Points. Mrs. Louis Young is seriously ill at her home. She underwent a surgical operation Sunday.

Leaves for Holy Cross college, Worcester, is spending a few days with his parents, Mr. and Mrs. Patrick Murray.

Patrick E. Bitgood is in Boston on a business trip today (Tuesday).

Attorney W. E. Woodward was at New Haven Monday, attending a meeting of the board of directors of the State Firemen's association.

Clarence Hutchins, an employe at the plant of the People's Light and Power company, was badly crushed by a little finger, which he caught in the engine.

Rev. J. P. Edgard of Hartford, formerly assistant at St. James' church, was a visitor in Danielson Monday.

A missionary study class is to be formed at the Congregational church Thursday evening after the close of the prayer meeting.

Dr. Edgar C. Abbott of Boston is to come to Danielson Thursday and will read a Shakespearean reading at a local home.

To Add Women Members to Board. It is understood that women members are to be added to the board of directors of the Old People's Home.

Editorially, a Boston paper of Monday said: "Allen Dean of Moosup, Conn., died last week at the age of 76, never having married. A steamboat had taken a ride on a railroad train. At that it's a safe wager that he had been obliged to do a 'horror car.'"

Recent Enlistments. Over half a dozen recruits have been taken into the Thirteenth company, Coast Artillery corps, during the past few days. There is an awakening interest in the going of the organization, which is in a branch of the service that cannot fail to prove attractive to men who like to do with big things.

24 HOUR SERVICE. Continuous Electric Power Promised Within a Short Time.

It is stated that the people of Danielson may expect to be able to purchase electric power during 24 hours of the day, within a very short period.

This will also apply to all the territory between Jewett City, where such a service is now maintained, and Dayville, where the limit of the territory covered by the combined Peoples Light and Power company and the Nashawang Electric Power company. The requirements remain to bring this about is the construction of about three miles of pole line between Plainfield and Central Village. Then by the laying of a switch wire may be energized for a continuous service. It will also be possible, of course, for Danielson to have an all night street light service, but this is a matter that would have to be considered favorably by the electric company before it could be made effective.

## REGULATION UNIFORMS

To Be Adopted by Members of Minnetonka Hose Company.

After years of wishing and dickerings and considering pro and con one of the companies of the Danielson fire department has voted to buy regulation uniforms to replace the red shirts. The noble noble of short-sleeved shirts, Minnetonka hose company, No. 1, has finally taken the long agitated action, the regulars voting to purchase such uniforms. The amount they get each year for their services as firemen to purchase suits that will make them look like the real fire department. The company expects them in time for the annual department ball. The action by the members of Minnetonka company fore-shadows similar action by the other companies in the department. While the new suits will give the members of the department a more professional appearance that most mortals seek, there is a secondary consideration that appeals to the members of the company. The suits will give them a good excuse to get out into the firemen's parades around the state this year.

## WEAVING BEDSPREADS.

Broad Loom Workers at Mill of Danielson Cotton Company.

Several broad looms are being operated at the mill of the Danielson Cotton company in the weaving of bedspreads, which is only one of the many kinds of fancy cotton weaving that is being done at the plant. A few years ago, up to the advent of this company in this field, all of the cotton weavers in Danielson were experienced only on plain cloths, but now a capable force of workers on fancy goods of great variety has been developed.

## Series of Sunday Night Talks.

Rev. Ralph C. Cummins, pastor of the Methodist church, who is to close his pastorate here at the end of the present conference year, has arranged to deliver a series of Sunday night talks, to run through the months of February and March. The general subject will be Plain Talks on What I Believe. The talks will deal not only with sin and salvation, but with Christian conduct and matters of church and public interest.

## A Remarkable January.

The January that closes today is regarded by many as an exceptional one. One of the most notable in the last half century; it has been an ideal period from the standpoint of getting about with mild temperatures, and remarkable for its freedom from snow. Miss Ellen D. Learned of Thompson will issue in the next few days some interesting observations on the weather of this and other Januarys.

## Notes.

Miss Agnes Jacobs of Storrs spent the week end at her home.

The Nadal Arbeit meets this (Tuesday) afternoon with Mrs. A. V. Woodworth.

## PUTNAM

Judge Holcomb, in Case of Heirs of Almira E. Westcott, Finds That They Should Share on a Per Capita Basis—To Nominate County Commissioners Today.

Judge Marcus Holcomb of the superior court has filed his findings in the case of Frank T. Preston, executor, vs. Albertus J. Westcott et al., the action being one in which the heirs of Almira E. Westcott, late of Danielson, sought to have certain obscure and disputed meanings of the intent of paragraphs of her will legally adjusted. The residuary estate involved amounting to \$57,738.34. The principal points in question were who the residuary heirs were and as to whether it was the intent of the testatrix, Miss Westcott, that they should share on a per capita or per stirpes basis. Judge Holcomb finds that the intent was to share per capita.

## Counsel in Case.

The attorneys in the case were Arthur G. Bill of Danielson, representing the executor, Mr. Preston; Danielson; Harry E. Back, representing a group of heirs composed of Dupert B. Rogers, Herbert Rogers and Nellie Pearson; and George A. O'Brien, representing that the division should be on a per capita basis; Charles E. Sears of Putnam, counsel for Albertus J. Westcott; and Arthur A. Lawrence, Mabel Westcott, Rena Westcott, Edward Carpenter, Howard Miner and Mary Grant, residuary heirs, contending that the division should be made per stirpes.

## Text of the Finding.

Judge Holcomb finds that there are 24 residuary heirs. His opinion in substance follows: "With the exception of Edith B. Hill, the testatrix in the several paragraphs of her will and the codicil thereto, named as legatees all of the above named persons, naming some of them as 'my cousin' or 'my cousins,' and others as 'children of my cousins,' etc., and naming other without specifying any relationship, and in no instance specifying the relationship other than as cousin.

## Specific Bequest.

"It is significant that in the paragraph of her will and codicil other than the residuary paragraph, the testatrix has given primary legacies to the first and second cousins named in her will; to first cousins some varying from \$1000 to \$2000; to second cousins sums varying from \$1000 to \$500; and to most of them she has in addition thereto given specified articles of personal property.

"It seems conclusive to me that in these provisions the testatrix made a distinction between the legatees named in the paragraph of her will and the legatees named in the residuary division, and she intended the residue of her estate to be equally divided between them, and that in the paragraph in which she refused all substitutes.

## Indicate Per Capita Division.

Concerning Judge Holcomb finds that "certain paragraphs of the will seem to clearly indicate a per capita division, as it seems unreasonable that she had in mind a per stirpes division of her estate, but a strict division of her estate, which she gives to her first and second female cousins named in the will. The language she uses to express her intention is much more explicit in the paragraph in which the residuary estate is given to the first and second cousins named in the will, than in the paragraph in which she shares and shares alike."

Allowances for counsel fees are also made in Judge Holcomb's findings.

W. C. Howe of Lanes' Night, Cargill council, No. 64, K. of C., has arranged for a ladies' night on February 16, the committee in charge of the arrangements being Thomas P. Ryan,
