Within Four Days a Siphon Pump Newlands Who See it will do the Work Properly— Watched Will be Cleaned of its Worst Places—Contract for Pipe to Stony Brook Awarded—Doctors meet the state chemist.

Members of the water board spent nearly the entire afternoon of the 6th in the office of the state chemist, looking into the siphon pump which is to be installed in the Stony Brook reservoir and the pumping station. At the request of the board, Dr. Lewis Newlands of Middletown was here for a conference with the board and City Health Officer Dr. H. E. Lewis was also present. The water board met at 2 o'clock, at which time a representative from the state chemist, Dr. Lewis Newlands, was present and explained the operation of the siphon pump which the board had ordered. He stated that it will not only clarify, but will purify the water, taking out 97 per cent of the bacteria.

State Chemist Newlands stated that if the filter removes 97 per cent of the bacteria, the water will be absolutely safe to use, and pump the water into the city mains for immediate use. He stated that the filter will not only clarify, but will purify the water, taking out 97 per cent of the bacteria.

In the Roberts filter there is sand, and a very small quantity of alum is used to settle the water. It is not to affect the taste, but it removes everything dangerous or otherwise, and is perfectly satisfactory to the health of the city. Dr. Lewis stated that he would have no objection to the use of the water after the filter is installed. The filter will consist of two large tanks, each of which will be connected to the city side of the pumping station, so that all the water goes through the filter before it is pumped into the city.

Both Glad to Reassess

Parisian Sage the Guarantee and Hair Grower and Dandruff Cure

Mr. J. E. Burgess writes from 614 E. Main St., Danville, Va., June 4, 1910, as follows:

"I have used Parisian Sage and find it to be all you claim for it, and cheerfully recommend it to any one who is suffering from any hair dandruff, or scalp trouble."

On the same date Ruth Odette Burgess, the charming little daughter of Mrs. Burgess wrote:

"I am only a little girl, but I want to tell you that Parisian Sage has done for me. I had a scalp disease that looked like dandruff, and when it was combed up there would be a bloody water under the dandruff. Mamma tried everything in the way of hair tonics, without result, until she saw the advertisement of Parisian Sage; she got a bottle and it cured me, but kept on using it. Now I have a beautiful head of hair as my girl."

Men, women and children, in every section of America who are using ordinary commercial hair tonics should give Parisian Sage a trial. It is so far ahead of all others that one application will prove its great superiority. It is guaranteed by The Lee & Co. of New York City. It gives the hair a lustrous and fascinating appearance. 50 cents a large bottle at The Lee & Co. and druggists everywhere.

Parisian Sage is a guarantee of its quality. It is so far ahead of all others that one application will prove its great superiority. It is guaranteed by The Lee & Co. of New York City.
