—One Hundred New Bathhouses for Watch Hill
—Beach—Funeral of Congressman Adin B. Capron—
Marcus Silverman an Unwilling Hospital Patient.

Gradual changes are being made in the Memorial and Public Library building, and the ultimate result will be that the present fine large building will be adequate for the purposes intended, and that the trustees will be required to take into even more serious consideration than heretofore, the construction of a new building, the present structure to be devoted entirely to library purposes.

The bathing beach and bath-houses at Watch Hill, owned and managed for many years by Daniel Larkin, patronized largely by the regular cottagers and transient visitors, have been conducted as to meet all demands for increasing patronage and have naturally been a source of profit to the management.

It is understood that the endowment fund established by Mr. and Mrs. Stephen Wilcox is to be provided for another building on property now under the control of the trustees, and that this matter is under advisement.

The art room, the gymnasium, the large mineral exhibit and museum of articles historic and kindred collections, could be housed in the new building, while the basement and first floor of the present structure could be devoted to library purposes and would be ample, perhaps, for all time.

BABY'S HAIR ALL CAME OUT "When my first baby was six months old he broke out on his head with little bumps. They would dry up and leave a scale. Then it would break out again and it spread all over his head. All the hair came out and his head was only all over. Then his face broke out all over in red bumps and it kept spreading until it was on his hands and arms. I bought several boxes of ointment, gave him blood medicine, and had two doctors to treat him, but he got worse all the time. He had it about six months when a friend told me about Cuticura Ointment. I bought a box of Cuticura Soap and a box of Cuticura Ointment and three days after using them he began to improve. He began to take long naps and to stop scratching his head. After taking two bottles of ointment, two boxes of Cuticura and three cakes of soap he was sound and well and never had any breaking out of any kind. His hair came out in little curls all over his head. I don't think anything else would have cured him except Cuticura. I have bought Cuticura Ointment and Soap several times since to use for cuts and sores and have never known Cuticura Soap to fail. It is the best that I have ever used for toilet purposes and the negative will be argued by B. F. D. 2, Atoka, Tenn., Sept. 10, 1910. Cuticura Remedies are sold everywhere.

Help Over a Hard Place.

The month of December, and the days immediately following the 1st of January, represent about the hardest period of the year from a moneyed point of view, for all who have not been thoughtful enough to make provision for it.

The habit of saving is for many difficult to acquire; but is so great a comfort when once formed that we propose a plan that will, we believe, prove a great help to all who desire to be in position, at Christmas time, to indulge their generous impulses to the full limit of their ability, and to start the following year without the burden of debt that saps the ambition and almost destroys the pleasure of giving.

We shall call this plan The Thames Loan and Trust Company's Christmas Club of 1911. The conditions of membership are such as to make it open to every very small, as well as very large incomes and the object is to render valuable service to the thrifty and to develop and encourage that spirit, in those who have not already acquired it as a habit.

The details of the plan will be given in the daily papers beginning with the issue of March 24th, and will, we believe, appeal to every one who desires to form the habit of saving. Also to the man or woman who has always been just a little behind, paying the expenses of this month out of the earnings of next.

The lecture and concert for the benefit of St. Mary's church, given in Sprague hall Sunday evening was a complete success. In spite of the rain a good crowd was present. The programme began with the chorus, Regal and Merry Be, by young ladies of the Academy of the Holy Family, followed by the lecture, The Irish in America, by Rev. William A. Keefe, of Voluntown, which was eloquently delivered and received hearty applause. The remainder of the programme follows: Kathleen Mavourneen, chorus, young ladies of the Academy; Bernardo del Carlo rose drill by Juniors; Go, Lovely Rose, chorus; reading, O'Connell, Miss Rena B.
