AUSTRALIAN'S CRITICISM OF AMERICAN SWIMMERS.

Much Discussion of "Crawl" and "Kick" Leaves Athletes of Same Opinion Still.

The wholesale criticism of American swimming strokes and methods by Richard Cavill, former champion of Australia and now instructor at the Illinois Athletic club, has aroused here seven years ago.

It is made evident by the published arguments of the last few years that students of swimming have given particular attention to the obtaining of a set of movements that would insure propelling forward of the body from start to finish of the arm drive.

SLIGHT DOWNWARD DRIFT. Yesterday Saw the Smallest Business Since July of 1908.

New York, March 24.—The calm of the stock market for many days was not disturbed today. Wall street has found it the more baffling because there have been few happenings to catch in even such slight movements as have occurred.

Further activity of the war department may have been responsible for the weakness of Mexican affairs and shares, though the Mexican affair is still ignored as a real factor in the securities market, which reflects the prevalent
