

Rev. Frederick W. Coleman and Family Arrived on Friday and Committee Had Passage Ready for Them—Dr. and Mrs. Kaufman Leave Today—Other Methodist Notes.

Rev. Frederick W. Coleman, the new pastor at Trinity Methodist Episcopal church, and family arrived here on Friday afternoon from Fall River and were given a cordial reception at the residence of the pastor on Pearl street by the ladies of the passage committee, who had a fine supper prepared for them and they were given warm welcome to this city. Rev. Mr. Coleman's family consists of his wife, his wife's mother and his two children, a son of 18 and a daughter of 12. He will preach at both services Sunday.

Dr. and Mrs. M. S. Kaufman leave here this morning for Providence, R. I. Dr. Kaufman is the pastor of the Trinity Methodist Episcopal church in Providence, R. I. Dr. Kaufman is much pleased at the assignment given him by the conference and looks forward to a pleasant pastorate in the city where he has been located previously. The church is of good size, located in the south part of the city. Being well known by his previous pastorate in that city as pastor of the Mathewson street M. E. church, Dr. Kaufman is thoroughly familiar with his field and has a busy campaign mapped out there.

Other Pastors.
Mrs. Lania Wilson Smith, wife of Rev. C. H. Smith, the newly appointed pastor of the Methodist Episcopal church at New London, is the author of several popular gospel songs, among which are "The Easter Sun-shine" found in several hymn publications.

Rev. F. C. Baker, who is appointed to the Methodist Episcopal church at Bristol, R. I., was pastor of the North Main street church in this city in 1882 and 1883. His pastorate was a great success and is pleasantly remembered by those who were connected with that church at that time.

Rev. F. C. Baker, who is appointed to the Methodist Episcopal church at Bristol, R. I., was pastor of the North Main street church in this city in 1882 and 1883. His pastorate was a great success and is pleasantly remembered by those who were connected with that church at that time.

REV. FREDERICK W. COLEMAN.
education at English schools, and at the age of 17 began to preach. He came to Philadelphia in 1888 and supplied with the boards of the Philadelphia conference as a student and graduated with honors from Drew Theological seminary, Madison, N. J., in 1894. He is a post graduate student in philosophy at Brown university in Providence, R. I.

CHIEF STANTON INSTRUCTS THE BOY SCOUTS.
Had Fire Alarm Box Coupled Up and Boys Were Shown How to Pull Alarm.

Friday evening the Boy Scouts of the Methodist and Central Baptist churches met with Troop No. 1, in the presence of the fire alarm box, at which time there were between sixty and seventy in attendance. Chief Stanton had been asked to talk to them in regard to the fire alarm system, and he had a fire alarm box coupled up with a battery, so that he could show them how to pull the alarm in an alarm, and allowed them to do the trick. The use of the hand crank was also shown, the talk being decidedly instructive and equipped the boys so that if occasion demands they will know just what to do in case of a fire alarm.

A visit from today Troop No. 1 will have another hike into the country, and more tests will be tried on that day.

A Law to Tax Income.
(Special to The Bulletin.)

Washington, April 7.—Democratic leaders in the house of representatives manifest a disposition to enact what is practically an income tax law, without waiting for the ratification of the amendment to the constitution now pending. Reading the bill upon the decision of the supreme court, which the corporation tax law, Congressman Cordell Hull of Iowa, a member of the house, has introduced a bill to levy a tax of 1 percent upon every person's net income over \$5,000 a year. The bill is not, strictly speaking, an income tax measure, but an excise tax bill.

It conforms in its text, as nearly as may be, to the language of the corporation tax law that was passed as a part of the tariff bill, and which has been held valid and constitutional by the highest court in the land. The corporation tax is expected to yield a revenue of about \$25,000,000 a year. Mr. Hull thinks his excise tax on incomes will provide between fifty and sixty million dollars a year.

Awarded Class of 1915 Prize.

Net Haven, Conn., April 7.—It was announced tonight that Nell C. Wilson, a member of the freshman class at Yale, whose home is in Oakland, Cal., had been awarded the class of 1915 prize, which is given to the student in the college who hands in the best prose description.

No Strings to It.
Nevertheless, give Mr. Balthazar credit for one good thing: He did not believe his resignation.—Indianapolis News.

COFFEE HEART
Very Plain in Some People.

A great many people go on suffering from annoying ailments for a long time before they can get their own consent to give up the indulgence from which their troubles arise. A gentleman in Brooklyn describes his experience, as follows:

"I became satisfied some months ago that I owed the condition of my heart to the use of coffee. (I had been a coffee drinker for 20 years) but I found it very hard to give up the beverage.

"One day I ran across a very sensible and straightforward presentation of the claims of Postum, and was so impressed thereby that I concluded to give it a trial.

"My experience with it was unsatisfactory till I learned how it ought to be prepared by thorough boiling for not less than 10 or 20 minutes. After I learned that lesson there was no trouble.

"Postum proved to be a most palatable and satisfactory hot beverage, and I have used it ever since.

FILTER REPRESENTATIVES ARRIVED ON FRIDAY
Will Start in on Preliminary Work Which Can Be Done Before Tanks Arrive, Though They Are Expected Today.

On Friday there arrived here and had talks with the superintendent and engineers of the water works, Messrs. Davis and Kirkham of the Roberts Filter Co. Mr. Davis was surprised to find the tanks had not yet reached here, and upon investigation learned that they had been heard from at New Albany and are expected here today or by the first of the week. There is work in connection with the setting up of the filters which can be done before the tanks arrive and this will be done at once, so as to be ready for the tanks when they get here.

When Fairview reservoir was measured on Friday, it was found to be 76 inches below highwater mark, a gain of ten inches in the past two days. The rainfall at this will continue for several days as the water there is 44 inches above the 24-inch pipe, the highest it has ever been since J. J. Corkery has been superintendent. This is 6 feet and over of water at Meadow brook, which will be delivered into Fairview. Though the 24-inch pipe is delivering all it can, the water coming into Meadow brook basin on Thursday and Friday was larger in quantity than the 24-inch pipe would carry, as shown by the fact that the water rose there two inches. At Meadow lake, despite the 200,000 gallons coming into the mains daily, there has been an increase of nine inches, the water being 77 inches down at the present time.

TO PROTECT BABIES IN HOT SUMMER.
New York Diet Kitchen Has a Comprehensive Campaign.

New York, April 7.—A vigorous campaign in behalf of the babies of New York has been inaugurated and will be continued throughout the summer by the New York Diet Kitchen association, which now has nine diet kitchens in operation and supplies certified milk for thousands of babies every day. Two methods for the conservation of baby life through the hot summer will be used—educational work for mothers and "little mothers" and supplying pure milk.

Doctors and nurses have been assigned to each of the nine kitchens and will hold conferences with mothers and "little mothers." At these the babies will be weighed and mothers instructed in their proper feeding and care. These conferences will be held in a kitchen weekly, at least, and as the weather becomes warmer there will be daily meetings in most of the kitchens.

BROOKLYN PASTOR SUEED FOR STOCK AND WAGES.
Litigation Follows Clergyman's Interest in Coal Lands.

Vancouver, B. C., April 7.—Rev. Newell Dwight Hillis, pastor of Plymouth church, was sued today by Edward Hodgson, a Victoria mining engineer, for \$50,000 worth of stock in the Western Steel corporation, as well as \$1,800 wages alleged to be due for clerical services in connection with the coal lands on Graham island, B. C.

It was stated that the plaintiff undertook to examine the coal lands for Hillis and that he was instrumental in putting through a deal by which the Western Steel corporation of Seattle and Vancouver acquired them.

It is alleged that when the sale was consummated and Mr. Hillis received more than \$250,000 worth of stock Hodgson was forgotten.

RETIRES FROM JOURNALISM BECAUSE OF ILL-HEALTH.
Arthur Burgoynes Delivers Farewell Address at Pittsburg.

Pittsburg, Pa., April 7.—Arthur G. Burgoynes, editor, poet, musician and linguist, a widely known newspaper man, delivered tonight a farewell address at the Carnegie institute on the eve of his retirement from journalism, necessitated by a serious physical breakdown. For some years Mr. Burgoynes has been connected with the Chronicle Telegram.

No Longer Exclusive.
"To be a democrat no longer takes one out of the ranks of the common people in Maine."—Columbia State.

IRVING CLEVERMAN ESCAPES FROM ASYLUM.

Providence, R. I., April 7.—For the second time within a year Rev. Edward K. Walker, formerly pastor of the Graniteville Baptist church, succeeded last night in escaping from the state hospital for the insane. He was still at large tonight. The hospital authorities believe he had assistance in escaping. He had occupied a room by himself since he was captured in Boston after his last escape. The door was secured by a hook and staple. The escape was noticed on December 2, 1909, after forgetting and uttering checks after he had been deposed from the Graniteville church at Centerdale. He was adjudged insane and committed to the state hospital. He escaped in March, 1910, and went to Boston. While pastor of the Graniteville church, he was noted for the sensational character of his sermons.

LARGE ENGINEERING FIRM SHORT OF READY CASH.

Chicago, April 7.—George W. Jackson, incorporated, one of the most widely known contracting and engineering firms in the country, turned its affairs over today to a creditors' committee. The action was voluntary and was because of the need of ready money. The company's assets are largely tied up.

When the firm took the contract for the Yonkers water pressure tunnel it tied up its assets to such an extent that it found itself short of ready cash.

The assets of the company are declared by the committee members to be considerable above any liabilities.

Any Woman Can Have It by Using Parisian Sage.

Thinking of your hair just what you would like it to be—why don't you use Parisian Sage? If it does not put life and luster into the hair and cause it to grow symmetrically you can have your money back from The Lee & Osgood Co. I cannot say enough in its favor. Two years ago I lost all my hair. I saw Parisian Sage advertised, and thought I would try it. Before I had finished using the first bottle my hair had stopped falling and my head was covered with new hair. I also removed all dandruff and today I have a lovely head of hair.

Good results always follow the use of Koley Kidney Pills. They give prompt relief in all cases of kidney and bladder disorders. Try them. Lee & Osgood Co.

DIED.
BARROWS—In Norwich, April 7, 1911, Mary S., widow of Edwin S. Barrows, aged 85 years and 5 months. Notice of funeral hereafter.
