The club's programme this week contains two events of an ordinary nature in the Open House dining room in the Halle club hall, at which the club will make the awards on their jewelry sales, and the food sale has been changed from its usual afternoon to a date later in the week.

Largest Attendance at 6 O'Clock Dinner

There were 125 at the Easter dinner Sunday evening at the Wauregan house, which is the largest number for any one day since Manager Davison inaugurated the plan a few years ago of holding a 6 o'clock Sunday dinner. There was an orchestra of 12 pieces Sunday evening and the dining room was prettily decorated. There were 400 special menu cards.

There was a large attendance at both services at Park church on Easter Sunday. Easter lilies, foliage and flowering plants were in evidence in abundance, and an attractive programme of Easter music made the day one of special interest. The general anthems and solos were well rendered by the choir, and the assistance of Miss Lucille Peck, violin, in the two preludes and the offertory solo was most acceptable.

Rev. Dr. Howe's sermon was from St. John 2:13, "Woman, why weepest thou?" This is a part of one of the beautiful lyrics of the resurrection. The new testament seems to be half history and half poetry and is full of these beautiful poetic touches. It is especially noticeable in the story of the resurrection of Jesus after his resurrection was the word woman, and that his first message was given to a woman. Other religions are men's religions, but the Christian faith is a woman's religion.

There was a very large attendance at Trinity M. E. church Easter morning. The service was held at 10 o'clock and Easter lilies, there being a cross of green with Easter lilies and white carnations on the top of the pulpit. There were also lilies in the windows. The musical programme was pleasingly carried out, Miss Elsie Brand being the soloist.

Rev. Frederick W. Coleman took as his text, Acts 2:23, his subject being "The Resurrection." He said: History records carefully the birth, life and death of its great man. The influence of his life might be called immortal, but it is not overestimated. With the Founder of our faith something more is recorded than his birth, his life and his resurrection. A life that begins with the mystery of the virgin birth and ends with the mystery of the resurrection. Christ said, I am the resurrection of the life, and He proved the truth of these words by rising from the dead.

We worship not a dead Saviour, but a living God. The resurrection of Christ means communication with the living Christ. It is our faith in His power and His love which makes us sensitive to His presence in the unseen world. The Christian today can be a witness that he is in living communion with Jesus. Such a witness is the world's chief need today. For it is upon our faith and our conviction that the Christian life is to be freed from pessimism and despair. It is only on the soil of our faith that the new life can grow.

At the Universalist Church. At the Universalist church services held in Buckingham Memorial Sunday morning. The pastor, Rev. J. H. Newberry, gave the lesson of the Season, his text being Psalm 75: 11, and Song of Solomon 2:15. He said: All seasons and all changes in the order of creation are full of interesting and valuable lessons. They all convey to the obedient mind the clearest proof of divine wisdom and goodness and furnish forcible illustrations of moral and religious truth.

The church platform was prettily decorated with palms, ferns, sprigs and lilies, there being a cross of green lilies in front of the pulpit. The special programme of Easter music was finely sung by the choir under the direction of F. W. Lester. The anthems being expressively given, while the offertory solo by Mrs. Bard was sweetly rendered.

Second Congregational Church. The platform at the Second Congregational church Sunday was decorated with Easter lilies, daffodils, palms, ferns and laurel, and at both services there was a large attendance. The special musical programme was finely sung by the choir, and the solo by Mrs. G. T. Lord was sympathetically sung, while in the evening the choir solo by Mrs. G. T. Lord was skillfully given. The violin solo by Miss Lucille Peck was admirably played.

At the morning service Rev. H. J. Wyckoff preached from John 14: 2, 3, his theme being Jesus the Host. He said that during the last years of his ministry Jesus had been the guest of those who would receive him into their homes. It was his custom to take the host's place and maintained that religion is a matter of the heart, as the host that he gave the dying wish welcome to paradise, and it was to assure the fishermen, whom he called to follow him, that he was about to prepare a place for them.

Jesus understood the necessity that the host must realize that hospitality is a name unless it makes some special preparation for the expected guest. It is the deepest shadow. But all that he himself has seen the green fields and heard the sunny waters of this old familiar, friendly earth, while just beyond the portal itself waits the expected host, according to his promise.

The welcome for the entering guests will be certain, for the host has given his own word that none coming to him will be turned away. But surely a busy host might not look for such radiant greetings as awaited the nameless guests who were invited to the upper room. The sort of welcome each receives at the door of the house of the host, will depend on the genuineness of the hospitality accorded Jesus when he knocks, in person, or by proxy of human need, at the door of our hearts and homes.

At the First Baptist Church. At the First Baptist church Sunday, the Easter service was impressive, the pastor, Rev. F. O. Cunningham, delivering a strong sermon from the subject, Easter Echoes, taking his text from Rev. 1:18, "I am he that liveth from now on, but I am alive for evermore." He said: The resurrection of Christ is the pivotal fact of the gospel. Preaching, faith and forgiveness of sins all turn on it. No fact of sacred history is better attested than the resurrection of Jesus. The consecrated lives and the martyr deaths of the apostles; the presence and converting power of the Holy Spirit on the day of Pentecost; the rise, development and achievement of the Christian church; the perpetuation of the Lord's Supper and Christian baptism; the observance of the Lord's day; all these are wards in the chain of history which the resurrection of Christ is the key. Roman theology gives us a babe, a Madonna and a crucifix, but it does not give us the real secret of soul liberty and the point of contact for the transmission of resurrecting and consecrating power.

The keynote of the resurrection of Christ is the resurrection of the heart. His recorded words in the marvelous forty days shows that he taught the things which are necessary to our life: anxiety, perplexity, fickleness, meddling, selfishness, carelessness and indolence. He gives us transcendent motives to stir us and impel us to heroic and sincere Christian service. He calls us to seek the things which are above, to adjust our lives to the higher spiritual attitude.

Easter lilies and ferns were the decorations for the church at the service after the service being sent to the sick of the church. The evening service was a stereotypical affair, the last of a series of three upon the life of Christ. The pictures portrayed a pathetic yet grand story of Christ's great agony and sacrifice. Solos by Mrs. Louis Wheeler and Stephen A. Peckham, illustrated the story and transferred the story to Robert Otis, were impressive.

The cornet duet by Robert Otis and La Rue Bliven, Praise Ye the Father, was beautiful. The solo by Mrs. Elsie Brand was beautifully given. There was one of the largest congregations for a long time.

Trinity M. E. Church. There was a very large attendance at Trinity M. E. church Easter morning. The service was held at 10 o'clock and Easter lilies, there being a cross of green with Easter lilies and white carnations on the top of the pulpit. There were also lilies in the windows. The Lee & Osgood Co. guarantees HYOMEI (pronounce it High-o-me) to cure colds, acute or chronic; to cure coughs, croup and sore throat, or money back. In cases of deafness caused by catarrh, there is no remedy so efficient. HYOMEI is a liquid extracted from the eucalyptus trees of Australia, and is a soothing, healing, germ killing antiseptic. The Lee & Osgood Co. sells a complete HYOMEI outfit consisting of a bottle of HYOMEI and an indestructible hard rubber pocket inhaler for \$1.00. For treating catarrh or any throat or nose ailment, pour a few drops into the inhaler and breathe. That's all you have to do, and as the air passes through the inhaler it becomes impregnated with antiseptic HYOMEI, and this soothing, healing air as it passes into the lungs reaches every particle of the inflamed membrane, kills the germs and heals the raw, sore catarrhal spots. If you now own a HYOMEI inhaler you can buy an extra bottle of HYOMEI for only 50 cents at the Lee & Osgood Co. or druggists everywhere. Complete trial treatment from Booth's Hyomei Co., Buffalo, N. Y.

Cora Belle Beebe, Miss Maud Baker, Byron Mathlow and Charles Parsons. At Trinity Episcopal Church. The Sunday morning service at the Trinity Episcopal church was well attended, and the pastor, Rev. J. Eldred Brown, delivered a vigorous and inspiring Easter sermon, taking as his text, "Now is Christ risen from the dead."

On Easter Sunday we celebrate the anniversary of a great event—the resurrection of Christ from the dead. The event is not a vague mystery, a subject for doubt, but one of the best established facts of history.

The Standard Rotary Sewing Machine

Is the Best in the World

The Standard Rotary Shuttle is the original and only successful Rotary Sewing Machine Mechanism.

And the reason why the Standard Rotary sews so much faster and easier than other machines, is that the shuttle gathers momentum as you sew — on the principle of rolling a hoop down hill. THIS ROTARY SHUTTLE ROTATES — whirls round and round as you sew — faster and faster all the time, making a stitch at each revolution. Contrast this with the vibrating shuttle machines which jerk backward and forward, stopping and starting twice for each stitch.

WHICH DO YOU PREFER?

Other Important Features

Ball-bearing, run 75 per cent. lighter than old style machines.

Tension not changed by change of speed.

Size of thread or the length of stitch.

Thread will not break when machine is run backward.

Wears twice as long as other lock-stitch machines.

All working parts of the finest materials by skilled workmen — practically no wear out.

Ten-year guarantee against defects in construction goes with machine.

Secure a STANDARD new — the best machine in the world at the lowest possible price, on the most convenient plan.

Special easy terms— \$2.00 down, \$1.00 weekly
