cided, the board not being able to

every particle of disgusting dandruff
from your hair.

money away, because it is guaranteed

Parisian Sage kills the dandruff
germ because of its peculiar power to

SCIENTIFIC NOTES.
According to a theory recently enun-
ciated by Prof. Leonard, the aurora bo-
realis is formed of cathode rays, emit-
ted by the terrestrial magnetic field in the
upper strata of the atmosphere. The velocity
of these cathode rays must be much
greater than the velocity of cathode
rays produced in the laboratory. Len-
ard concludes that these extremely
"hard" cathode rays are emitted by
unknown radio-active substances in the
atmosphere.
