The Bulletin

Norwich, Thursday, May 25, 1911.

VARIOUS MATTERS

Hawthorn trees about town are in bloom. Ascension day is a holy day of obligation, and St. Patrick's school will be closed today.

Many persons are driving through the state this month, when the country is at its best.

Although not much more than a drizzle, Wednesday's rain helped grass and foliage wonderfully.

It is stated that Henry North and Oliver Whiting, aged inmates of Fairview home for Odd Fellows, are very ill.

A trum among table waters Nobody discards Glycerin--adv.

The Girls' Friendly Society of the Episcopal diocese of Connecticut, incorporated, has filed articles of association.

The Stafford Press of Wednesday stated that several Stafford fire lost bundles in the Troy laundry fire at Norwich.

Five new corporations, having a total authorized capital stock of \$112,000, were formed in this state during the past week.

The first quarterly conference will be held by District Supt. J. H. Newland at the Crystal Lake M. E. church on Friday at 3 p. m.

Dr. Farrell, the well-known chiropodist, has removed from the Wauregan house barber shop to the McGrory Bldg., 237 Main street--adv.

Sixteen real estate transfers were officially reported in Norwich during the past week, against six during the corresponding week of 1910.

The mercury dropped so rapidly during Tuesday night that in some houses gas pipes were lighted on Wednesday to warm up the chilly rooms.

Business failures in Connecticut during the past week numbered 245, against 216 in the corresponding week of 1910. Year, 224 in 1909, 281 in 1908 and 184 in 1907.

The far walks at the Chelsea parade are being repaired, the first to have attention being the long walk diagonally across from the Broadway corner to Lincoln avenue.

The first of a series of lessons on first aid to the injured is to be given at the Stafford Springs Boy Scouts in the Congregational chapel Friday evening by Dr. G. Percival Baird.

A former Uncasville pastor, Rev. J. N. Gelsler of the Torand Methodist church, is to assist at the union memorial services at the Congregational church there Sunday morning.

Special convocation of Franklin chapter, No. 4, R. A. M., at Masonic temple, at 4 o'clock, this afternoon. Work in the P. M. and M. E. M. degrees--adv.

Corporation papers have been filed with the state secretary by the Plainfield Mills corporation of Plainfield, to start with \$2,000 capital; incorporated by Harold Lawton, S. Harold Green and Arthur Perkins.

There is a project among sealers of weights and measures throughout the state to have an ordinance passed compelling dealers to sell eggs by weight, because of complaints of so many small eggs being sold.

The fountain placed in the park at the Little Plains by the D. A. R. chapter at the time of the 25th anniversary has had its water covering removed this week and the water turned on for the bubble drinking arrangement.

Cut worms are bothering gardeners more this season than ever before and are becoming a serious menace to crops, so much so that individual gardeners have to be taken care of in order to stop the ravages of the worm.

Another tank of oil for the streets has been received by the street department and on Wednesday workers at work treating West Main street beyond Asylum street and other streets in that section were given some of the dust layer.

In the city court at New London on Wednesday morning the case against Letoy Robinson was dropped. He said that he lost his way and hadn't found it when he arrived in Norwich. The boy was given the benefit of the doubt and allowed to go.

Snowballs and deutzia, counted on for Memorial day decorations, are being getting in again. A Grand Army man stated Wednesday that the post hoped for contributions of flowers from everybody, no matter how few each individual had to give.

Dr. Gordon I. Hishop of New London leaves Saturday with Raymond Hall of this city for a few weeks' stay at Mr. Hall's hunting camp in Maine. Dr. Hishop recently passed the state board examinations in Tennessee, but has not taken up practice yet.

Invitations have been issued for the marriage of Miss Evelyn Belle Marks of Ellington and Clifford Phelps Case of Barkhamsted, at the home of the bride's parents, Mr. and Mrs. James M. Marks, in Ellington, Saturday evening, June 3, at 8 o'clock.

M. R. Sheedy, the theatrical manager, formerly of this city, has formed a \$25,000 corporation to take over the motion picture agency of the Motion Picture Screen company of Shelbyville, Ind., makers of a screen for projecting moving pictures in daylight.

Col. Julius W. Knowlton of Bridgeport, secretary of the Army and Navy club of Connecticut, has issued the call for the annual meeting and dinner of that organization, to be held at the Griswold, Groton, on the afternoon and evening of Friday, June 13.

The current issue of the National Hibernian, of Washington, shows the four Hibernian scholarship holders in the Catholic university, one being James Enright Woods, son of James H. Woods of New London, a graduate of the Norwich Free Academy.

The Waterbury Republican notes that Mrs. Louis T. Cassidy has returned from a visit of several weeks with her parents, Mr. and Mrs. John S. D. Wright of Washington, D. C. While there she attended two D. A. R. conventions, those of the National and the Maryland bodies.

According to a Providence paper, Rev. Dr. Matthias S. Kaufman, coming to St. Paul's Methodist church as its pastor in April, has infused new life into the parish, so much so that plans are under way for building a new church to replace the small one now in use at the corner of Potter and Prairie avenue.

A New London paper says: The present owners of the Spaulding estate on Main street, Stephen A. Schofield of Patchkeepsie and Mrs. De Collier of Dunbury, have decided that they will not attempt to redeem the mortgages which are on it, but will give it up to the New London Savings bank, which has the largest claim.

Charles Mason, who is wanted for a serious disappearance of a small watch, is still among the missing, hav-

ing failed to show up after being dealt leniently with and saved from spending a night in the lockup.

The dance which the upper middle class at the Academy is to give to the seniors has been arranged to be held Saturday evening in the gymnasium of the school.

J. C. Fountain of Baltic has been appointed an assistant superintendent of the Metropolitan insurance company, starting his work Wednesday. He succeeds J. J. Sheedy.

Owing to the threatening weather the Maypole dance to have been given at 4 o'clock at the Mt. Pleasant street schoolyard on Wednesday afternoon was postponed until this afternoon at the same time.

Dr. E. P. Brewer of this city represented the New London County Medical society at the annual meeting of the Connecticut State Medical society in Hartford on Wednesday. Officers will be elected today.

In the city court on Wednesday morning City Clerk H. W. Tibbitts took the security offered for Rev. W. H. McLean and he left the court room to start for his parish in Newport News, Va. The amount of the bond is \$200.

PERSONAL

George Scott leaves this morning for a few days' visit in Holyoke.

Mrs. Denison Davis has returned to Mystic from a visit in Norwich.

John Fitzgerald has moved from Packerville to North Grafton, Mass.

Wallace Phillips of 26 Jane street, Bridgeport, is visiting friends in Norwich.

Carl Lyons has returned to his home in Norwich after visiting friends in New London.

Mr. and Mrs. George W. Parsons left on Tuesday for a visit with their son, Adrian J. Parsons.

Mrs. John Daley of Ridge street, Fall River, arrived Saturday for a few days' visit to relatives in Norwich.

Misses Fannie and Lillian Brown have returned to their home here after a visit with friends in New London.

Leslie T. Gager has returned from the Baltimore Medical college after successfully passing the first year's examinations.

Daniel Rogers has returned to his duties at the Norwich State asylum after a visit to his family on Thames street, New London.

TOOK BAG OF TOOLS FROM DR. CASSIDY'S OFFICE

Owner Had Not Missed Them Until Police Asked if He Had Lost Anything of the Kind.

Complaint was received on Wednesday by Chief Murphy that a man was begging in offices in Shetucket street. He sent a man to look him up and there was found on him a pair of forceps, several knives, a new necktie and some stamps. He gave his name as John Smith, aged 35, of Hartford.

It was realized that the forceps belonged to some doctor and the police were sent on a visit to the doctors' offices. At the office of Dr. Patrick Cassidy, although he had not missed them, he found that his bag of tools was gone. The forceps he identified as belonging to him. A search was instituted by the police, and the tools were located where the fellow said he had left them, though it took much pleading on the part of the doctor and finally the third degree to get the goods.

Doctor Cassidy a few years ago lost a bag of tools valued at about \$125 which he never heard from. He knows the man who is under arrest, he having taken care of his horse Happy Doctor at that time. The tools were taken on Tuesday and are worth from \$50 to \$60. The man had six cents in money on him when taken. Inasmuch as the doctor has taken pains to help him every one who has come on the city, his theft from the office of the tools was at least ungrateful.

CONSIDERING PUTTING BOATS ON THAMES RIVER.

Capt. Avery C. Smith May Have Two Power Boats if Rocks Are Removed from Shetucket.

The lease of the municipal wharf at the foot of Rose place for a year from June 1st has been secured by Avery C. Smith, and it is not improbable that he will have one or more boats on the river this summer. Captain Babidge, who desired to run a boat on the river and also wanted the wharf, could not be accommodated, as the wharf is limited.

Concerning the placing of a boat or boats on the river this summer, Captain Smith stated that he has been considering it some time. He has received work from the government officials that the rocks under the Laurel Hill bridge in the Shetucket river will be removed this summer, and "as soon as they are removed I'll have the boats here," said Captain Smith in speaking of the possibility of engaging in this business again.

The time has come when the power boat is much better for such summer business than a small steamer, as it can be operated much more economically. It is probable that the boats which Captain Smith would place on the river would be large power boats and that two would be run. Plans for carrying out this idea have not been definitely arranged, and it was the opinion of the captain that it would not be advisable to use the municipal wharf until the obstructions are removed.

Promotes Hair Growth AND MAKES THE Scalp Healthy.

Smith's Hair Tonic is a splendid preparation to kill dandruff and to nourish and invigorate the roots of the hair.

Smith's Hair Tonic provides healthy stimulation to the hair, making it grow rapidly where it's possible for the hair to grow.

Prevents baldness, stops excessive falling of the hair, removes dandruff, crusts and scales, makes the scalp clean and healthy, it stops irritation and itching. Price 50 Cents.

TEN-MILL TAX RECOMMENDED

Common Council Adopts Estimates for the Ensuing Year --Financial Report From Treasurer's Office for the Year.

The adjournment of the court of common council session, and the final meeting of the body for the fiscal year was held on Monday evening in the council chamber with the democratic members, only in attendance. The session opened at 8:20 and lasted fifteen minutes, during which time a petition was received and two reports received, including the annual statement from the treasurer's office and the estimates from the finance committee for the ensuing year, in which a tax of ten mills is recommended for the ensuing year.

Mayor Thayer called the meeting to order and the reading of the journal was omitted.

A communication was received from C. L. Peck of Monson, Mass., extending the thanks of relatives of Ira L. Peck to the council for the beautiful floral remembrance. It was ordered placed on the records.

A petition from E. A. Tracy and others was received, asking for permission to remove a tree on the westerly side of Broadway in front of the new Universalist church which is being erected. It was referred to the treasurer with power upon recommendation of the executive committee.

Report of Accountant Jensen. Accountant Martin E. Jensen, in compliance with the request of the finance committee, presented a report of receipts, disbursements and balance for the month ending May 15, and the year ending the same date. In this report he says: In making the annual report it was found necessary to transfer certain receipts and disbursements from one department to another, because of errors in posting, and to make a correction in the amount of one disbursement voucher. The receipts for the following transfer were made: Receipts No. 1917, November 15, 1910, from Licenses to 'Street Department', \$25.

There was found an excess of cash in the cash account of \$15, 1911, of \$4.50 and a further excess of an amount of September 15, 1910, of 50 cents, making in all due the estate of Ira L. Peck an excess of \$5.45. The disbursements for the following transfers were made: From contingent to department of public works for West Main street improvement, \$1,225; contingent to city court account of telephone and utility bonds, \$13; from contingent to courthouse, \$10.93; added to gas and electrical department disbursements for error in order, \$1.00.

It will be understood that the whole year's accounting is still unadjusted. The reports were accepted and ordered printed in the journal.

Finance Committee's Report. Mayor Thayer presented the report of the finance committee stating that the illness and death of City Treasurer Peck caused some difficulty in reaching a report, owing to the necessity of waiting for the books to be audited. In writing up of the books it was found that a \$20,000 note, issued last June, had not been paid.

It is stated that the fact that at the city meeting when the charter committee reported that it was recommended that the floating indebtedness be paid off, so in case the charter would start fire from a financial debt. The finance committee therefore felt it their duty to appropriate \$20,000 to pay off the floating debt, as the estimate as it is figured to receive \$63,000 in loans as is usual each year until taxes are collected, and to pay that off altogether with the \$20,000.

The greater part of the \$20,000, he said, he presumed was not paid off because of the expense connected with the water shortage and the reduction in water. The estimated receipts from that department was \$42,000, but it fell short about \$11,000.

It was also found on this administration coming in that the following amount of the reserve fund was in the treasury and had not been used. This was returned to the fund, making a total with the water shortage of \$17,000 or nearly all the amount of the loan of \$20,000. The committee deems it best to pay off this amount.

The figures for the coming year are probably the largest in the history of the city, said the mayor, amounting in all to \$841,637.34, a large part of which includes the \$20,000 for the water works, with an additional \$10,000 for interest.

But for these large items, including the loan spoken of and the return of the summary of receipts May 16, 1910, to May 16, 1911, follows: Bal. on hand May 16, 1910, \$13,259.73 Water works \$31,302.84 Street dept. 18,625.48 City court 3,424.24 Police dept. 302.70 G. & E. dept. 163,158.29 Dept. cemeteries 5,766.43 Parks and amusements 1,426.50 Sewer assessments 5,057.61 Loans 30,000.00 Taxes 115,267.21 Interest 1,248.17 Sewer assessments 5,057.61 Taxes 30,000.00 Licenses 195.25 Miscellaneous 179.44 \$456,676.34

The summary of disbursements from May 16, 1910, to May 16, 1911, follows: Appropriations. Disbursements. Balances.

Table with columns: Dept. of Public Works, Ordinary street expenses, Sewers and catch basins, Macadam repairs, Street sprinkling and oiling, Parks, trees and spraying, Platt avenue sewer, Ripley place sewer, Boswell ave. and 11th St. sewer, Dept. of Cemeteries, Fire Dept., Police Dept., Salaries, payrolls, etc., City court, Street Lighting, Health Dept., Salaries, disinfectants, etc., Gas and Electrical Dept., Operating and general expenses, Fixed charges (interest on bonds), Park commission, Finance Dept., Salaries and commission, Court house expenses, Sinking fund, G. & E. profits, Reserve fund, depreciation, Interest, Election expenses, Current year, Contingent, West Main street improvement, Salary for milk inspector for two past years and succeeding year at \$50 per month, Commission for municipal improvement, Trading Cove extension, Stony Brook, Reserve fund returned, Overdrafts, Net unexpended balance.

the money to the reserve fund, a tax of nine or eight and half mill would have been enough, but a ten-mill tax will be required.

Additional items which the committee presented to the citizens for action thereon include vitrified brick pavement \$6,827; spilling Yantic cove \$6,000; auto chemical \$5,500; improvement to Hourigan lane \$1,500; total \$18,827, which will require nearly another mill and a half.

The resolution presented by the committee recommending a tax of ten mills was adopted.

This completed the business and the council adjourned sine die at 8:35 o'clock.

In the report of the treasurer's accounts which follows, the amounts totaling over \$26,000 for the reserve fund had not been turned over to the respective funds by Treasurer Peck but would have been before the close of the year had he lived. It could not be done after his death and remains for the new official to accomplish.

The amount of \$12,762.51 has already been paid out in behalf of the Stony Brook work, so that the remaining amount of the \$26,000, or \$13,237.49 is the amount which appears in the estimate.

TEST FOR PIPE LINE AT BACKUS CORNER.

Reducer Has Been Received and Following the Tryout of Pipes Ditch Will Be Filled.

Supt. J. J. Corkery of the water department has received a 24-20 reducer whereby a 20 inch pipe is connected with a 24 inch pipe, and following the placing of this in position, which will be completed today at the More place in West Main street, the testing of the pipe which has been laid in that vicinity will be made with the Trading Cove brook water, and everything being found satisfactory the pipes will be covered. To make the test a 24 inch plug will be placed on the 24 inch pipe which Contractor Dodd has laid as far as Backus corner and a gate will be put on the 20 inch pipe which the department has laid cityward a distance of 75 feet. This will test those lines of pipe as far as laid and if no trouble is found the trenches will no longer have to be kept open.

The third boatload of pipe, which will contain about all the light 24 inch pipe, is expected here today. The bringing of the pipe by boat makes it much easier than by rail, as it would be impossible to unload it fast enough from cars to escape the demurrage rate. As it is, those unloading and carting the pipe are kept busy, the Huntington dock being a particularly fine place for the unloading of the pipe.

Concerning the shutting off of Mohegan lake, Superintendent Corkery states that it was shut off only for a few nights in the nature of an experiment. It has always been on during the day since being started this spring and at the present time the quantity of some water to the system. For a few nights, to see if it would make any difference with Fairview, the water was shut off at Rockwell street.

It is stated that it cannot be determined how much yet it is certain that water which it being pumped from the Trading Cove brook is going into Fairview during the night in sufficient quantity to keep it at its level of 134 inches down. At Mohegan lake the water is 54 inches down.

STOLEN BICYCLE TAKEN TO OWNER FOR REPAIRS.

Changed Hands Twice for Cash Before Reaching One Who Wanted it Fixed.

On Wednesday a bicycle was taken into the shop of Louis Manchester to be fixed. It didn't take Mr. Manchester long to recognize it as one which had been stolen from him. He inquired of the man where it came from and he said he bought it from a young man whom he called by name. The affair was reported to the police and Chief Murphy had the young man brought to headquarters. He told a straightforward story and said it had been sold to him, but he did not know the name of the young man who sold it. He was located after some trouble and Policeman Matthews placed under arrest Anthony Imbitzki. The wheel was taken on the 13th.

FIRE LOSSES ARE BEING ADJUSTED.

Appraisers Named to Fix the Amount for the Lucas Block--Several Adjustments Made.

Many fire insurance men were in this city on Wednesday adjusting the losses on the Lucas property and that of the tenants caused by the fire of Friday morning last.

A satisfactory settlement was made on the Reynolds barn owned by the Misses Lucas, but there will be an appraisal made of the Lucas building, the appraisers being C. Morgan Williams for the Misses Lucas and the insurance companies are represented by Fred Bliss of Hartford.

The fire losses of R. F. Smith, John J. C. Stone and Oliver H. Reynolds have been satisfactorily adjusted through the agency of J. L. Lathrop & Co.

STRAW SEATS for Lawn or Porch, 50 each.

The Reid & Hughes Co.

We Recover Furniture and Do Carpet Laying.

Sons. On Wednesday evening it was stated that A. A. Fournier had not completed the adjustment of the insurance on his property, while that of C. E. Brady has not been fixed up as yet. Several more adjustments are expected today.

One Norwich insurance agent relates an incident in connection with the recent Lucas building fire. At 3:30 in the morning, when the fire was making its most alarming progress, he was brought out of bed by a ring at his doorbell. When he answered the door there stood one of his customers with a check in his hand to pay the premium on his policy which insured property within the threatened district. The policyholder felt sure that he was going to be wiped out in the spread of the flames and wanted to make sure that his premium was paid before he put in a claim. As it turned out, the fire did not touch the building or the property in which the policyholder was interested.

If you have one, is your cash account, and your canceled checks are indispensable receipts. We furnish the cut-off and do most of the work. You furnish the money. The benefits are mutual.

If you are not with us this is an invitation.
