CAMPAIGN FOR Y. M. C. A. FUNDS

Second Day Receipts Larger Than the First and Greater Than on the Corresponding Day of Last Year—Total Now Received \$2360.50.

Wednesday saw no let-up in the activity of the Y. M. C. A. teams in the short term canvass for funds for the year's current expenses, and although they had done record breaking work on the first day they showed that the result of the second day would be a total of \$1,241 was reported for Wednesday, as compared with \$1,119.50 on Tuesday, and \$1,159 on the second day of the campaign a year ago. This makes the total now at \$2,360.50, which is \$164 ahead of the total for the first two days last year.

As before, the supper hour at 6.30 was the time when the team captains made their reports, after the men had enjoyed an excellent menu furnished by the ladies of the Central Baptist church. Former General Secretary W. A. Morse, who has just returned from a week at the conference of the employed officers of North America, held at Columbus, was present at supper, adding spice to the enthusiasm as he told of the doings of this gathering of about 700 Y. M. C. A. leaders in Columbus, Ohio, a week ago. This year the total of the campaign was \$1,159.50 and the total of the local canvass were announced amid cheers by General Chairman F. H. Cranston. They were as follows: Team A, President James L. Case captain, \$600, total \$1,175; Team B, A. A. Case captain, \$130, total \$1,305; Team C, Shepard B. Palmer captain, \$133, total \$225; Team D, Allyn L. Brown captain, \$173, total \$371; total second day, \$1,241; grand total, \$2,360.50.

The largest amount of any single subscription yet received is \$250. There have been two of these. There have been several \$100 subscriptions, a large number at \$25, and numerous others at smaller amounts.

With half the time of the canvass gone and not quite half the amount raised, the teams cannot afford to slacken their pace, but have been kept driving on at the same good gait for today and tomorrow, so that the reports when they meet around the supper tables will show the \$3,000 goal in sight.

Reports from all over the field show that the short term canvass gets results. Los Angeles, Cal. is at the top in this year's campaign, raising \$500,000, and some other places where the total has had pronounced success at Galt, Ontario, with \$70,000; Melrose, Mass., with \$45,000; Bradford, Ont., with \$116,000; Peoria, Ill., with \$60,000 and Birmingham, Ala., with \$212,000.

SHIRT FACTORY COMING

HERE FROM SPRINGFIELD Will Occupy Top Floor of Fournier's Laundry—Silk Spinning Company to Move.

It was announced on Wednesday by A. A. Fournier that he had reached an agreement with the New England Silk Spinning company regarding his new building in Franklin street. The company has decided not to occupy the top floor, but has agreed to move their machinery from the building as soon as possible, and will take it to Peterson, N. J. They have been employing about six girls, although since coming here they have been employing many more, and it is regretted that they are leaving town. Several other reasons were given for the move, but they had been considering getting into New Jersey.
