CAPITOL CHATTER

Little Sidelights on Legislators and Legislation

The bill to grant pensions to civil war veterans or their widows of \$30 a year instead of the present exemptions of \$100 from their tax rate passed in the house Wednesday after a long debate.

Speaker Scott was again absent Wednesday because of illness, he being threatened with appendicitis, it is said. Representative Tingler, Vermont, democratic leader, was acting speaker, as on Tuesday.

Punishment for not having cleaned up the work and gone home is now being meted out to those members who continue to make a steady practice of going to Hartford. It was sweetening hot in the capitol Wednesday and coats were shed in more than one instance. The privilege of sitting with coats off was made official on motion of Mr. Dunn of Windham.

The resolution proposing a change in the name of the town of Rocky to South Hartford was unfavorably reported and rejected Wednesday.

There will be no new commission created in this state for the purpose of investigating stevedores, as was provided in a bill that was unfavorably reported by the committee on labor and rejected by the house at Wednesday's session.

A bill that would provide for a joint session of both houses of the general assembly to pass upon matters upon which there has been disagreeing action was rejected as unnecessary Wednesday after an unfavorable report from the committee on constitutional amendments.

From the committee on finance there came a favorable report Wednesday on a bill that would increase from 20 to 35 cents the tax on every mile of telephone and telegraph wire in Connecticut.

This is the last day that the general assembly will sit this week and on account of the coming Tuesday being a holiday there will be only two legislative days next week. Present indications are that final adjournment will not come before August 15.

In concurrence, the senate on Wednesday, passed the resolution authorizing the city of Putnam to issue bonds.

Various senators joined in an interesting debate Wednesday when as the order of the day at 12 o'clock the resolution ratifying the proposed 15th amendment to the constitution of the United States, giving congress the power to levy and collect taxes on incomes from whatever source derived, came up for action.

Reported by Senator Hammond as chairman of the committee on finance, the senate Wednesday, in concurrence with the house, passed an act amending an act providing for the supply of pure and wholesome water in the city of Putnam.

Among the very important matters that remain to be acted upon is the question of a more liberal Sunday, and it is a matter that under consideration is going to be developed in a flood of oratory. Party lines will likely be split wide open in the vote.

After the house had adopted the resolution to allow members to sit with their coats off Wednesday, it was announced that the speaker, then, on motion of Representative Stevens (Berlin), the members of the lobby.

Since April there has been little talk of the original from Scotland, but the heat is causing it to crop out again this week. About 100

members are absenting themselves every day, though the same members are not always away.

In an effort to dispose of the considerable business before it the house held an afternoon session Wednesday.

A resolution proposing a constitutional amendment designed to limit special legislation has been made the order of the day for half-past eleven o'clock next Wednesday.

When the house had cleaned its calendar business, Wednesday, Representative Hill of Windham moved adjournment, saying that a number of the members were anxious to see the war-bus game between Hartford and New Britain.

Town and School District Officials Arrange for Transfer of Property Under New System—Borough Briefs and Personal.

The officers of the town of Stonington and the officials of the several districts of the town have held a number of sessions and arranged for the proper transfer of property to the town as provided under the act for the consolidation of schools. The officials have gone about the business in a quiet way. Wednesday the district assessors were expected to make the legal transfer to the town treasurer. The law provides how the change shall be made, which will probably necessitate an increase in taxation.

Manuel Henry and family have left town for Massachusetts, where they will be residing at the American Hotel. C. A. Weimphelm of New York was a business caller at the American Hotel company mill here Wednesday.

\$100 Reward \$100 The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh of the Kidneys. It is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taking its toll of many lives. It is the only blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution. It is a positive cure. Why Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: First—The indisputable evidence that it is harmless: Second—That it not only allays stomach pains and quiets the nerves, but assimilates the food: Third—It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is unlike Soothing Syrups, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system—not by stupefying it—and our readers are entitled to the information.—Hall's Journal of Health.

Letters from Prominent Physicians Addressed to Chas. H. Fletcher.

Dr. W. L. Leister, of Rogers, Ark., says: "As a practicing physician I use Castoria and like it very much." Dr. W. F. Wallace, of Bradford, N. H., says: "I use your Castoria in my practice, and in my family." Dr. W. L. Seelye, of Andry, N. Y., says: "I have used your Castoria for several years in my practice and have found it a safe and reliable remedy." Dr. Raymond M. Everts, of Santa Ynez, Cal., says: "After using your Castoria for children for years, it annoys me greatly to have an ignorant druggist substitute something else, especially to the patient's disadvantage, as in this case. I enclose herewith the wrapper of the imitation." Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria." Dr. W. F. Wallace, of Bradford, N. H., says: "I use your Castoria in my practice, and in my family." Dr. Wm. L. McCann, of Omaha, Neb., says: "As the father of thirteen children I certainly know something about your great medicine and aside from my own family experience, I have, in my years of practice, found Castoria a popular and efficient remedy in almost every home." Dr. Howard James, of New York, City, says: "It is with great pleasure that I desire to testify to the medicinal virtue of your Castoria. I have used it with marked benefit in the case of my own daughter, and have obtained excellent results from its administration to other children in my practice." Dr. J. R. Clausen, of Philadelphia, Pa., says: "The name that you Castoria has made for itself in the tens of thousands of homes blessed by the presence of children, scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy." Dr. B. Halstead Scott, of Chicago, Ill., says: "I have prescribed your Castoria often for infants during my practice and find it very satisfactory." Dr. William Belmont, of Cleveland, Ohio, says: "Your Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place." Dr. R. J. Hamlen, of Detroit, Mich., says: "I prescribe your Castoria extensively as I have never found anything to equal it for children's troubles. I am aware that there are imitations in the field, but I always see that my patients get Fletcher's." Dr. Channing H. Cook, of Saint Louis, Mo., says: "I have used your Castoria for several years past in my own family and have always found it thoroughly efficient and never objected to by children, which is a great consideration in view of the fact that most medicines of this character are obnoxious and therefore difficult of administration. As a laxative I consider it the peer of anything that I ever prescribed." Dr. L. O. Morgan, of So. Amboy, N. J., says: "I prescribe your Castoria every day for children who are suffering from constipation, with better effect than I receive from any other combination of drugs." Dr. H. J. Taft, of Brooklyn, N. Y., says: "I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent." Dr. Wm. L. Boserman, of Buffalo, N. Y., says: "I am pleased to speak a good word for your Castoria. I think so highly of it that I not only recommend it to others, but have used it in my own family."
