VARIOUS MATTERS

The annual reunion of the Nichols family was held recently in Seymour.

Baggage wagons piled high with trunks indicate the rush of vacation travel.

The fire alarm boxes about town have been touched up with fresh vermilion paint.

Members of the Putnam Phalanx are planning for a big trip to Atlanta, Ga., October 6-13.

At the Old Saybrook Congregational church, Sunday, O. E. Rytch gave a temperance address.

Mortgages filed in Norwich last week amounted to \$4,960, against \$3,625 in the same week last year.

The fifth reunion of the Plainfield Academy Alumni association is to be held in Plainfield August 24.

Plums are just beginning to ripen and an unusually large crop is looked for in the central part of the state.

W. C. T. U. workers are urging special observance of September 10, which is set apart as Temperance Sunday.

A number of Connecticut alumni have been at the college at St. Joseph in Canada over the week end, attending the annual reunion.

The summer flower show of the New London Horticultural society will be held this month on the Robert Moore estate in the Fenwick section.

The summer is rare when lawn mowers have been used so infrequently as this. There is nothing to mow, all the lawns being dried and brown.

Rev. Charles S. Bullock, founder and pastor of the Neighborhood church in Stratford, has accepted the pastorate of All Souls' church in New London.

A variety of weather was furnished Tuesday, including brief showers, fitful sunshine with intense heat, and most uncomfortable humidity.

A correspondent suggests that carbolic acid may be used to clear a room of flies. Heat should be dropped about 20 degrees of carbolic on it. The vapor kills the pests.

Don't forget the special excursion car for Watch Hill and Pleasant View leaves Franklin square 8.45 a. m. daily. Round trip ticket 50c for sale at Madden's cigar store on the square.—adv.

Passengers on the river boats Tuesday had a good view of the United States training ship Newport, which is in New London harbor until August 7 when she will clear for Newport.

Work has begun on Morgan's dock, Groton, and the landing will be lengthened several feet, to permit the docking of the steamer Chelsea. Dredging of the channel will soon be begun.

Tree wardens are asking owners of elms to kill the beetles now by sprinkling boiling water about the foot of each tree. The practice is harmless to the trees, as the ground cools the water.

General Secretary Starkey of the Norwich Y. M. C. A. was the speaker at the Sunday afternoon service at the Brooklyn Y. M. C. A. camp at Gardner Lake. His topic was The Battle of Life.

The members of St. Andrew's church choir of Meriden have returned from a week's outing at Crescent beach where the youth church choirs of Middletown have also been staying.

On the N. & W. division a new steam crane, for use in loading coal on train tenders, has been put in service at the Stony Brook train sheds of the New York, New Haven & Hartford railroad.

Nels J. Nelson, the New Britain aviator, will not fly at Saybrook Saturday, Aug. 5. The wrecking of his machine at Middletown last Saturday made it impossible for him to fulfill his engagement.

The state treasurer is beset with offers from people along island sound to buy islands. All projecting rocks and bits of sound that are unclaimed are under the state treasurer's jurisdiction.

The Connecticut Automobile association is laying plans for another membership campaign. At the present time Connecticut leads all state associations of this country in point of the number of members.

Something new in beaches, Groton Long Point, 3 miles of Sound frontage. Restricted, desirable. 70 plots sold in 2 weeks. For info, Smith Co., 277 Main street.—adv.

At the Adventist tent corner of McKinley avenue and Otis street, there was a rather small congregation on Tuesday evening. The sermon was by Evangelist W. B. Andrews upon the theme True Religion.

District Quartermaster Capt. H. H. Scott, stationed at Fort H. G. Wright, Fishers Island, and Mrs. Scott are spending a few days with friends in New York. Mrs. Scott is a daughter of the late Admiral Sampson.

After fifteen years' service in the Uncas paper mill, Gustave Rossell goes to Windsor Locks to take charge of a machine in a paper mill. Mr. Rossell has moved his family from Thamesville to Windsor Locks.

Rev. John S. Porter and family, who have spent some time in Windham and Tolland county towns, sailed Saturday for Austria, where he is engaged in missionary work under the auspices of the American Board of Missions.

During the past week, four petitions in bankruptcy were filed in Connecticut, with total assets of \$2,224 and liabilities of \$9,696. Last year, during the same week, the number was seven, with assets of \$6,545 and liabilities of \$12,596.

Mr. and Mrs. J. Dwight Beasley announce the marriage of their daughter, Laura May, and Horatio Raymond Kibbe at New York on Friday, July 28, at Ellington. The bride has taught successfully in Hazardville for several years.

Steady increase of freight and express matter on the Groton & Stonington street railway results in the use of two cars, one of which is used for an express between Groton and Westerly and the other handling the local freight.

New corporations have been formed in Connecticut in great number during the past week than for any corresponding week for the past five years but the capitalization, while much less than two years ago, compares very favorably with the other years.

Local friends have heard from C. E. Whitney this week at Laxagan, Alta, Canada. He is on his way home from the Pacific coast, traveling through the Canadian Rockies, and expects to be in this city again by the middle of next week.

Cruising on the Narwhal. Charles H. Osgood of this city, and party, left New London on Tuesday on Mr. Osgood's yacht, the Narwhal, for a cruise to the westward.

PERSONAL

James Torrey of Providence is the guest of friends in town.

Albert A. Fitch is seriously ill with typhoid fever at his home on McKinley avenue.

Richard Murphy of Bridgeport is at his home on Baltic street for a short vacation.

Mrs. O. A. Gellins of Lowell, Mass., is visiting her brother, Prof. J. H. White of Broadway.

The new registrations at the Knickerbocker house, Niantic, include Mary G. Smith of Norwich.

Rev. A. T. Randall and family left Monday for Newburyport, Mass., for their vacation.—Meriden Record.

Miss Edith Holden of Clairmont street is visiting her sister, Mrs. Charles H. Adams, in Worcester.

Miss Marion Howard of Springfield, Mass., is visiting in Norwich, Miss Charlotte Barbour of Lincoln court.

George Casey of Providence is the guest of his brother, Michael Casey, of Sixth street, and of other relatives in town.

Mr. and Mrs. C. J. Roath of the East Side have returned from a visit with relatives in Maine and New Hampshire.

Mrs. W. R. Denison and son Gilbert of Arnold street have returned home after two weeks' stay at the Elliott house, Fishers Island.

James Egan has returned to Norwich after spending several days with his nephew, Rev. J. H. King, of St. Francis, church, Torrington.

Miss Mary E. Kane of Worcester and Miss Katherine Nelbert of this city are guests of Mrs. William J. R. I.

Mrs. Charles W. Perkins and daughter Beatrice of Thames terrace left yesterday for Hartford, where they are to be the guests of Mrs. Joseph Leece. They expect to visit Springfield before their return.

Rev. W. F. Newton has returned from Chester, Conn., to his home in New London and will spend his vacation in Northfield, Mass., attending the conference he will return to his work in Chester September 1.

TELEPHONE WIRES CUT AT VARS HOUSE. Chief Stanton Thinks There Are Signs of Incendiarism.

A statement by Henry B. Vars that he was unable to get central when his barn was on fire on North street on Monday night started both the local Southern New England Telephone officials and Fire Chief Howard L. Stanton on an investigation on Tuesday morning, with the result that they found that the telephone wires at the house had been cleanly cut off with a pair of pliers, and Chief Stanton decided that the circumstances pointed to an incendiary origin for the fire.

District Traffic Manager C. W. Dove and Chief Operator J. C. Darby of the telephone company had been viewed under a microscope the two cuts were identical. He had used a pair of pliers in cutting off the sample.

The telephone wires had been severed about four feet from the ground where it is against the baseboard and close up to an incandescent light fixture. Chief Stanton also had conversation with Mr. Vars and told him the cut had been done with pliers, Mr. Vars remarked that the telephone wires about the house. From what Chief Stanton learned in his investigation, he said, that everything was not hurried to go after consideration.

A case of non-support against a tradesman was nolleed by the wife, and they left the court room together with an eye to brighter future.

Reservoir Down to 167 Inches. Fairview reservoir was down 167 inches from full pond on Tuesday which measured by Superintendent J. J. Corkery, which is 23 inches lower than it was a year ago on August 1st. But a year ago the pond was dropping at the rate of about 11.2 inches per day, while now it is dropping less than one inch per day.

In the City Court. Judge Brown and Deputy Judge Barnes both assisted in meeting out justice in the city court Tuesday morning, the former presiding during the disposition of new cases and the latter considering continued matters.

A milkman was accused on four counts of selling impure milk in Greenville, which was strenuously denied. The case went over to August 5, a bond being given. Fourteen suspended cases were called, five being settled and the remainder going over for another month.

Enright accused of not obeying the health officer, said on account of a strike he could not get his plumbing done and he was finally allowed to go after consideration.

On Sunday the new chapel at Sound View, on the Tivoli line where a place of a smaller house of worship, was dedicated by Bishop John J. Nilan, who was attended by Rev. T. J. Crowley of New London and Rev. George Sinnott of Newtown. The last named clergyman preached the sermon. Four students of St. Thomas' seminary, Hartford, assisted. Some 400 people were in attendance.

Rev. Francis T. Nolan, a graduate of Fairfield Scientific school of Yale university, drew the plans and the building was erected under his supervision. He is now the pastor of the new chapel, which was dedicated Tuesday evening.

The idea of having a chapel at Sound View was conceived by Peter J. Hutton, who some five years ago. A small edifice was built and dedicated as the Chapel of Our Lady of Good Counsel. Since then the need for a larger chapel has been so apparent that the present one has been constructed.—Middletown Sun.

STATE PAY DISTRIBUTED. Norwich Coast Artillerymen Were at Armory Tuesday Evening.

Tuesday evening both the local Coast Artillery companies, the Third and the Fifth, were at the armory, holding their regular meetings. The principal items of interest was the distribution of the state pay for the recent tour of duty which was divided into the required amount for each man. The accounts had all been figured so that each man received the cash that was coming to him.

Besides being on hand for the distribution of the money, the men had a busy evening in cleaning up their guns and stowing away the company baggage.

WHERE IS THE CONQUEST? Noank Sloop Schooner Not Reported Since Friday's Storm.

Anxiety is expressed in Noank over the lack of news of schooner "Conquest," the oldest of the Noank fleet of sloop-vessels, which was reported missing and crew of four men were aboard the "Conquest" when she was last seen. She has been out since Friday and all the vessels in the fleet are returning on account of the storm that night.

Caught Finger in Clutch. William Wasatch, one of the night shift at the general mill, had a piece of a finger pinched off Tuesday evening in the clutch of a machine. Dr. J. Donahue dressed the finger at the man's home on Mill street. It was the middle finger on his left hand and was pinched off about half its length.

Teak Over Trolley Road. For the bondholders, R. W. Perkins, temporary secretary and treasurer, took over the property of the Norwich and Westerly Traction company at midnight Monday from Judge Charles W. Butler of New London, the agent of Receiver Senator Frank B. Brandegee.

Trolleys Met in Head-On Collision

Work Car and Passenger Car Crash on a Curve on Central Village Line—Nearly all of the Fifteen Passengers Have Minor Injuries, Cuts or Bruises—None Injured on Work Car.

Two trolley cars of the Connecticut company met in a head-on collision on the steam road tracks between Jewett City and Plainfield on Tuesday afternoon about 3 o'clock, with the result that the passengers escaped, with only minor injuries and a severe shaking up.

The collision took place just south of Jewett City, between the southern-bound passenger car which left Central Village at 2.45 and a northbound work car which was on the line for the company was using, putting on its final ears. The accident occurred at a curve at that point and near a crossing.

The cars were going at good speed, the motorman of the work car evidently trying to make the sliding in order to pass the passenger car. Power was shut off and the brakes applied on each car, but it was impossible to prevent a crash. The heavier work car, which was loaded with snow plow, itself practically uninjured by the impact, the vestibule of the lighter passenger car receiving most of the damage.

The work car was smashed in the woodwork smashed in somewhat. Shock Threw Passengers from Seats. The shock threw most of the fifteen passengers on the car out of their seats, and only two or three out of the whole number escaped without mark of the accident in the way of bruises or cuts, but there were no broken bones. The pilot and motorman jumped when the cars struck.

Some of the Injured. One passenger, G. F. Van Cott, of New York, who was seated about the center of the car, was knocked out of his seat when the crash came and was rendered unconscious. He received a hard bump back of his left ear and his side was pretty well bruised.

The passenger car was brought down to Jewett City, where Dr. F. E. Rainville, who had been called to meet the car, looked over the injured. He found bruises on all the passengers save two, while the motorman of the passenger car had a sprained thumb. The damaged car was taken to the barn at Grotonville for repairs and another was put on the line, the schedule for the succeeding afternoon trips being somewhat interfered with.

First Collision on These Tracks. In charge of the passenger car were Pilot Reed and Motorman McGone and Conductor Shea, and on the work car were Pilot Brockett and Motorman William W. Mansfield. Telephone company accident has not been placed. This was the first collision between trolley cars since they began running on the steam road tracks between Jewett City and Central Village four years ago.

Taken to Jewett City. The passenger car was brought down to Jewett City, where Dr. F. E. Rainville, who had been called to meet the car, looked over the injured. He found bruises on all the passengers save two, while the motorman of the passenger car had a sprained thumb. The damaged car was taken to the barn at Grotonville for repairs and another was put on the line, the schedule for the succeeding afternoon trips being somewhat interfered with.
