NORWICH STORM FLOODS ASSESS
LAUNCH STOLEN TUESDAY NIGHT With a
Rowboat—Ringland Launch Ransacked and Attempt
Made to Start its Engine.

Sometimes during Tuesday night
the launch Dux, belonging to Everett
B. Dawley of No. 218 Laurel Hill ave-
nue was stolen from its mooring at
Sunnyside, in the Thames river, and
efforts to locate it have been fruitless
thus far. The boat is valued at sev-
eral hundred dollars. With it was tak-
en a rowboat belonging to another party,
and the Ringland launch was visit-
ed by the thief. The launch was made
to start the engine on that, with the
idea of taking that boat. The engine
is of 25 horse power and evidently
could not be heated, so it was run
up, after about 15 gallons of gasoline
had been taken, together with some eat-
ables and tools. The gasoline was re-
covered by tipping over the launch
from the tank. A pair of fine field
glasses was also taken from this boat.

Mr. Dawley's launch is 21 feet long
and had been newly fitted out this
season, having been at the boat build-
er's for some time. It is painted a
dark gray and had a 3 1/2-horse power
engine. The launch was stolen from its
mooring inside the dike, below the new
wharf, but by working on the chain it
was possible to unfasten it. The row-
boat was locked to the shore, and
was not taken, but on tied near by
was used to get out to the launches.
At what time the boat was stolen
is not known, but it was missed early
in the morning and an investigation
was made. The matter has been re-
ported to the police, but it has not
in other places have been notified to
be on the lookout for the boat and those
in it.

CHAIRMAN COMSTOCK
DOESN'T INTEND TO RESIGN.
Says He Will Not Desert the Present
State Central Committee of the
Democrats.

Regarding the recent statement in a
Hartford paper that Chairman C. W.
Comstock of the democratic state cen-
tral committee was contemplating re-
signing the position, Chairman Com-
stock states that such is not the case.
He in Hartford says that he does not
intend to resign, and that he does not
intend to desert the present committee.
At the present time, there is nothing for
the committee to do, so that the office
is not an irksome one.

GUARD AGAINST DANGER
FROM CONSTRUCTION CAMPS
Warning From Secretary Townsend of
the State Board of Health.

The following is the warning given
by Dr. Townsend, secretary of the
state board of health, concerning the
danger liable to arise from construc-
tion camps:
During the summer and fall there
are located at various places through-
out the state a number of camps oc-
cupied by laborers who are engaged
in construction work on railroads, state
highways, water reservoirs, or other
public works. Unless these are con-
ducted in a thoroughly sanitary man-
ner they may be a menace not only
to the health of the individuals occu-
pying them, but also to the inhabi-
tants of the towns in which they are
located, and it is the duty of the
local health officer to see that they
are maintained with a proper regard
to hygiene and sanitation in every
particular. If these camps are not
generally provided that every agent
of a firm or corporation, and every
person who shall maintain or have
charge of a construction camp, or of a
boarding house or place of abode for
laborers employed by them, shall
within seventy-two hours after such
structure has been occupied for such
purpose, notify the health officer of
the town in which such structure is
located, such health officer must
then within five days prepare pre-
mises and make such orders as he deems
necessary, or may forbid the use of
the camp altogether.

Particular attention should be given
to those camps which are so located
as to be liable to pollute any public
water supply. If there is danger of
this and another location is not prac-
ticable, all excreta from the occu-
pants of the camp should be deposited
in a receptacle to be occupied for this
purpose, and daily carried off the wa-
ter-shed. Where the water supply of a
neighboring town, not in the jurisdic-
tion of the health officer, is polluted
by the water from such a camp, the
health officer should notify the
health officer of the town or city using
the water. This is very important at
this time of the year when typhoid
fever may be prevalent and when we
are fearing an importation of cholera
from abroad.

At Stony Brook Reservoir.

When asked concerning the construc-
tion camp for the men employed at the
Stony Brook reservoir, Superintendent
Coxworthy of the reservoir, stated
that it was required of the con-
tractor that the construction camp
should be located below the point
where the dam is built, and this
was done. The engineer was very
careful to have the proper attention
given to the location of the camp, that
it would not be on the watershed of
the reservoir. Strict instructions were
given about the care of the camp, and
it is being looked after carefully.

GEORGE T. HOWLAND
ON EXECUTIVE COMMITTEE.
Elected at Midsummer Meeting of
Connecticut Guernsey Club.

With an attendance of over 200
members and guests, the Connecticut
Guernsey club held its midsummer
meeting at the Branford farms of
Morton F. Platt at Eastern Point
Wednesday. The gathering, which
brought together many of the cattle
breeders and dairy producers from all
over the state, and many from the
nearby towns, was an enthusiastic one,
and the day was spent in a most en-
tertaining manner. The program was
the various points of interest on the
estate were particularly enjoyable. Of
special interest was the up-to-date
dairy, which is one of the features of
this part of the country. Present was
a large delegation of members of the
club, and many of the members of the
club were specially invited guests.

A large tent was erected near the
roadway at the farm, in which the
exercises were held and lunch was
served. Long tables were set and the
place in the center utilized as a lec-
ture platform. Leonard Parker of the
Crocker house catered for the lunch.

After the tour of inspection of the
farm, the business session was held.
The principal business item was the
election of officers. The election re-
sulted as follows:
President—James Alsop of Avon.
Secretary—Robert Scoville of Salisbury.
Executive Committee—George T.
Howland of Norwich, B. Palmer of
Lisbon, Howard B. Tuttle of Naugatuck.

The feature of the morning was an
address by Prof. W. B. Peck of Storrs
Agricultural college on improv-
ing the breed of cattle and kindred
subjects. The address was listened to
with much interest.

Changed Engine Here.

The boat train on the Consolidated
road was about 25 minutes late in get-
ting away from here Wednesday night,
due to the necessity of shifting engines
before it could proceed to New Lon-
don. The engine which brought the
train down from Putnam had one of
the big carrying springs between the
drivers get loose, so that the engineer
telegraphed from up the line to have
another engine ready. The engine re-
quired was shifted to this at the Norwich
station and went on with the train to
its destination at New London.

EIGHTEENTH REGIMENT
HAS REUNION HERE.
Over 100 Veterans Were in Attendance
—Postmaster Caruthers Elected
President of the Association—Will
Meet Here Next Year.

Veterans of the 18th Connecticut, 104
in number, gathered at Worcester at
the Buckingham Memorial, the home
of Connecticut's war governor, for the
43d annual meeting of their regiment-
al association. The meeting was also
almost an anniversary of its muster
in and start for the war, since it was
mustered into the service on Aug. 14,
1862, after being in camp at the Nor-
wich Fair Grounds, and on the 23d it
left for the front, the first regiment
which the people of this city had seen
leave for the seat of war. Its com-
panies had been recruited, half in
New London county and half in Wind-
ham county.

Comrade Babson Presided.

Secretary Henry Hovey, whose gen-
eral arrangements for the reunion in-
sured that this would be a thoroughly
enjoyable day for the old soldiers, car-
ried the meeting to order at 11 a. m.
for a business session, and Comrade Ho-
wey, W. Babson of Danielson presided
in place of President Robert Kehr,
who is in California. Mr. Babson was
designated by the vice presidents to
preside.

Comrade Wetmore of Lebanon

opened the meeting with prayer, and
Secretary Hovey's report of the last meet-
ing was read by him and was accept-
ed. The report of the treasurer, Mr.
Hovey showed a balance on hand of
\$239.40, which is about \$30 more than
last year.

Thanks to President Kehr were vot-
ed for what he had done for the reg-
iment, following a report that he was
in California and had lost his health
and broken down and had lost his busi-
ness.

Postmaster Caruthers Presided.

For the new president, Captain James
Huggerdy of Willimantic nominated
Comrade William G. Howard, Co. G,
though Mr. Caruthers tried to decline
he was prevailed upon to accept the
office. The following officers were cho-
sen: President, Robert Kehr, of New
London; Secretary, Henry Hovey, of
New London; Treasurer, W. Babson,
of Southbridge, Mass.; Charles F. Porter,
of L. Norwich; Henry W. Babson, Co.
K, Danielson.

Mr. Hovey asked for the addresses of
these men: Albert C. Wilson, Moses
Buchanan, James H. Griggs, Joseph
W. Heath, George W. Brady, Edward
S. Fitch and George M. Moore, of
St. James, Meckee took up the collec-
tion, which amounted to \$13.50. It was
voted to meet next year in Norwich,
which is the meeting place for the
majority of reunions of this regiment
and seems to suit the comrades per-
fectly.

Mortuary List.

The mortuary list, as read by Mr.
Hovey, was as follows:
Company A—Elisha D. Hill, Charles
J. Ricker, and John W. Abell, C. H.
Tilly.

Company D—S. A. Griggs, Lyman
M. Aldrich, E. G. Bixby, William May,
Company E—Josiah C. Palmer.
Company G—Albert S. Eddy, Mich-
ael A. Eddy, and John W. Abell, C. H.
Tilly.

Company I—James Moffitt, Asa M.
Holmes, E. A. Woodward, A. L.
Moore, Hugh McEwen.
Company K—Joseph D. Hall, Robert
Scotles, Daniel Pray, Jabez Miller.
When the last name was reached
all arose and Prof. George played A
Vacant on his cornet and taps
were sounded.

Mr. Hovey read letters from William
J. Robinson, Philadelphia; James W.
Hoyden, Andover, Mass.; Charles H.
Creyghton, Neb.; A. C. Greene, Colum-
bia City; James H. Sawyer, an official
in Indiana soldiers' home; Mollie
Ponting, the mother of 12 children in
Savannah, and Comrade Robinson in
Rochester. The letters were all of much
interest to the veterans.

Comrade Robinson of Indiana soldiers'
home said that that state provided ac-
commodations for widows and old sol-
diers and their wives, and all have
separate buildings. This is what the
Connecticut veterans think their state
should do.

Dinner Served.

President Caruthers then announced
that the Woman's Relief corps had
dinner ready in the hall upstairs, which
was decorated with the American col-
ors. The men filed up and more and
of the toothsome spread furnished un-
der the direction of the Relief corps
committee. In all 150 dinners were
consumed. McCord's orchestra played
lightly through the dinner hour
and later in the afternoon. A number
of the men and daughters of the sol-
diers took dinner. Rev. H. Ricketts
said grace, and after the tables were
cleared he made a stirring and witty
address that was loudly applauded.

Noted About Town.

Mrs. Laura Chapman was the guest
Wednesday of Mrs. Donald Wetherby
of Groton.

How to Make a Real
Wrinkle Remover

(From Fashion Reporter)

In these days of cleverly advertised
"beautifiers" of 57 varieties and more,
it is hard for any woman to believe
that she can make a simple home re-
medy which will do her much more
good and cost her much less than the
average made preparation. Take the
subject of wrinkles, for instance.
There is nothing in the world so ef-
fective for removing or preventing
wrinkles, bony cheeks and double
eyelids as a solution of saxonite and
with hazel.

Get an ounce of pure powdered saxo-
nite from any drug store, dissolve the
full ounce in a half pint of witch-hazel
and use the mixture daily as a refresh-
ing lotion. The quick and satisfactory
results will surprise you. Even after
years' first application there is a
marked improvement. The wrinkles
are less in evidence and the face has
a firm "solid" feeling that is very
comforting.
