

WESTERLY'S SIGNAL HOSPITALITY

Demonstrated by Entertainment of Body of Delegates to Seventh Day Baptist Conference—Chief of Police Bransfield Critically Ill—Sudden Death of John Thomas.

The entertaining of six hundred delegates to the general conference of the Seventh Day Baptist denomination, and without relying in the least upon the hotels or boarding houses, is an evidence of the hospitality of the people of Westerly. The conference was in session six days, and every delegate to the conference was provided for in some private home for the entire week. A number have accepted invitations to remain for the remainder of the week, and some for even a longer period. What the village of Westerly has done along that line could not be accomplished in many places that are more pretentious. These visitors were furnished with lodging and breakfast, and the entertaining of the other two meals were served elsewhere, and this was done so that the household and other members of the household could attend the conference and unite with the delegates at dinner and supper. Good food and services were given and there was not the slightest foundation for fault finding with the commissary features of the conference. All the sessions of the several boards and conference business were carried out on schedule time, and there was no disarrangement in the order of exercises as planned. It has been the best managed conference known on the part of the Seventh Day Baptist denomination.

Local Laocoms.

The opening of the schools shortens the season at the shore resorts. The bottom has fallen out of local baseball enthusiasm in Westerly. George H. Mall of Lafayette, R. L. visited friends in Westerly Tuesday. William Black after 37 years' service at the local gas and electric plant has resigned. Miss Alice Bilvan has gone to Alfred, N. Y., where she will spend the winter with relatives. "Skeet" Allen continues to play the flea act, but it is believed he will soon be recaptured. There will be no special observance of Labor day by the organized labor men of Westerly. Patrick McNamara has sold to John Vincent Sharples the Harry Hinkley farm, so-called, on the Stonington road. Chief of Police Bransfield's condition was considered critical Tuesday afternoon, and there is serious doubt of his recovery. The Memorial building is to be further beautified by having ornamental electric light stands on both sides of the main entrance. The question of liquor license which is to be voted upon at an early date is not creating the usual interest in Westerly and Pawcatuck. It is not yet definitely decided whether the present postoffice building will be razed or moved to a site on the opposite side of High street. The weekly concert by the Westerly band in Wilcox park will give this (Wednesday) evening the first of a Thursday evening, the present week. Business must be slack in the building trades in New London, as several seasons and carpenters have sought and received employment in Westerly. Diligent patrol is being made of the beach at Pleasant view and vicinity in expectation of finding the body of John Leonard, who was drowned ten days ago. Lieutenant Colonel Edwin P. Pendleton of Westerly has been transferred from the 29th infantry at Fort Porter, Buffalo, to the 23d infantry at Fort Bliss, El Paso. The orders of the town council for a strict enforcement of the automobile laws and the arrest and prosecution of one alleged offender seems to have solved the over-speeding problem. It is said that the moving picture house at Watch Hill has not been a profitable investment and that there is likelihood of the building being converted into a garage for next season. The sidewalk obstructions in front of the new James A. Welch building have been removed, and a glass and granite sidewalk is being built, which will be open to traffic in a day or two. Some of the delegates who attended the Seventh Day Baptist general conference will be guests at a clam bake at Brightman's pond today (Wednesday), and enjoy such an event for the first time. Contracts have been awarded for at least seven new cottages at Pleasant View, which with the two large houses built at Watch Hill is encouraging to the building trades for the coming winter. The recent heavy rains have demonstrated that the surface water at Watch Hill is not adequately provided for, and that in consequence changes will be made in the present pipe system and gutters. Progress on the preliminary work for the construction of the new town hall and court house is delayed by the architect, who has not yet completed plans for the inspection of the building commission. It was noted that the highest priced seats in the Bliven Opera house during the entertainments were the last. It was occupied during the sessions of the general conference of the Seventh Day Baptist denomination. Percy Kennedy, the Celtic comedian, and wife opened the season Monday evening with The Ducklings Burlesque company at Scranton, Pa. Mr. Kennedy is a native of Norwich and formerly resided in Pawcatuck. Mrs. Maria B. Babcock of Williamantic is the guest of Miss Eliza S. Vose in High street during the absence from home of Miss Mary L. Vose, who is visiting her mother, Mrs. Virginia L. Vose in Arlington, N. Y., suburban to Poughkeepsie. E. Odd Sunflower Commands Attention—Miss Main to Entertain at Whist.

A great deal of interest is noticed in an imported sunflower at 25 Main street. The plant is different from the old-fashioned one, being only a few feet in height. The stem is about three inches in diameter, and the flower resembles a large orange. The color is the same as the other plant only full with pointed petals, making a handsome appearance and being greatly admired. Mrs. Edward Pinney, who has been visiting here, returned Tuesday to her home in Cincinnati. Miss Grace Sparrow of Sargent street, Hartford, is the guest of Mrs. L. B. Lathrop and family on Main street. D. N. Casey of Hamilton, Ohio, is spending a few days with friends here. Evening of Whist. This (Wednesday) evening Miss Grace Main will entertain at whist at the home of Mrs. Ives on Water street. Three tables will be played, as there are 12 invited for the evening. Second Society Dance. On Saturday evening in borough hall will be held the second fashionable dance of the season for the society people and their summer guests.

Rain Halts Work in Shipyard—Dance Planned—Personal Briefs.

Miss Lois Palmer has returned to Hartford after visiting Miss Hazel Ashcroft on Cedar street. Mrs. Rowell Lamb and Mrs. George Cotten has returned from a lengthy visit to friends in New York. Miss Lois Ashcroft was a social caller in New London Tuesday. Dr. Arthur Douglas and son Bruce returned to their home in Brooklyn, N. Y. Tuesday, after visiting Dr. Douglas' parents for a few days. Gurdon Morgan of Detroit, Mich., is visiting his mother on Front street for a short time. J. W. Miller of Jewett City is the guest of Charles I. Fitch on Spicer avenue. The members of St. Joseph's parish are planning a dance. Grinnell's orchestra from Mystic will furnish music. Miss Maude Carson has returned from a short visit to friends in Mystic. Dr. William Hill was in New London Tuesday. George Costello of Mystic was in town Tuesday. Work was suspended in the shipyard Tuesday afternoon on account of the rain. Miss Pearl Carson has returned from a visit to her sister, Mrs. Walter Wolverson, in New London. Solicitor McCabe seems, from the testimony of his fellow employes in the department of agriculture, to have been a combination of court-martial and night rider.—Pittsburgh Dispatch.

Anty Drudge Prevents Trouble.

Laura Lovely—"Boo hoo (tears, more tears). What shall I ever do if Jack sees that grease spot on our new rug? Oh, he will be so cross!"
Anty Drudge—"There, there, deary, dry your eyes. Run across to the grocer and get a cake of Fels-Naptha. Be sure it has a red and green wrapper. It will take that spot out in a jiffy. Just a light lather and a quick rinse will do it."

"Will that stain come out?"
How many times have you said this, when some strong stain of fruit or medicine has seemingly ruined a good piece of linen? There is no "perhaps" when Fels-Naptha soap is used. A little Fels-Naptha soap, cool or lukewarm water, and the stain is gone! Then, too Fels-Naptha gives the whitest, cleanest floors, the brightest woodwork, the most shiny, brilliant glassware. And just as it acts on stains, it acts on the dirt in the Monday's wash. You put the clothes in cool or lukewarm water, after soaping them well with Fels-Naptha. Soak for half an hour, rub lightly, rinse and they are clean, pure and ready to hang on the line. The Fels-Naptha soap method has a four-fold advantage. Saves your hands; saves fuel; saves soap; saves labor. Any one of these is sufficient to make any soap famous. Combined they make Fels-Naptha the greatest drudgery-saving invention of the age. Read carefully and follow directions on the red and green wrapper.

Why Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: **First**—The indisputable evidence that it is harmless; **Second**—That it not only allays stomach pains and quiets the nerves, but assimilates the food; **Third**—It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is unlike Soothing Syrups, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system—not by stupefying it—and our readers are entitled to the information.—Hall's Journal of Health.

The Kind You Have Always Bought and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision since its infancy. Letters from Prominent Physicians Addressed to Chas. H. Fletcher.

Dr. W. L. Leister, of Rogers, Ark., says: "As a practicing physician I use Castoria and like it very much."
Dr. W. T. Seelye, of Anty, N. Y., says: "I have used your Castoria for several years in my practice and have found it a safe and reliable remedy."
Dr. Raymond M. Everts, of Santa Ynez, Cal., says: "After using your Castoria for children for years it annoys me greatly to have an ignorant druggist substitute something else, especially to the patient's disadvantage, as in this case. I enclose herewith the wrapper of the imitation."
Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria."
Dr. W. F. Wallace, of Bradford, N. H., says: "I use your Castoria in my practice, and in my family."
Dr. Wm. L. McCann of Omaha, Neb., says: "As the father of thirteen children I certainly know something about your great medicine and aside from my own family experience, I have, in my years of practice, found Castoria a popular and efficient remedy in almost every home."
Dr. Howard James, of New York, City, says: "It is with great pleasure that I desire to testify to the medicinal virtue of your Castoria. I have used it with marked benefit in the case of my own daughter, and have obtained excellent results from its administration to other children in my practice."
Dr. J. R. Clausen, of Philadelphia, Pa., says: "The name that your Castoria has made for itself in the tens of thousands of homes blessed by the presence of children, scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy."
Dr. L. O. Morgan, of So. Amboy, N. J., says: "I prescribe your Castoria every day for children who are suffering from constipation, with better effect than I receive from any other combination of drugs."
Dr. Wm. Belmont, of Cleveland, Ohio, says: "You Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place."
Dr. E. J. Hamlen, of Detroit, Mich., says: "I prescribe your Castoria extensively as I have never found anything to equal it for children's troubles. I am aware that there are imitations in the field, but I always see that my patients get Fletcher's."
Dr. Channing H. Cook, of Saint Louis, Mo., says: "I have used your Castoria for several years past in my own family and have always found it thoroughly efficient and never objected to by children, which is a great consideration in view of the fact that most medicines of this character are obnoxious and therefore difficult of administration. As a laxative I consider it the peer of anything that I ever prescribed."
Dr. F. H. Kyle, of St. Paul, Minn., says: "It affords me pleasure to add my name to the long list of those who have used and now endorse your Castoria. The fact of the ingredients being known through the printing of the formula on the wrapper is one good and sufficient reason for the recommendation of any physician. I know of its good qualities and recommend it cheerfully."
