A GENEROUS OFFER. Borough of Shelton Will Secure Nearly Two Hundred Handsome Shade Trees at Small Cost. The plan proposed by the borough board by the tree warden of Shelton is more of a benefit than it would perhaps appear on the face of it. In clearing off his property in Bridgeport avenue, Warden Mouthport found so many fine young trees that he decided to cause him to call in the tree warden, it seeming a pity to destroy them. Dr. Roberts was astonished at what he found and lost no time in securing an option on the trees for the borough. There are in the neighborhood of two hundred and fifty young hard maples in this plot, and to secure them at the terms offered by the warden would make them cost about ten cents each. The tree warden says similar trees purchased in a nursery would cost from \$1 to \$2 each. They are of the very best species for shade trees, are fully acclimated and would make the very best and most vigorous kind of stock. There is little doubt that the borough board will authorize the securing of these trees and their being planted about the highways of the borough. The plan of protecting these and others already growing meets with general favor.

There is in a Main street store a fine oil painting of Gen. Edward Hartland by a Hartford artist. General Hartland is president of the Chelsea Savings bank and the portrait will be hung in the directors' room of the handsome new bank building. The picture is \$1825. The editor of The Bulletin is indebted to G. H. Stanton of Preston for a fine bag of apples, and as no name was appended we cannot tell whether they are genuine or greenback; but they are large enough and fair enough to compare well with the best fruit from the west. Secrecy in Paying Money

State Treasurer Lippitt Acted Upon it in Paying Money to Newspaper Men in Senate—Contempt Proceedings Brought.

A petition was presented to Judge Gardner Greene in the superior court at Hartford Friday afternoon by counsel for Clarence Deming, Henry W. Farnam, Rutherford Trowbridge of New Haven, Horace D. Taft of Waterbury and Irving H. Chase of Wallingford, State Treasurer Lippitt, Thomas D. Bradstreet and State Treasurer Costello Lippitt cited to show cause why they should not be required to pay to the newspaper men the amount of \$200 each for each of the articles published in the proceedings, the senate on September 12 rescinded the resolution voting the gratuities which caused the injunction. The rule was repealed which recognized the newspaper reporters as bona fide reporters of news, and another resolution was passed, paying each of the reporters \$300 for special services. State Treasurer Lippitt stated that he had had a conference with Attorney General Light, who most positively told him that as long as the resolution first adopted, and which caused the injunction proceedings had been rescinded, that it was all right to pay the newspaper men the amount authorized by the senate in the resolution passed in September. The senate, he said, ordered the money paid, and he had no option in the matter but to pay the amount as called for in view of the opinion of the attorney general. The petitioners pray that Mr. Bradstreet and Mr. Lippitt be adjudged of a contempt of court and that they be punished therefor, and also ask for other and further relief, in which the petitioners pray that the newspaper men be entitled, in the document relating to State Treasurer Lippitt's secret payment of \$200 each required of the newspaper men, "no other or further proof that any one of them had in fact performed or acted as bona fide reporters of news, as is necessary in such cases. When the certificate had been received he had no option in the matter but to pay the amount as called for in view of the opinion of the attorney general.

OPENING SOCIAL AT THE HAILE CLUB. Miscellaneous Shower Given Miss Alice M. Barry.

On Friday evening from 8 to 10:30 p. m. the first informal social evening of the Haile club, with none but members present, was held in their hall, and a very excellent evening programme, of which the principal feature was the varied entertainment given by the members of the club. Mr. Wallace proved well chosen for the programme, making an undoubted hit in his character parts in costume, in his band numbers, and then with his ventriloquist talents, which especially pleased the children. One of his excellent numbers was the musical reading, "The Volunteer Organist," for which Mrs. B. H. Palmer played the accompaniment. There was also a finely rendered vocal solo by Miss Elizabeth Lane, and a string orchestra of ten members, with Miss Irene Grogan as pianist, rendered delightfully well the evening. Its members were Misses Esther Lippitt, Grace Lester, Katharine Moore, Elizabeth Lane, Christine Gray, Dorothy Jones, Dorothy Grogan, Mildred Cary and Mary Lester. Ice cream, cake and rosen were served and there were games in the latter part of the evening. The social was a preliminary to the school rally Sunday programme which takes place tomorrow.

Tightens Her Skin—Loses Her Wrinkles

(From Social Mirror) "I want to tell you how easily and quickly I got rid of my wrinkles," writes one of our correspondents. "While in London a friend, much envied because of her youthful appearance, gave me a formula for a home-made preparation which has the effect of instantly tightening the skin, thus smoothing out wrinkles and frowns. The principal ingredient is powdered saxolite, which I found could be procured at drug stores here. An ounce of saxolite is dissolved in a half pint witch hazel. After bathing my face in this but once the transformation was so marvellous I looked years younger. Even the deep crow's feet were affected, as were the annoying creases about my neck. It seems difficult to believe that anything could produce results like these, but several to whom I recommended the remedy have been similarly helped, including an elderly lady whose cheeks had become quite baggy."
