HAILE CLUB RESUMES IN NEW QUARTERS. Pretty Rooms Opened in the Carroll Building With 75 Members Present.

With a pervading air of joyousness at being together again, about 75 members of the Haile club gathered on Tuesday evening in their new rooms in the Carroll building, renewing the club life which has been temporarily interrupted by the change from their former club home. The new rooms, which have been recently furnished, have been newly finished over, presented an inviting appearance, and a most enjoyable social evening was spent in an informal way by the reunited club members.

The president, Miss Mary Sheridan, and the vice president, Miss May Reynolds, with the five members of the advisory committee, acted as reception committee for the evening. Later cake and tea were served, and a large box of candy, the gift of Miss Mary Kane, an ex-president of the club, was enjoyed.

Announcement was made that there would be a regular business meeting of the club next Monday evening, when the revised constitution will come up for discussion, as well as other questions about the future policy of the club. An entertainment committee will be appointed at that time which will serve through the following month and have charge of the informal socials and teas in the rooms. The club has arranged to occupy new quarters it has been indicated to a number of the people of Norwich for girls' various kinds, some of money and some of fixtures for the new quarters and the prospect looks bright for a happy and helpful career in its new quarters.

Expenses of the Committee. The third resolution provoked a lively discussion, which Gilbert P. Hewitt said he had been offering to pay the whole bill of about \$130 expenses himself. The room rang with "What's the matter with Hewitt and there's a million and a half of you?" and "What's the matter with Hewitt and there's a million and a half of you?" and "What's the matter with Hewitt and there's a million and a half of you?"

Mayor Thayer Says "Stick Together." Mayor Thayer was uproariously greeted as he called upon for a speech. He responded by telling the men that he had great respect and congratulations for the work that had been done, and ever since the first Old Home week he had known of the work in Norwich which was impossible. Now that we were together it was the time to do it together. He said that he had a great respect for the men who were doing this work, and that he had a great respect for the men who were doing this work, and that he had a great respect for the men who were doing this work.

General Hill's Speech. General Hill spoke as follows: "Ten thousand men marched up a hill, but they didn't march down again. Napoleon was a great general and his army were great fighters, but I will prove to you that mine were greater. The French soldiers were men who were great fighters, but I will prove to you that mine were greater. The French soldiers were men who were great fighters, but I will prove to you that mine were greater."

Boomers Finish With a Bound. Captain General William F. Hill and his band of 100 Boomers of Norwich crossed the finish line with their bound Tuesday night at the end of their long and arduous campaign. The American Thermo Bottle company here, landing \$2,852 beyond the mark when the team captains reported at the headquarters Tuesday night. The subscriptions for the day totaled \$6,102, with an additional \$50 that had been promised by the team.

Chief Stanton's Surprise. All the scenes of enthusiasm that had prevailed each day during the week were outside in the demonstration that the crowd that packed the doors and the street outside took up the cheering, bells and mill whistles were sounded about the city. The scene was a most magnificent one, and the crowd that packed the doors and the street outside took up the cheering, bells and mill whistles were sounded about the city.

First Five Teams Put It Past \$75,000 Mark. At 6:30 Chairman James L. Case called for order and with some stirring words urged the crowd to stand aside for the first five teams had reported. As they were given one after the other in order, there were three ringing cheers for every team and captain, and when the first five teams had reported Chairman Case set the turnout again by announcing that the \$75,000 mark had been reached. He had put the figure past the \$75,000 mark, and cheers for C. P. and L. C. Roath, for whom the ball had been rung in the sign. About the afternoon a subscription of \$750.

Another Wild Burst of Cheering came in when another \$750, this time from Judge John M. Thayer, was reported by the number of the new box to be located at the new plant of the Thermo Bottle company when it is built.

Fly the Flags Today. Through a telephone suggestion received from Mrs. Rogers of Franklin street, the citizens put out their flags today in celebration of the fact that today will be Boomers' flag day in Norwich, and the citizens are ready to fly the flag today. The idea and flag Old Glory to the breeze.

Red Letter Night at Headquarters. On Tuesday night at the headquarters where the captains turned in their reports after disposing of a light lunch at 8 o'clock, for J. P. Combes presided, and that being so, the Grand Army of Boomers are discharged from further duty at the present time. His defense is that the land on which the well is situated was purchased by himself and a Mr. Mackenzie from Capt. James Luck. The plaintiff claims that the property in question is really a street and that by putting a well thereon the defendant has obstructed the right of way, preventing a passage to and from the Billings place.

The Thames Loan & Trust Co. Shetucket Street The Bank of Friendly Helpfulness.

God bless the people of this grand old town. Captains and soldiers, your general bids you farewell.

Room for More Subscribers. Chairman Case reminded the captains and teams that there was still room for any subscribers who might have been thinking of adding their names to the list and asked that none hold back because the amount was over-raised.

It was voted to leave the balance of the campaign in the hands of the executive committee.

On the suggestion of Dr. E. J. Brophy, three cheers were given for the Booming and Blooming Grove of New England.

Chairman Case reminded the men of the entertainment for Thursday night in aid of the fund to be given under Raymond Eldred's direction in the Y. M. C. A.

Team Captains Speak. The team captains were next heard from in order, the list of the evening being made in the speech of Capt. R. C. Plant, who set the crowd in a roar when he opened by referring to the modesty he felt in getting up to speak. He continued: "Now, how any man can help being an optimist, I don't know. My old friend, Pat Callahan, was talking of going to Panama, and one of his friends said, 'Pat, I would not go down there. Why, it's 180 degrees in the shade!' 'Oh, well,' said Pat, 'I needn't stay in the shade all the time!' He was a realist. The equal of the man who fell off the roof of one of the skyscrapers in Philadelphia. At every floor he went by he said, 'Turn sorry. Everything is all right, so far.' I think the thorough pessimist is the man who never gives up the choice of two evils takes them both.

We were told at a meeting held in the Thermo plant several months ago that to raise \$50,000 was an impossibility. Take, for instance, Philadelphia. They will take a finished file, make it in a second. They take 750,000 tons of steel and turn out 600,000 finished manufactured saws a year, a file a second, 20 yards of cotton cloth in a second, and an hour and a half a hat, a second, including the hatbox. In two hours and forty minutes they build the greatest locomotive in the world, and in one hour and 45 minutes the largest trolley car. But we've got something on them, at that. We can raise \$75,000, and we can raise 600, right here in Norwich, every day. Life grows sweeter every day. As you go to the bottom of the glass there are no drops in it.

Sombody said to me the other day: 'What are you working so hard for?' 'I am working for a big funeral. I want the fellows to feel sorry that I have gone.'

Captain Plant closed by suggesting that if those who were coming to New York we should be sure to take a look around and then go and get it.

What the Chinamen Gave. Another feature was presented when Captain Lowell read a letter from A. L. Potter, in which he reported \$450 subscribed by the Chinese laundries in the city, and there were three cheers for the Chinamen.

Nothing Too Big for Norwich. A keynote was struck in the words of Captain King when he said that nothing was too big for Norwich.

Each captain suggested some helpful thought or feature to push this enthusiasm to a higher point, and many men were borne with shouting when the session was over.

Votes of Thanks. The meeting concluded with final votes of thanks to many different individuals and firms, beginning with the program of the new school building, Platt-Cadden company, Wainwright house, J. P. Combes, the S. N. E. Telephone company, W. E. Canfield, Shea Burke, R. M. Powers, N. S. Gilbert & Sons, each for some particular aid which had been rendered.

Telegram Announcing Victory. The following telegram was sent to President of the Walker of the Thermo Co. and to W. H. Seeley, Boston, New England lines industrial bureau, and the N. Y. N. H. & H. R. Co.: "The Army of Industrial Boomers have won; \$75,000 completed today. Tremendous enthusiasm shown. (Signed) W. M. F. HILL, General Commander, and His Captains and One Hundred Men."

Final \$50 from Sves. The last subscription of the evening came after the meeting was all over, when a representative from the Scandinavian Sves, a sick benefit society, walked in and offered \$50 just voted at the society meeting.

PRINCIPALS' CLUB. Paper by Mr. Newton Upon Relation of the Superintendent and the School Committee. The regular meeting of the Norwich Principals' club was held Tuesday afternoon at the Broadway schoolhouse, with President Fred L. Newton presiding. In the business of the meeting the progress of the new school building system was reported as a success, over 1,000 pupils having taken advantage of the facilities offered.

The paper of the afternoon was by Principal Newton upon the Relation of the Superintendent and the School Committee. It was followed by general discussion of the topic.

RIGHT OF WAY CASE BEFORE SUPERIOR COURT. Ida K. Billings, Executrix, Sues Alexander F. Shaw—Pleasure Beach Property Involved. A dispute over a right of way occupied the attention of the superior court in New London Tuesday. The suit heard was that of Ida K. Billings, executrix, and others, vs. Alexander F. Shaw.

Mrs. Billings is executrix of the estate of the late Philip H. Billings of Hartford and sues in conjunction with trust company, which also is executrix of the estate. Attorney C. Hadali Hill represents the plaintiffs and Attorney William H. Shields and Donald G. Perkins the defendants.

The property in question is located at Pleasure Beach. The plaintiff claims obstruction and the alleged obstruction consists of a well built by Mr. Shaw on property abutting his and adjoining the Billings property.

His defense is that the land on which the well is situated was purchased by himself and a Mr. Mackenzie from Capt. James Luck. The plaintiff claims that the property in question is really a street and that by putting a well thereon the defendant has obstructed the right of way, preventing a passage to and from the Billings place.

Judge Milton A. Shumway and jury are hearing the case. This case opens the February session of the civil side. Twenty-four jurors were drawn for the session, but one, Henry Sues of Ledyard, was not summoned. The jurors hearing the case now on trial are John J. O'Sullivan, John O'Brien, New London; Charles L. Avery, George O. Miner, Latham Avery, Groton; James McKendrick, Byron J. Peckham, Silas H. Wheeler, Stonington; Edward E. Reynolds, Montville; Ernest Lamb, Ledyard; Augustus Rogers, Waterford; Albion Holmes, Lyme. The other jurors summoned for the session, but not sitting in the present case are: Alton M. Stacy, Oleya C. Jeffrey, New London; William O. Perkins, Groton; George W. Tingley, Stonington; Paul P. Ghasberron, Glas T. Loomis, Montville; H. Willis Maynard, William E. Gallup, Waterford; William H. Proctor, Frank Harris, East Lyme; Thomas B. Merrill, Old Lyme.

Tells Women How To Have Charming Hair

Enough, coarse hair is unnecessary; so is faded, dull looking hair. Dandruff and scalp itch are both caused by an accumulation of scurfy filth and can easily be gotten rid of. Dandruff germs cause falling hair and diseases of the hair and scalp, and should be destroyed.

If you have the hair troubles mentioned above The Lee & Ogden Co. will guarantee PARISIAN SAGE to end everyone of them or will refund your money.

PARISIAN SAGE is a delightful hair dressing that is being used today by many thousands of loving American women who detect uncleanliness. Large bottle, 50 cents.

creation of Labor, made an unequivocal denial of any intent to disobey the injunction of the supreme court of the District of Columbia when he took the stand today in his own defense against the charge of contempt in connection with the Dock Strike & Range Co. boycott case. His testimony was not completed and he will be a witness tomorrow.

He insisted under oath that his editorial in the American Federationist and the utterances of himself and other officials of organized labor during the campaign of 1905 were not intended to abet or aid the boycott of the company. For these alleged acts in violation of the court's order Mr. Compton was sentenced to one year, John Mitchell to nine months, and Secretary Frank Morrison to six months in the Washington jail.

INSTRUCTIONS TO MAKE NO ALLOWANCE FOR HIDES Damaging Evidence Against Beef Packers by Swift Employes.

Chicago, Feb. 6.—The government centered its attack on Swift & Co. in the packers' case, when in M. Chapin, chief of the plant accounting department of that corporation, who was on the stand most of the day, was subjected to a cross-examination by District Attorney Wilkerson and required to explain to the jury many details of the complex system used by the packers. Chapin testified that numerous letters changing the by-product allowances, which were sent by him to other employes, were signed by Chapin and dated February 15, 1907, gave instructions to discontinue making any allowance for hides in figuring the cost of beef. The letter was offered in substantiation of the government's charge that no allowance for hides was made between November 1, 1907, and April 1, 1908, by the packers. District Attorney Wilkerson pointed out that from the organization of the National Packing company, March 15, 1903, the cost of beef as figured by Swift & Co. steadily rose, while the allowances for by-products decreased.
