BANTAM TITLE STAYS WITH COULON. Frankie Burns Gives the Champion a Hard Go—The Champion Gets an Early Lead—Jersey City Boy Coming Strong in Last of Twenty Rounds.

New Orleans, Feb. 18.—Johnny Coulon of Chicago was still the bantam champion of the world at the end of his 20 round fight with Frankie Burns of Jersey City this afternoon before the West Side Athletic club. The fight was fast and clever from the first. Coulon at all times carrying the fighting to Burns' corner. Decision Not Wholly Satisfactory. He was met with such onslaught, however, that a number of Burns' supporters thought he at least should have had a draw. The arena was packed and the crowd was left to leave after Referee Harry Stout had raised Coulon's glove. The selling was deafening, but the decision stood and the crowd finally filtered through the exits. Only Knockdown in the Ninth. Coulon was credited with the only knockdown. This occurred in the first minute of the last round. The champion landed a left hook to the jaw just as Burns' foot slipped. Burns dropped but was up in an instant and fighting hard. The champion, according to the sporting writers, had nearly every round up to the 11th, when Burns gradually began forcing him to break ground. Coulon Forces in Early Rounds. The first round was devoted by both men to sparring. In the second Coulon rapped Burns repeatedly on the stomach, but got several jabs to the face and jaw in return. In the third Coulon forced Burns to the ropes, working rights and lefts to the body. Burns Good in the Fourth. The fourth found Burns doing most of the fighting with Coulon apparently being content to repeat an unimportant man in the fifth, but received stiff jabs to the stomach in exchange. In the sixth and seventh Coulon rushed his opponent, landing repeatedly on the stomach. Fierce Milling Towards the Finish. In the eighth, ninth and tenth Coulon drove Burns back to the ropes with

short arm jabs to the stomach which Burns found hard to get away from. Burns proved the cleverer at fighting in the 11th, forcing Coulon to break in the 12th neither apparently had the advantage. Burns took the 14th and 15th rounds by hard fighting in the clinches, varied by hard jabs to the face. Coulon brought blood from Burns' nose in the 16th with a left hook and Burns appeared worried. Burns had the best of the 17th and 18th, however, with right uppercuts in the clinches which made Coulon hold on. The 18th found him jabbing Coulon's face and stomach. Coulon tried hard to land on the stomach, but Burns covered cleverly in the 19th and 20th. Both were fighting hard at the end.

FINANCIAL AND COMMERCIAL. FRACTIONAL ADVANCES. Light Volume of Trading with an Upward Tendency.

New York, Feb. 18.—In the larger number of stocks trading was light in volume in the two hours of business on a movement of prices that showed, as a rule, gains as compared with the closing of the preceding day. Advances, however, were small and generally confined to fractions, prominent issues, as, for instance, Reading, Union Pacific and United States Steel, ending only slightly above Friday's last quotations. Commission houses practically did nothing for public account, while the substantial Wall street interest were not factors in the dealing, operations being made up almost entirely of the transactions of the professional element, which devoted its attention chiefly to the covering of short contracts. Among the specialties, American Cotton Oil on light dealings showed the best strength, its advance apparently being based on the expectation of improvement in the company's earnings as a consequence of the fact that the concern accumulated a large amount of cottonseed at low prices, which places it in a position to benefit from prospective expansion in the trade. Reading, Union Pacific and United States Steel supplied the bulk of business, but even in these usually active issues total sales amounted to only 4,500 shares. Steel leading in point of activity. Wall street is not looking for heavy trading in stocks in the immediate future, but the bear element appears to be confident that lower prices will develop before sustained improvement can be brought about. Stocks, however, are in strong hands, and the big men are doing nothing to encourage a campaign for cheaper prices. Fundamental conditions are sound, money is easy and likely to remain so for some time to come, the country's export trade continues to strengthen our credits abroad, and due to a large extent to day-to-day requirements, is heavy, nevertheless.

FOUR OR SIX TEAM BASEBALL LEAGUE? Dayville and Central Missing from Eastern Connecticut Meeting.

The Eastern Connecticut baseball league held its opening business meeting for the season Sunday afternoon at 2:30 o'clock at Wauregan, postponed from two weeks ago at Taftville. Three clubs—Taftville, Moseup and Wauregan—were represented. President J. B. Benoit of Taftville and Dayville were the attendees and it was voted that if they were not represented at the next meeting they should be declared out of the league. President Benoit was given authority to negotiate with other clubs that have not mentioned to make up either a six team or a four team league.

NEW COLUMBIAN LEAGUE WITH SIX CLUBS. Detroit and Cincinnati Drop Out—Season Opens About May 1.

Chicago, Feb. 18.—John T. Powers, president of the new Columbian Baseball League, announced tonight that the league will be composed of six clubs, instead of eight. Club owners held a meeting here today and decided finally to go through the season. Six clubs were represented, Detroit and Cincinnati, President Powers said, would probably not be in the organization, but Chicago, Kansas City, Indianapolis, Louisville, Milwaukee, and St. Louis would start the season. Another meeting will be held here within a week. At that time a schedule will be adopted for the season. The season will probably start about May 1 and close early in September.

NEW SPEED MARKS BY NORWEGIAN SKATER. Mathiesen Clips Seconds Off Three World's Records.

Christiania, Feb. 18.—Three new world's skating records have been made by Christy Mathiesen, the Norwegian skater. In the international competition yesterday he won the 500 metres event in 42-10 seconds, which is 2 of a second better than the record. Today Mathiesen won the 1,500 and 10,000 metres events, the former in 2 minutes 29-3 seconds, and the latter in 17 minutes 4-8 seconds. The previous record for the 1,500 metres was 2 minutes 29-4-5 seconds. The 10,000 metres record was 17 minutes 29-3-5 seconds.

PUGILISTS HOME. Three Americans Back With Laurels from European Tour.

New York, Feb. 18.—Three pugilists—Frankie Lauryer of Philadelphia, Mike Glover of Boston and Frank Moran of Pittsburgh—were arrivals tonight on the Germania from Europe, where all have been engaged in fistic affairs. Moran, a heavyweight, made known his ambition to meet Al Palmer or Carl Morris by way of showing, as he expressed it, that he was the "logical white hope" and entitled to meet Jack Johnson. He reported winning seven battles in England and France, six of them by decision.

Left for Detroit Camp. Detroit, Mich., Feb. 18.—Trainer Tutbill and Outfielder Perry of the Detroit American league baseball club left last night for Monroe, La., the Detroit training camp. Perry obtained the title from Providence of the International league, is considerably overweight, and President Navin instructed Tutbill to take him in charge. Tutbill is to be assisted by a number of arrangements for the arrival of the Detroit squad.

Probably on Dartmouth Schedule. Ithaca, N. Y., Feb. 18.—Cornell will probably play Dartmouth at football this year, and the game will take the place of the game with Chicago. An effort is being made to arrange a yearly series, the first to be played here next fall on Nov. 16. The Dartmouth home game would probably be played in Springfield, Mass. The game has not been confirmed officially.

Will Play Ponemah. The Laurel Hills answer the Ponemah players' claim that they will play them at the first convenient date that can be arranged.

HARDEST PITCHER TO HIT. Ty Cobb Finds Ed Walsh the Toughest Ed Propositon.

At the pinnacle of his fame as a batter, Ty Cobb said certainly he is able to speak with some authority on the difficulties the batsman experiences in facing different types of pitchers. This he does in the current number of the Baseball Magazine when he answers three questions among others: Who is the hardest pitcher to hit? I can only say that this depends altogether on the batter. In my own case I am free to admit that I have found Ed Walsh of the White Sox about the toughest proposition in the line of pitchers. The late Eddie Joss was always a puzzle to me, and I have a wholehearted respect for Walter Johnson of the Washington team.

It is said that more than 2,000 horses have died in Kentucky this winter of a disease termed pellagra, caused by feeding the animals on unsound corn.

Jack Sheridan, veteran American league umpire, is spending the winter in San Francisco. "I see by the papers that the American league has voted to pension me and give me a medal to wear on my breast," said Sheridan recently. "But I guess when the bell rings I'll be back in harness. Ben Johnson will need me when the fight grows hot."
