ARRESTED AT PACHAUG AS A DESERTER
Eusebe Benoit Will be Taken to Fort Wright Today by Deputy Sheriff Stanton.
Learning that a deserter was believed to be on the farm of James Blanchette at Pachaug, Deputy Sheriff Stanton, with Constable George N. Woods, and Attorney H. J. Torres went there Saturday and arrested Eusebe Benoit, aged 26, charged with deserting the United States army. The man was found, so much so that he could not walk, and was taken to the house of the deserter, although it was known that Blanchette's son, and the deserter, had been in the army for some time. Mr. Blanchette claimed that Benoit came to the house looking for work and needing a man to help him. When the officers were sent to the house, they found a barn, but made no effort to raid. He was brought here after an effort to turn him over to the authorities at Fort Trumbull was made without success, and this morning Sheriff Stanton will take him from police station to Fort Wright, leaving here on the 5:15 car.
Benoit enlisted October 21, 1911, giving Central Village as his home. He had been in the army for some time, and was born in Mooseport. He went home after his desertion and said he was on a furlough. He had some money to return to his home, but when he came back to Pachaug, he didn't like the life at Fort Greble. There was a reward of \$50 for his return.

OBSERVANCE OF ERICSSON DAY
Scandinavian Society Gave a Banquet at Buckingham Memorial—Addresses by Judge N. J. Ayling and Gen. W. A. Aiken.
Loyal to the memory of John Ericsson, the Scandinavian Political club commemorated the 50th anniversary of the battle between the Monitor and the Merrimack with a banquet and addresses Saturday evening at the Buckingham Memorial. Covers were laid for 110 and among those who attended were several of the prominent Swedish residents of New London and Wilburham.
Mingling with the cheers during the evening for Ericsson, the inventor of the Monitor, were cheers alike for Robert Amundsen, the hero of the Swedish people, whose discovery of the South Pole has just been announced, bringing him world-wide honors.
Flags of Both Nations.
American and Swedish flags were used at the reception. The walls of the banquet room, and the tables were prettily decorated with bouquets of carnations. Full orchestra was in attendance during the evening, rendering the Swedish waltzes.
In 1841 he was engaged and built the screw propelling ship of the Princeton, and thereby Ericsson placed the United States at the head of naval powers in the application of steam power to warships. This ship had many of Ericsson's ideas incorporated in its construction and was years in advance of any other such vessel of the world.
The fact that the state hospital commission is considering the changes in its construction and the foundation of steam marine of the world.

The man was found, so much so that he could not walk, and was taken to the house of the deserter, although it was known that Blanchette's son, and the deserter, had been in the army for some time. Mr. Blanchette claimed that Benoit came to the house looking for work and needing a man to help him. When the officers were sent to the house, they found a barn, but made no effort to raid. He was brought here after an effort to turn him over to the authorities at Fort Trumbull was made without success, and this morning Sheriff Stanton will take him from police station to Fort Wright, leaving here on the 5:15 car.
Benoit enlisted October 21, 1911, giving Central Village as his home. He had been in the army for some time, and was born in Mooseport. He went home after his desertion and said he was on a furlough. He had some money to return to his home, but when he came back to Pachaug, he didn't like the life at Fort Greble. There was a reward of \$50 for his return.

Get Rid of It!
There is one sure way to banish catarrh and along with it the disgusting symptoms such as hawking, snuffing and spitting.

HYOMEL is pure antiseptic air. It does not contain morphine, cocaine or other habit forming drugs. It is made from Australian eucalyptus and other antiseptics, and it is rigidly guaranteed for catarrh, asthma, croup, bronchitis, coughs and colds. (Give a little out for a better) 10c.
