the famous free trader, once told a friend, "If I had left my money in the Savings Bank I would be worth a great deal more."

Evidently he made some investments that did not turn out profitably. Thousands upon thousands have had the same experience. Mr. Wells probably had an acquaintance with as many men of affairs in his day as any citizen of the country, so if he would have been "worth a great deal more," isn't it a good plan for you to leave your money in the savings bank.

BOY HAS SMALLPOX.

Sixth Case Quarantined—Mayor Dunn Wants Expert Brought to Make Sure Disease is as Pronounced. Monday, the sixth case of smallpox was quarantined by the city health officer, Dr. W. P. S. Keating. The latest patient is the five year old son of Joseph Hardfield, who resides off from Valley street, near St. Mary's church. There are six children in the family and they reside in a two tenement house that adjoins St. Mary's school. Dr. C. H. Girard reported the case to Dr. Keating Sunday evening at a special meeting. Monday morning, following investigation, Dr. Keating felt that the child had been ill ten days and that the case was well developed.

The various cases in the city and pronounced smallpox by Dr. Keating, notwithstanding reports to the contrary. He has had a wide experience with the disease and feels that he knows the disease when he sees it.

Monday afternoon the board of selectmen, Mayor D. P. Dunn, County Health Officer George E. Hiram, City Health Officer Dr. W. P. S. Keating and Town Counsel Thomas J. Kelley and Chief E. H. Richmond held a meeting in the rooms of the board of selectmen, discussed the situation and talked over plans for the safeguarding of the public against the spread of the disease. Mayor Dunn suggested that an expert be brought here to pass upon the cases so that the public mind would be satisfied. Town Counsel Kelley believed in some sort of a detention hospital or pest houses where all the cases might be treated under cover of roof to better advantage. Dr. Keating was in perfect accord with the various suggestions and willing to have an expert come and a pest house provided. The matter will be given careful and speedy attention.

Arnold to keep away from drink under penalty of serving a sentence of thirty days in jail, was arrested again Saturday evening. At the time of his arrest he was cutting up in a Railroad street restaurant and tore a customer's shirt and incidentally got some blood on himself before he was corralled by Officer John J. Manley. A fine of money to the effect that Sullivan could not stop drinking, as he would drink at every opportunity afforded. Try This Home-Made Cough Remedy

Costs Little, But Does the Work. Quickly, or Money Refunded. Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (dilly seeds) worth in a pint bottle, then add the Sugar Syrup. Take a teaspoonful every one, two or three hours. You will find that this simple remedy takes hold of a cough more quickly than anything else you ever used. Usually ends a deep seated cough inside of 24 hours. Splendid, too, for whooping cough, croup, chest pains, bronchitis and other throat troubles. It stimulates the appetite and is slightly laxative, which helps end a cough. This recipe makes more and better cough syrup than you could buy ready made for \$2.50. It keeps perfectly and tastes pleasantly.

Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in quaiacol and all the natural pine elements which are so healing to the membranes. Other preparations will not work in this formula. This plan of making cough syrup with Pinex and sugar syrup (or strained honey) has proven so popular throughout the United States and Canada that it is often imitated. But the old, successful formula has never been equaled. A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

LOTS OF SOFT, FLUFFY, LUSTROUS HAIR AND NEVER ANY DANDRUFF

You can double the beauty of your hair in ten minutes with a little Danderine

When you see a head of heavy hair, that glistens with beauty and is radiant with life, has an incomparable softness and is fluffy and lustrous, you can at once conclude that this man or woman is using Danderine, because nothing else accomplishes so much for the hair.

Just one application of Knowlton's Danderine will double the beauty of your hair, besides it immediately destroys and dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff.

This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fall out, loosen and die, then the hair falls out fast. If your hair has been neglected and is thin, faded, dry, scraggy or too oily, don't hesitate, but get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed, and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now? A 25-cent bottle will truly amaze you.
