EUGENE CAMPBELL MISSING.

Sixteen-Year-Old North Windham Boy Has Disappeared—Had \$20 Saturday Morning.

Mr. and Mrs. Frank Campbell of North Windham are greatly worried over the unaccountable disappearance of their son Eugene, aged 16, who has not been seen by them since early Saturday morning. The boy, who works for E. H. Hall & Son at North Windham, received his monthly pay and came to Willimantic Saturday with his clothing under his arm and was supposed to go to St. Helena, old and take his weekly lesson as has been his habit for some time. He did not go near Mr. Holmwood, but left the village by Miller's store about 11 o'clock and in said to have been seen going off up Main street. Mr. Campbell went to meet his boy at James C. Small's blacksmith shop on Church street early in the afternoon, but the lad failed to show up. The patient father waited until 5 o'clock, but the boy did not tell in an appearance. The father was greatly worried and notified Chief E. H. Richmond of the facts in the case.

Chief Richmond learned that the boy had seen in his possession when he came to the city, but so far has been unable to locate him, although he does not suspect any foul play, which has been indicated by the relatives of the lad. The chief is of the opinion that the boy may have gone off to Detroit, Mich. with some people, a family named Boyler, who has lived in North Windham for the past three or four years and left for the Michigan city Sunday morning. When the family left the local station Sunday morning the Campbell boy was not with them, but he may have gone ahead and met them further up the road. The Boyler-Larrow people denied all knowledge of Campbell's intent to go with them, and Larrow is a cousin of young Campbell. Larrow married one of the Boyler girls.

People in North Windham stated Sunday that the Boylers and the Larrows had endeavored to induce a number of the young people in the village to go to Detroit with them, but without success. It was learned Sunday afternoon that young Campbell purchased a Harrington-Richardson 35-caliber automatic revolver at the Jordan Hardware company in this city at 11.30 o'clock Saturday forenoon. At the same time he bought a box of cartridges.

Mr. Campbell called on Chief Richmond early Sunday morning, but the chief did not have any news of the whereabouts of his son to give him. Chief Richmond said Sunday afternoon he believed there was no chance for alarm and that the lad had decided to take a trip somewhere. He is interested in machinery and is a bright young chap. At present he is enrolled as a student in a mechanical course with a correspondence school.

Don't rub the life out of your clothes

Sprinkle a little Gold Dust in the water, and let the Gold Dust Twins do all the hard part of the task. Gold Dust starts to dissolve and lather the moment it strikes the water; it starts to cleanse the moment it comes in contact with the garment. It instantly softens the hardest water, saves rubbing, saves wear and tear on clothes, and does most of the work without your assistance. Use Gold Dust next wash day, and have whiter, sweeter, cleaner clothes, with half the effort and in half the time.

Gold Dust is sold in 5c size and large packages. The large package means greater economy.

Her joints were all stiffened and swollen, and she had previously tried everything for rheumatism she had ever heard of. George M. Klose, 122 Warren Ave., Saginaw, Mich., July 27, 1911.

ASCARETS INSURE

Inside Cleanliness

The Millions of Cascart Users Never Have Headache, Constipation, Bilioussness or Sick Stomach.

It is most necessary that you keep your Bowels, Liver and Stomach clean, pure and fresh than it is to keep the sewers and drainage of a large city free from obstruction.

Are you keeping clean inside with Cascart—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important. Cascart immediately cleanses and regulates the stomach, removes the sour, undigested and fermenting food and foul gases; takes the excess bile from the liver and carry out of the system the decomposed waste matter and poison in the intestines and bowels.

No odds how badly and upset you feel, a Cascart tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your entire family feeling good for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

Present every day: Joseph Driscoll. Grade seven, Mary M. Brown, teacher—Registered, 37; average attendance, 36. Not absent or tardy; 14.
