HIGHER TAX RATE

Advocated by Warden Frank P. Warren in Annual Report—5-1-2 Mills Not Sufficient.

That an increase in the borough tax rate would be advisable, is the opinion expressed by Warden Frank P. Warren in his annual report as head of the borough government. "At your last annual meeting," says the warden in his report, "a strong effort was made to increase your rate of taxation from a 5-1-2 to a 6-1-2 mill tax. After a lengthy discussion pro and con it was voted to adhere to the old rate of 5-1-2 mills. The affairs of your borough during the past year have been managed by your court of burgesses through committees composed of successful business men, who have proved

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by J. C. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken into your system in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

to separate a boy from a box of Bucklen's Arnica Salve. His pimples, boils, scratches, knocks, sprains and bruises demand it, and its quick relief for burns, scalds, or cuts is his right. Keep it handy for boys, also girls. Heals everything healable and does it quick, unequalled for piles. Only 25 cents at Lee & Osgood Co.

Mrs. Chas. Jackman, Merrill St., Newburyport, Mass., credits her recovery to the use of Foley's Honey and Tar Compound. She says "I used to have hemorrhages of the lungs and feared I was going to have tuberculosis. I took several bottles of Foley's Honey and Tar Compound and today I am a well strong woman and have not a sign of tuberculosis. I always keep Foley's Honey and Tar Compound in the house and it keeps the whole family free from colds." Lee & Osgood Co.

their capability by successfully managing their own affairs.

In spite of their careful and painstaking efforts, we find the treasurer's report showing that for the year ending April 1, 1912, the debt is \$48,444.65, an increase of \$3,429.92. Had the Melchior street sewer been completed, as per contract, it still would have increased our indebtedness \$522.40, or a net increase of \$4,352.32.

We seem to have lost sight of the fact that our interest account is approximately \$4,400. This with our plan of yearly sewer extension, paid partially boroughwise, seems to call for an increased rate of taxation. It is a matter of conjecture how long we shall mistakenly continue to raise a tax insufficient to meet our fixed charges and necessary expenses.

Relative to the effort made for a revision of Danielson's charter during his administration, Warden Warren says: "It is to be regretted that we have not revised the borough charter, which dates from 1854, and the provisions of which are antiquated and entirely insufficient for a larger and more prosperous borough. Much credit is due the court of burgesses and a special committee for their earnest efforts in this direction."

The warden's report also contains reference to the excellent showing made by the local fire department at the muster held in Putnam in October last.

Treasurer's Report.

A summary of the report of Borough Treasurer Wesley Wilson is as follows:

Receipts, including \$10,273.96 from taxes; \$1,000 in bonds and \$1,520 from sewer assessments, \$12,823.92.

Expenditures—Paid library appropriation, \$1,617.45; water department, \$1,901.45; light department, \$2,108.50; fire department, \$2,574.63; police department, \$261.28; sewer department, \$2,287.54; park department, \$371.39; health department, \$35.74; borough farm, \$60.86; street signs, \$44.20; notes and interest, \$5,927.76; borough hall, \$54.13; miscellaneous, \$1,929.31; balance cash on hand, \$1,323.24. Total, \$21,285.69.

Health Officer's Summary.

Dr. W. H. Judson, as health officer, reports that during the past year he has looked after two cases of diphtheria and three cases of scarlet fever, and that he has been summoned on a false alarm to two or three other places for the same cause. He also reports having disinfected three houses where tubular patients have died, and one place where a pneumonia patient died, with undesirable surroundings. Nine nuisances were reported to and attended to by the health officer.

Report of Librarian.

Miss Evelyn H. Curtis, librarian, shows in the 20th annual report of the free public library that there has been a satisfactory gain in all departments of the institution. The reading room has been constantly occupied; the reference room used and appreciated more each year. The circulating department has loaned 27,598 books for home use, 1,757 more than last year. The circulation of an average of two French books a day. Miss Curtis reports, in an average of nearly 50 per cent. over former years. The report also contains acknowledgment of various gifts to the library during the past year.

Fire Chief Reports.

In his tenth annual report as chief of the fire department, A. P. Woodward gives an account of the activities of the firemen in protecting life and property during the past year, the report being chiefly statistical. Included in it is a list of the apparatus and equipment in possession of the department, and mention is made of the old Minter street hand engine, which was sold to the borough by H. C. Atwood. During the year there were nine alarms for fire to which the department responded, the total losses not exceeding \$1,996. Chief Woodward also makes announcement that the central station will be open from 4 to 8 p. m. on election day for the inspection of the public.

In addition to the above reports, the various committees of the court of burgesses have filed reports covering their activities in various departments of the borough since the last annual borough meeting.

BAPTIST ROLL CALL

Attended by 120 Tuesday Evening—Annual Meeting Follows.

About 120 persons came out in the storm of Tuesday evening to attend the annual meeting and roll call of the Baptist church. The reports of the officers showed that the church has passed through a year of success. All the church debts are paid and there is a balance of about \$50 in the treasury. The various societies have been active and the reports of their officers show that much has been achieved.

Frank T. Preston presided at the meeting, which elected these officers: Trustees, Frank T. Preston, E. H. Hammett, John W. Gallup, clerk, W. J. Craig, treasurer, Walter J. Dixon; Guacora, Frank T. Preston, E. H. Hammett, Wilfred L'Heureaux, W. J. Craig, Clifford H. Starkweather; superintendent of Sunday school, Clifford H. Starkweather.

PUTNAM

City Had Only Three Arrests During March—Petition in Favor of Fireproof Vaults for Records—E. C. Rogers Buys Putnam Inn—Eugene Bonneville Not Improving.

Announcement was made Wednesday of the sale to Whipple & Gilpatrick of a portion of the business of John O. Fox & Co.

An important special meeting of the common council is called for a special session in April to consider the layout of streets. At the regular monthly meeting of the council, held Tuesday evening, it was voted to increase the pay of City Janitor Albert Light to \$200 a year. This amount previously paid was \$190.

Only Three Arrests During March.

The police report for March shows that only three arrests were made in this city during that period, none of the arrests being for a serious offense. The total number of arrests in Putnam during the months of February and March was only 8.

Eighteen Years as Treasurer.

Charles Arnold has completed a record of eighteen years of continuous service as treasurer of the Baptist church of this city. Mr. Arnold has declined re-election to the office, feeling that he has earned the privilege of retiring. The church has passed a vote of thanks to Mr. Arnold for his services. He is succeeded by John A. Dudy.

Dogs Kept Out of Sight.

There was a surprisingly small number of dogs at liberty in Putnam Wednesday, the first day on which the order to muzzle or confine became effective. The absence of the dogs was due principally to the fact that only a few owners have procured muzzles, yet, so the animals were being kept confined.

FIREPROOF VAULTS

Deemed a Necessity to Safeguard Public Records.

A petition is in circulation and being generally signed for a special town meeting, to see if the electors will vote an appropriation to meet the expense of installing vaults in the new town and city hall for the safe keeping of the town and city records.

SHOES FOR SPRING

Shoe fashions are most important and a disregard of their selection may mar the most effective costume.

In "Queen Quality" you always find the mode of the moment. This season there should be related touches between the various details of your costume. This gives full sway to the tendency towards the novel effects in colors and materials that characterize the new "Queen Quality" models.

In addition to the usual Tan, Black, and White, the diversity of color represented in the new "Queen Quality" styles is particularly pleasing, especially when the ideas are carried out with such good taste and judgment.

"Queen Quality" is always in the vanguard on style matters and this, coupled with their extreme flexibility and fine fit, insures to the wearer not only elegance of line, but ease from the first moment worn.

If you wish to see styles that are different from those shown elsewhere, shoes that represent your own idea of what fashionable footwear should be, a splendid assortment in all the newest patterns, leathers and fabrics, you should see our Spring showing of "Queen Quality."

We want you to see them at once. Why not to-day?

The Geo. W. Kies Co.

The agitation for the vault follows the discovery that some of the city court records were not properly protected in the courtroom recently vacated. It was said Wednesday that the fact that no proper place to keep the city court records was provided had been called to the attention of the common council more than two years ago, but no action had been taken on the matter.

BUYS THE INN.

E. C. Rogers Becomes Owner of Property Leased Since 1905.

E. C. Rogers, proprietor of the Putnam Inn, has purchased the hotel building from Mrs. Ellen M. Bugbee. The transfer of the property took place April 1. In Mr. Rogers' purchase is included the Quinsigamond houses, so-called, in the rear of the inn, and also four tenements nearby. Mr. Rogers has had a lease of the hotel since April 8, 1905.

WEDDING.

Danns-Phetteplace.

William T. Danns, 52, a carpenter, of Brookfield, Mass., and Miss Nellie L. Phetteplace, a teacher in the public schools of New York city, were

recently married in Putnam by Rev. Wm. J. Perry. They are another couple to be added to the rapidly growing list of out of town people who have come here to be married, since the Massachusetts law requiring that a five days' notice of intent to marry went into effect the first of the year.

Bride-Elect Coming from England.

Miss Sarah Jackson of Hyde, England, is on the ocean, en route to Boston, whence she will come to this city to be married on April 12 to James Davenport, a signal man in the employ of the New York, New Haven & Hartford Railroad Co. in Putnam. Miss Jackson is a passenger on the Clyde River Traconia, due to arrive in Boston April 17.

EUGENE BONNEVILLE

Undergoes Another Skin-Grafting Operation—Does Not Recover Rapidly.

Eugene Bonneville, who has undergone several skin-grafting operations in an effort to heal his back and arms from the terrible burns that he received when a lamp exploded at his home and set his clothing afire one Sunday night last fall, is not progressing toward recovery as rapidly as it was indicated he would a few weeks

ago. He has recently submitted to an operation similar to the previous ones. He has been a patient in a Worcester hospital many weeks.

Addition to Foundry and Machine Plant.

It was stated here Wednesday that plans have been drawn for an addition to the plant of the Putnam Foundry & Machine Co., and that the contract for its erection will be let in a short time. The foundry company has had a successful business during the past few years and the announcement of plans to increase the size of the place is another indication of the prosperity it is enjoying.

Holiday Schedule.

Banks will be closed in Putnam tomorrow, Good Friday, and the post-office will be open only holiday hours, as follows: Open from 6:30 a. m. to 12 m. and from 5:30 to 7. The city carriers will make morning collections and deliveries. The rural carriers will cover their routes as usual. The money order and postal savings divisions will be closed.

Crawford Ranges

Any iron worker can make a box with a fire in one end and call it a cooking stove.

It may in outward appearance impress you favorably—and—if you want a cooking stove merely to look at it may be satisfactory.

But—if you want a cooking stove that will cook your food perfectly, that banishes toil and trouble, that is so easy to manage and so sure in results that cooking becomes a joy—its name is Crawford.
